

GMP has also been updated to include historic preservation and land use measures undertaken by Island County since project planning was initiated. A second change involved recognizing the efforts by others and not the NPS to establish a marine science center within the Reserve and encouraging those ongoing efforts. Also, since release of the draft GMP/EIS, Bell Farm has been removed from the proposed boundary in both Alternatives B and C at the owner's request.

Alternative C changes the management structure of the Reserve from a Trust Board of volunteers to a paid Commission structure. Many actions are similar to Alternative B but with some distinctions. Approximately five acres of NPS-owned land at Farm II would be retained for administrative and maintenance use before exchanging the remaining farmland to a private farm owner for additional protection on other properties within the Reserve. One of the three gateways would be in a historic building in the north of the Reserve. The Reserve would also partner for a visitor contact facility at a proposed marine science center.

**Copies:** The Final EIS/GMP is now available. Interested persons and organizations wishing to review the Final EIS/GMP may obtain the document by contacting Rob Harbor, Reserve Manager, Ebey's Landing National Historical Reserve, P.O. Box 774, Coupeville, WA 98239, or via telephone at (360) 678-6084. This document may also be reviewed at the Coupeville Library, or a copy can be obtained electronically at <http://parkplanning.nps.gov/ebia>. Please note that names and addresses of all respondents will become part of the public record. It is the practice of the NPS to make all comments, including names, home addresses, home phone numbers, and e-mail addresses of respondents, available for public review. Individual respondents may request that we withhold their names and/or home addresses, etc., but if you wish us to consider withholding this information you must state this prominently at the beginning of your comments. In addition, you must present a rationale for withholding this information. This rationale must demonstrate that disclosure would constitute a clearly unwarranted invasion of privacy. Unsupported assertions will not meet this burden. In the absence of exceptional, documentable circumstances, this information will be released. We will always make submissions from organizations or business, and from individuals identifying themselves as

representatives of or officials of organizations or businesses, available for public inspection in their entirety.

**Decision Process:** Following release of the Final GMP/EIS, a Record of Decision will be prepared and approved not sooner than 30 days after the EPA has published its notice of filing of the document in the **Federal Register**. A notice regarding the approved GMP will be similarly published. As a delegated EIS, the official responsible for the final decision is the Regional Director, Pacific West Region. Subsequently, official responsibilities for implementing the approved GMP reside with the Trust Board, Ebey's Landing National Historical Reserve and the Reserve Manager.

Dated: August 14, 2006.

#### **Notice of Intent to Repatriate Cultural Items: U.S. Department of Energy, Richland Operations Office, Richland, WA and Thomas Burke Memorial Museum, University of Washington, Seattle, WA**

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3005, of the intent to repatriate cultural items in the control of the U.S. Department of Energy, Richland Operations Office, Richland, WA, and in the physical custody of the Thomas Burke Memorial Museum (Burke Museum), University of Washington, Seattle, WA, that meet the definition of "unassociated funerary objects" under 25 U.S.C. 3001.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003 (d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the cultural items. The National Park Service is not responsible for the determinations in this notice.

At an unknown date, cultural items were removed from two graves on Pope Avenue in Hanford, Benton County, WA, by Samuel D. Paddock. Prior to 1960, the cultural items were received by the Burke Museum and formally accessioned in 1986 (Burke Accn. # 1986-80). The human remains were not transferred to the Burke Museum. The 284 unassociated funerary objects are 1 shell bead, 281 glass beads, 1 brass button, and 1 copper fragment.

Museum documentation indicates that the cultural items were recovered from graves, and the types of items are consistent with other funerary objects found in the Columbia River area during occupation by the Yakama, Walla Walla, and Wanapum groups. Ethnographic documentation indicates that the present-day location of Hanford, WA, is

located within an overlapping aboriginal territory of descendants of the Yakama, Walla Walla, and Wanapum groups, which are represented today by the Confederated Tribes and Bands of the Yakama Nation, Washington; Confederated Tribes of the Umatilla Reservation, Oregon; and the Wanapum Band, a non-federally recognized Indian group.

The Yakama Treaty, signed on June 9, 1855, included the Hanford area in the aboriginal territory of the present-day Confederated Tribes and Bands of the Yakama Nation, Washington. The Walla Walla people have also occupied this area since before historic times. As per the Treaty of Walla Walla, signed on June 9, 1855, the Walla Walla people are represented by the present-day Confederated Tribes of the Umatilla Reservation, Oregon. The Wanapum Band occupied the Hanover area, which is now designated the U.S. Department of Energy Hanford Site, as recently as World War II, when they moved to the Priest Rapids area.

Officials of the Department of Energy and the Burke Museum have determined that, pursuant to 25 U.S.C. 3001 (3)(B), the 284 cultural items described above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony and are believed, by a preponderance of the evidence, to have been removed from a specific burial site of a Native American individual. Officials of the Department of Energy and Burke Museum also have determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity that can be reasonably traced between the unassociated funerary objects and the Confederated Tribes and Bands of the Yakama Nation, Washington, and Confederated Tribes of the Umatilla Reservation, Oregon. Furthermore, officials of the Department of Energy and the Burke Museum have determined that there is a cultural relationship between the unassociated funerary objects and the Wanapum Band, a non-federally recognized Indian group.

Representatives of any other Indian tribe that believes itself to be culturally affiliated with the 284 unassociated funerary objects should contact Annabelle Rodriguez, U.S. Department of Energy, Cultural/Historic Resources Program, Richland Operations Office, 825 Jadwin Avenue, MSIN A5-15, Richland, WA 99352, telephone (509) 372-0277, before November 13, 2006. Repatriation of the unassociated funerary objects to the Confederated

Tribes of the Umatilla Reservation, Oregon, and Confederated Tribes and Bands of the Yakama Nation, Washington, for themselves and on behalf of the Wanapum Band, a non-federally recognized Indian group, may proceed after that date if no additional claimants come forward. The Confederated Tribes and Bands of the Yakama Nation, Washington; Confederated Tribes of the Umatilla Reservation, Oregon; and Wanapum Band, a non-federally recognized Indian group, are claiming jointly all cultural items from the Hanford area.

The Department of Energy is responsible for notifying the Confederated Tribes and Bands of the Yakama Nation, Washington; Confederated Tribes of the Umatilla Reservation, Oregon; and Wanapum Band, a non-federally recognized Indian group, that this notice has been published.
