[Docket Nos. ER06-713-000, ER06-713-001]

**Weyerhaeuser Company; Notice of Issuance of Order**

October 16, 2006.

Weyerhaeuser Company (Weyerhaeuser) filed an application for market-based rate authority, with an accompanying rate schedule. The proposed market-based rate schedule provides for the sale of energy and capacity at market-based rates. Weyerhaeuser also requested waivers of various Commission regulations. In particular, Weyerhaeuser requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by Weyerhaeuser.

On May 26, 2006, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—West, granted the requests for blanket approval under part 34. The Director's order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard or to protest the blanket approvals of issuances of securities or assumptions of liability by Weyerhaeuser should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Notice is hereby given that the deadline for filing motions to intervene or protest is November 15, 2006.

Absent a request to be heard in opposition by the deadline above, Weyerhaeuser is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Weyerhaeuser, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approvals of Weyerhaeuser's issuance of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426. **Orange Cove Irrigation District; Notice of Availability of Environmental Assessment**

October 16, 2006.

An environmental assessment (EA) is available for public review. The EA was prepared for an application filed by the Orange Cove Irrigation District (licensee) on April 19, 2006, requesting Commission approval of an amendment of license for the Fishwater Release Project to add a powerhouse with a single turbine generator with a capacity of 1.8 megawatts. The new powerhouse would utilize flow releases from the U.S. Bureau of Reclamation's Friant Dam and would only generate power after flows for fish hatchery and existing powerhouse demands are met.

The EA evaluates the environmental impacts that would result from approving the licensee's proposed additional generating capacity. Some ground disturbance would occur but impacts to the terrestrial and aquatic environments are expected to be minor and short term. The EA finds that approval of the amendment application would not constitute a major federal action significantly affecting the quality of the human environment.

A copy of the EA is attached to a Commission order titled "Order Amending License", issued October 13, 2006, and is available in the Commission's Public Reference Room. A copy of the EA may also be viewed on the Commission's Web site at

<http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-11068) in the docket field to access the document. For assistance, call (202) 502-8222 or (202) 502-8659 (for TTY).
