

States within a reasonably foreseeable time.³

Scope of the Order

The merchandise covered by this order is furfuryl alcohol (C₄H₃OCH₂OH). Furfuryl alcohol is a primary alcohol, and is colorless or pale yellow in appearance. It is used in the manufacture of resins and as a wetting agent and solvent for coating resins, nitrocellulose, cellulose acetate, and other soluble dyes.

The product subject to this order is classifiable under subheading 2932.13.00 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope of this proceeding is dispositive.

Determination

As a result of the determinations by the Department and the ITC that revocation of this antidumping duty order would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty order on furfuryl alcohol from the PRC.

U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of continuation of this order will be the date of publication in the **Federal Register** of this Notice of Continuation. Pursuant to section 751(c)(2) and 751(c)(6)(A) of the Act, the Department intends to initiate the next five-year review of this order not later than September 2011.

This five-year (sunset) review and this notice are in accordance with section 751(c) of the Act. This notice is published pursuant to 751(c) and 771(i) of the Act and 19 CFR 351.218(f)(4).

Dated: October 2, 2006.

Notice of Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review: Certain Hot-Rolled Carbon Steel Flat Products From Thailand

AGENCY: Import Administration, International Trade Administration, Commerce.

DATES: *Effective Date:* October 6, 2006.

FOR FURTHER INFORMATION CONTACT: Stephen Bailey, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0193.

SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce (the Department) received timely requests for administrative review of the antidumping duty order on certain hot-rolled carbon steel flat products (hot-rolled steel) from Thailand, with respect to Sahaviriya Steel Industries Public Company Limited (SSI) on November 30, 2005, from domestic producer Nucor Corporation (Nucor). Also on November 30, 2005, the Department received a request for administrative review of the same order for SSI, Nakornthai Strip Mill Public Co., Ltd. (NSM), and G Steel Public Company Limited (G Steel) from petitioner United States Steel Corporation (petitioner). On December 22, 2005, the Department published a notice of initiation of this administrative review for the period of November 1, 2004, through October 31, 2005. See *Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 70 FR 76024 (December 22, 2005).

On January 13, 2006, G Steel submitted a no-shipments letter to the Department in which it claimed it did not have sales, shipments, or entries of subject merchandise to the United States during the current period of review (*i.e.*, November 1, 2004 through October 31, 2005).

On March 22, 2006, both Nucor and petitioner submitted letters withdrawing their requests for administrative review of the above-referenced antidumping duty order with respect to SSI. Accordingly, on April 28, 2006, the Department rescinded this review with respect to SSI. See *Partial Rescission of Antidumping Duty Administrative*

Review: Certain Hot-Rolled Carbon Steel Flat Products from Thailand, 71 FR 25148 (April 28, 2006).

On August 2, 2006, the Department extended the preliminary results of administrative review by 60 days to October 2, 2006. See *Notice of Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review: Certain Hot-Rolled Carbon Steel Flat Products From Thailand*, 71 FR 44019 (August 3, 2006).

Extension of Time Limits for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), the Department shall issue preliminary results in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it determines it is not practicable to complete the review within the foregoing time period.

On September 14, 2006, petitioner submitted a request for the Department to rescind the current administrative review with respect to NSM, and on September 15, 2006, NSM submitted comments rebutting petitioner's request. Due to the Department's ongoing analysis of the comments received from both parties, and in light of the complexity of analyzing NSM's sales and cost data and the control number reporting methodology for various products, it is not practicable to complete this review by the current 60-day extended deadline of October 2, 2006. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time limit for the preliminary results by 30 days until October 31, 2006.¹ The final results continue to be due 120 days after the publication of the preliminary results, in accordance with section 351.213(h) of the Department's regulations.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: October 2, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.
