Filing Information

As a courtesy, we are making information related to Sunset proceedings, including copies of the Department’s regulations regarding Sunset Reviews (19 CFR 351.218) and *Sunset Policy Bulletin*, the Department’s schedule of Sunset Reviews, case history information (i.e., previous margins, duty absorption determinations, scope language, import volumes), and service lists available to the public on the Department’s sunset Internet Website at the following address: <http://ia.ita.doc.gov/sunset/>. All submissions in these Sunset Reviews must be filed in accordance with the Department’s regulations regarding format, translation, service, and certification of documents. These rules can be found at 19 CFR 351.303.

Pursuant to 19 CFR 351.103(c), the Department will maintain and make available a service list for these proceedings. To facilitate the timely preparation of the service list(s), it is requested that those seeking recognition as interested parties to a proceeding contact the Department in writing within 10 days of the publication of the Notice of Initiation.

Because deadlines in Sunset Reviews can be very short, we urge interested parties to apply for access to proprietary information under administrative protective order (“APO”) immediately following publication in the *Federal Register* of the notice of initiation of the sunset review. The Department’s regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304–306.

The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(ii). In accordance with the Department’s regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the orders without further review.

See 19 CFR 351.218(d)(1)(iii).

If we receive an order-specific notice of intent to participate from a domestic interested party, the Department’s regulations provide that *all parties* wishing to participate in the Sunset Review must file complete substantive responses not later than 30 days after the date of publication in the *Federal Register* of this notice of initiation. The required contents of a substantive response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Oil Country Tubular Goods from Italy: Extension of Time Limit for Final Results of Expedited Five-year (Sunset) Review of Countervailing Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: October 2, 2006.

SUMMARY: The Department of Commerce (“the Department”) is extending the time limit for its final results in the expedited sunset review of the countervailing duty (CVD) order on oil country tubular goods (OCTG) from Italy. As a result of this extension, the Department intends to issue the final

insufficient. This requirement was retained in the final sunset regulations at 19 CFR 351.218(d)(4). As provided in 19 CFR 351.302(b), however, the Department will consider individual requests for extension of that five-day deadline based upon a showing of good cause.

results of the sunset review no later than December 19, 2005.

FOR FURTHER INFORMATION CONTACT: Jun Jack Zhao or Sean Carey, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1396 or (202) 482-3964, respectively.

SUPPLEMENTARY INFORMATION:

Extension of Final Results:

On June 1, 2006, the Department of Commerce (the Department) published, in the **Federal Register**, the notice of initiation of the second five-year sunset review of the countervailing duty order on OCTG from Italy, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). *See Initiation of Five-year ("Sunset") Reviews*, 71 FR 31153 (June 1, 2006). On July 21, 2006, the Department determined that the substantive responses filed by the Government of Italy (GOI), the European Union/Delegation of the European Commission (EU) and Dalmine S.p.A. (Dalmine) were inadequate and that this sunset review would be conducted on an expedited basis. *See* July 21, 2006 memo from the sunset team to Stephen J. Claeys, through Barbara E. Tillman, *Adequacy Determination: Sunset Review of the Countervailing Duty Order on Oil Country Tubular Goods from Italy (Second Review)*. This memorandum is on file in the Central Records Unit, room B-099 of the main Commerce building. The Department's final results of this review were scheduled for September 29, 2006; however, the Department needs additional time to make its final determination.

In accordance with section 751(c)(5)(B) of the Act, the Department may extend the period of time for making its final determination in a sunset review by not more than 90 days, if it determines that the review is extraordinarily complicated. The Department needs additional time to consider issues related to whether a countervailable subsidy is likely to continue or recur if the order is revoked. Specifically, the Department has determined that it is necessary to verify certain of the information provided by respondents in this review. Therefore, the Department will extend the deadline in this proceeding, and, as a result, intends to issue the final results of the sunset review of the countervailing duty order on OCTG from Italy, no later than December 19, 2006, an additional 81

days from the date of initiation of this review.

This notice is issued and published in accordance with sections 751(c)(5)(B) and (C) of the Act.

Dated: September 26, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.
