

modification of the boundary of the North Carolina/Virginia area monkfish fishery. Following the completion of the Framework 4 business, the Committee will discuss and make recommendations to the Councils on possible adjustment to the monkfish incidental catch limit on scallop vessels fishing in the scallop closed area access programs. The Committee will also review comments and recommendations of the Advisory Panel on the development of a monkfish DAS leasing program.

Although non-emergency issues not contained in this agenda may come before these groups for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.
