

receive the Pinnacle Advance initiative (pending funding availability) are: USMC Reserve, NAVY Reserve, Coast Guard Reserve, Air National Guard, and the Air Force Reserve Command.

- Mr. Havenstein, Ms. Naylor—It is important that unit commanders develop a partnership with employers. Relationship building may help with the angst of the unpredictability of some deployments. Perhaps this initiative should be considered for all of NCESGR programs, so that we can figure out how to best support it. Although the unit commander's primary responsibility is to ensure their units are combat ready, there still needs to be a directive or mandatory training requirement that includes employer support. We should solicit support and participation from employers and unit commanders to help move the initiative forward.

Closing Comments from Chairman Janes:

Today's meeting did not have a quorum due to the last minute cancellations of three individuals. All items discussed today that had possible taskers will be brought up at the next meeting with a quorum and will then be assigned as official taskers. Additionally, the agenda for the next meeting will be structured to enable those absent to present their slide materials.

Next meeting for the DAB is scheduled for February 2007.

Dated: October 5, 2006.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, DoD.

Privacy Act of 1974; Computer Matching Program

AGENCY: Defense Manpower Data Center, Defense Logistics Agency, DoD.

ACTION: Notice of a Computer Matching Agreement.

SUMMARY: Subsection (e)(12) of the Privacy Act of 1974, as amended (5 U.S.C. 552a), requires agencies to publish advanced notice of any proposed or revised computer matching program by the matching agency for public comment. The DoD, as the matching agency under the Privacy Act is hereby giving notice to the record subjects of computer matching program

between VA and DoD that their records are being matched by computer. The purpose is to verify eligibility for the DoD/USCG members of the Reserve forces who receive VA disability compensation or pension to also receive military pay and allowances when performing reserve duty.

DATES: This proposed action will become effective November 13, 2006 and the computer matching will proceed accordingly without further notice, unless comments are received which would result in a contrary determination or if the Office of Management and Budget or Congress objects thereto. Any public comment must be received before the effective date.

ADDRESSES: Any interested party may submit written comments to the Director, Defense Privacy Office, 1901 South Bell Street, Suite 920, Arlington, VA 22202-4512.

FOR FURTHER INFORMATION CONTACT: Mr. Vahan Moushegian, Jr. at (703) 607-2943.

SUPPLEMENTARY INFORMATION: Pursuant to subsection (o) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a), the DMDC and VA have concluded an agreement to conduct a computer matching program between the agencies. The purpose of the match is to verify eligibility for the DoD/USCG members of the Reserve forces who receive VA disability compensation or pension to also receive military pay and allowances when performing reserve duty.

The parties to this agreement have determined that a computer matching program is the most efficient, expeditious, and effective means of obtaining and processing the information needed by the VA to identify those individuals who are receiving both VA compensation and DoD/USCG payments for those periods when they are performing Reserve duty. By law, the individual must waive his or her entitlement to VA disability compensation or pension if he or she desires to receive DoD/USCG pay and allowances for the period of duty performed. This matching agreement will result in an accurate reconciliation of such payments by permitting the VA to determine which individuals are being paid by DoD/USCG for duty performed and are being paid VA disability compensation or pension benefit for the same period of time without a waiver on file with the VA. If this reconciliation is not done by computer matching, but is done mutually, the cost would be prohibitive and most dual payments would not be detected.

A copy of the computer matching agreement between VA and DoD is available upon request. Requests should be submitted to the address caption above or to the Department of Veterans Affairs, Veterans Benefit Administration, 810 Vermont Avenue, NW., Washington, DC 20420.

Set forth below is the notice of the establishment of a computer matching program required by paragraph 6.c. of the Office of Management and Budget Guidelines on computer matching published on June 19, 1989, at 54 FR 25818.

The matching agreement, as required by 5 U.S.C. 552a(r) of the Privacy Act, and an advance copy of this notice was submitted on October 2, 2006, to the House Committee on Government Reform, the Senate Committee on Homeland Security and Governmental Affairs, and the Administrator of the Office of Management and Budget pursuant to paragraph 4d of Appendix I to OMB Circular No. A-130, Federal Agency Responsibilities for Maintaining Records about Individuals', dated February 8, 1996 (February 20, 1996, 61 FR 6427).

Dated: October 5, 2006.

