Brake Rotors from the People's Republic of China: Extension of Time Limit for Final Results of 2004/2005 Antidumping Duty Administrative and New Shipper Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: October 25, 2006.

FOR FURTHER INFORMATION CONTACT: Erin C. Begnal or Christopher D. Riker, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1442 or (202) 482-3441, respectively.

Background

On May 8, 2006, the Department of Commerce ("Department") published the preliminary results of the administrative review of the antidumping duty order on brake rotors from the People's Republic of China for the period April 1, 2004, through March 31, 2005. See *Brake Rotors from the People's Republic of China: Preliminary Results and Partial Rescission of the 2004/2005 Administrative Review and Preliminary Notice of Intent to Rescind the 2004/2005 New Shipper Review*, 71 FR 26736 (May 8, 2006). On August 16, 2006, the Department published a notice of extension of time limit for the final results of this administrative review extending the time limit for the final results by 45 days until October 20, 2006. See *Brake Rotors from the People's Republic of China: Extension of Time Limit for Final Results of Antidumping Duty Administrative and New Shipper Reviews*, 71 FR 47169 (August 16, 2006). The final results of this administrative review are currently due October 20, 2006.

Extension of Time Limit for Final Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), and section 351.213(h)(1) of the Department's regulations, the Department shall issue final results in an administrative review of

antidumping duty order within 120 days after the date on which the notice of preliminary results is published in the **Federal Register**. However, if the Department determines that it is not practicable to complete the review within the specified time period, section 751(a)(3)(A) of the Act allows the Department to extend this deadline to 180 days.

Completion of the final results within the originally anticipated time limit, October 20, 2006, is impracticable because the Department requires additional time to address the comments of the interested parties as raised in their June 19, 2006, briefs, June 27, 2006, rebuttal briefs, July 17, 2006, comments on bentonite and coal powder usage, and July 24, 2006, rebuttal comments on this issue. Because it is not practicable to complete the review within the time specified under the Act, the Department is extending the time limit for completion of the final results by 15 days to November 4, 2006, in accordance with Section 751(a)(3)(A) of the Act. However, because November 4, 2006, falls on a Saturday, the signature day will roll over to the next business day, November 6, 2006, in accordance with our practice. See Notice of Clarification: Application of *Next Business Day* Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended, 70 FR 24533 (May 10, 2005).

Additionally, on April 29, 2005, Shanxi Zhongding Auto Parts Co. Ltd. agreed to waive the time limits of its new shipper review, pursuant to 19 CFR 351.214(j)(3), and to have its review conducted concurrently with the 2004/2005 administrative review of this order for the period April 1, 2004, through March 31, 2005. Therefore, the final results of this new shipper review will also be extended by 15 days to November 6, 2006.

Dated: October 18, 2006.

Deputy Assistant Secretary for Import Administration

Petroleum Wax Candles From the People's Republic of China: Final Results of the 2004-2005 Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On June 21, 2006, the Department of Commerce ("the Department") published in the **Federal Register** the preliminary results of the administrative review of the antidumping duty order on petroleum wax candles ("candles") from the People's Republic of China ("PRC"). See *Petroleum Wax Candles from the People's Republic of China: Preliminary Results of the 2004-2005 Administrative Review*, 71 FR 35613 (June 21, 2006) ("*Preliminary Results*"). We gave interested parties an opportunity to comment on the *Preliminary Results*, but we did not receive any comments. Therefore, we made no changes to the dumping margin calculations for these final results.

DATES: *Effective Date:* October 24, 2006.

FOR FURTHER INFORMATION CONTACT: Alex Villanueva or Cindy Lai Robinson, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3208 or (202) 482-3797, respectively.

SUPPLEMENTARY INFORMATION:

Case History

The *Preliminary Results* in this administrative review were published on June 21, 2006. See *Preliminary Results*. This administrative review covers one manufacturer/exporter of subject merchandise: Qingdao Youngson Industrial Co., Ltd. ("Youngson"), "the Respondent." The Petitioner is the National Candle Association ("NCA").

Period of Review

The period of review ("POR") covers August 1, 2004, through July 31, 2005.

Scope of the Antidumping Duty Order¹

The products covered by the *Order* are certain scented or unscented petroleum wax candles made from petroleum wax and having fiber or

paper-cored wicks. They are sold in the following shapes: Tapers, spirals, and straight-sided dinner candles; round, columns, pillars, votives; and various wax-filled containers. The products were classified under the Tariff Schedules of the United States ("TSUS") 755.25, Candles and Tapers. The products covered are currently classified under the Harmonized Tariff Schedule of the United States ("HTSUS") item 3406.00.00. Although the HTSUS subheading is provided for convenience purposes, our written description remains dispositive. See the *Order* and *Notice of Final Results of the Antidumping Duty New Shipper Review: Petroleum Wax Candles from the People's Republic of China*, 69 FR 77990 (December 29, 2004).

Separate Rates

Youngson has requested a separate, company-specific antidumping duty rate. In the *Preliminary Results*, we determined that Youngson's untimely withdrawal from the current administrative review on March 31, 2006, which was 94 days after the Department's established deadline, left certain critical data potentially relevant to separate rates still outstanding. Youngson's untimely withdrawal prevented the Department from conducting a thorough separate rates analysis or from verifying Youngson's information. Therefore, we found that Youngson has not demonstrated that it is entitled to a separate rate, and it is deemed to be included in the PRC-wide entity and would be assigned the PRC-wide entity rate. See *Preliminary Results*, 71 FR at 35614. For these final results, we continue to find that Youngson has not demonstrated its entitlement to a separate rate.

Analysis of Comments Received

No interested parties submitted any comments for these final results.

Changes Since the Preliminary Results

We made no changes to the *Preliminary Results*.

Final Results of the Review

In the *Preliminary Results*, we based the dumping margin for Youngson on total adverse facts available ("AFA") for Youngson's sales of merchandise subject to the *Order* pursuant to sections 776(a)(2), and 776(b) of the Tariff Act of 1930, as amended ("the Act"). See *Preliminary Results*, 71 FR at 35614-15.

In addition, we continue to find that Youngson is not entitled to a separate rate and is part of the PRC-wide entity, which is under review. As the PRC-wide entity, in this instance, was