C.R. Choate,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

NOTICE OF A COMPUTER MATCHING PROGRAM BETWEEN THE DEPARTMENT OF VETERANS AFFAIRS AND THE DEPARTMENT OF DEFENSE FOR RESERVE PAY RECONCILIATION

A. PARTICIPATING AGENCIES:

Participants in this computer matching program are the Department of Veterans Affairs (VA) and the Defense Manpower Data Center (DMC) of the Department of Defense (DoD). The VA is the source agency, *i.e.*, the activity disclosing the records for the purpose of the match. The DMC is the specific recipient activity or matching agency, *i.e.*, the agency that actually performs the computer matching.

B. PURPOSE OF THE MATCH:

The purpose of this agreement is to verify eligibility for DoD/USCG members of the Reserve forces who receive VA disability compensation or pension to also receive military pay and allowance when performing reserve duty.

C. AUTHORITY FOR CONDUCTING THE MATCH:

The legal authority for conducting the matching program is 38 U.S.C. 5304(c) which provides that VA disability compensation or pension based upon his or her previous military service shall not be paid to a person for any period

for which such person receives active service pay. 10 U.S.C. 12316 further provides that a reservist who is entitled to disability payments due to his or her earlier military service and who performs duty for which he or she is entitled to DoD/USCG compensation may elect to receive for that duty either the disability payments or, if he or she waives such payments, the DoD/USCG compensation for the duty performed.

D. RECORDS TO BE MATCHED:

The systems of records maintained by the respective agencies under the Privacy Act of 1974, as amended, 5 U.S.C. 552a, from which records will be disclosed for the purpose of this computer match are as follows:

1. The DMDC will use the system of records identified as S322.10 DMDC, entitled "Defense Manpower Data Center Data Base," last published June 9, 2004, at 69 FR 31947, as amended on November 16, 2004, 69 FR 67117.

2. The VA will use the system of records identified as "VA Compensation, Pension and Education and Rehabilitation Records—VA (58 VA 21/22)," first published at 41 FR 9294 (March 3, 1976), and last amended at 70 FR 34186 (June 13, 2005), with other amendments as cited therein.

E. DESCRIPTION OF COMPUTER MATCHING PROGRAM:

Annually, VA will submit to DMDC an electronic file of all VA pension and disability compensation beneficiaries as of the end of September. Upon receipt of the electronic file, DMDC will match this file by SSN with a file of days drilled as submitted to DMDC by the military services and the USCG. Upon a SSN match, or a "hit," of both files, DMDC will provide VA the individual's name and other identifying data, to include the number of days drilled, by Fiscal Year, for each matched record.

The hits will be furnished to VA which will be responsible for verifying and determining that the data in the DMDC electronic file is consistent with the VA files and for resolving any discrepancies or inconsistencies on an individual basis. VA will initiate actions to obtain an election by the individual of which pay he or she wishes to receive and will be responsible for making final determinations as to positive identification, eligibility for, or amounts of pension or disability compensation benefits, adjustments thereto, or any recovery of overpayments, or such other action as authorized by law.

The annual electronic file provided by the VA will contain information on approximately 2.9 million pension and disability compensation recipients.

The DMDC computer database file contains information on approximately 832,000 DoD and 8,000 USCG reservists who received pay and allowances for performing authorized duty.

VA will furnish DMDC the name and SSN of all VA pension and disability compensation recipients and DMDC will supply VA the name, SSN, date of birth, and the number of days drilled by fiscal year of each reservist who is identified as a result of the match.

F. INCLUSIVE DATES OF THE MATCHING PROGRAM:

This computer matching program is subject to public comment and review by Congress and the Office of Management and Budget. If the mandatory 30 day period for comment has expired and no comments are received and if no objections are raised by either Congress or the Office of Management and Budget within 40 days of being notified of the proposed match, the computer matching program becomes effective and the respective agencies may begin the exchange at a mutually agreeable time on an annual basis. By agreement between VA and DMDC, the matching program will be in effect for 18 months with an option to renew for 12 additional months unless one of the parties to the agreement advises the other by written request to terminate or modify the agreement.

G. ADDRESS FOR RECEIPT OF PUBLIC COMMENTS OR INQUIRIES:

Director, Defense Privacy Office, 1901 South Bell Street, Suite 920, Arlington, VA 22202-4512. Telephone (703) 607-2943.
