Proposed Action

After over 60 years of continuous service, the USCGCs STORIS (WMEC–38) and ACUSHNET (WMEC–167) have reached the end of their service lives. The USCG intends to decommission the USCGC STORIS (WMEC–38) in 2007 and the USCGC ACUSHNET (WMEC–167) between 2008 and 2010, and report the vessels as excess personal property to the U.S. General Services Administration (GSA) pursuant to the Federal Property and Administrative Services Act of 1949 and its implementing regulations at Title 41, Code of Federal Regulations (CFR), part 102–36 (41 CFR part 102–36).

Preparation of the EA for the decommissioning of the USCGCs STORIS (WMEC–38) and ACUSHNET (WMEC–167) is being conducted in accordance with the National Environmental Policy Act (NEPA) of 1969 (Section 102[2][c]) and its implementing regulations at 40 CFR Part 1500.

Environmental Assessment

An EA has been prepared that identifies and examines alternatives including a no action alternative and the preferred alternative, the decommissioning and subsequent reporting of the vessels to GSA, as well as a third possible outcome, that is beyond the control of the Coast Guard and entails passage by Congress of specific legislation that directs the vessels' disposition. The EA assesses the potential environmental impacts of these alternatives and the additional possibility of specific legislation.

As the Coast Guard has determined that the vessels are historic for purposes of Section 106 of the National Historic Preservation Act of 1966, the Coast Guard has engaged in Section 106 consultation with the Alaska State Historic Preservation Office (AK SHPO) in developing a MOA on the Coast Guard's intended action of decommissioning of the USCGCs STORIS (WMEC–38) and ACUSHNET (WMEC–167) and then reporting the vessels as excess personal property to

GSA. GSA also participated in the development of the MOA.

The Draft FONSI records the USCG's determination that the Proposed Action would have no significant impact on the environment.

The USCG will consider all comments received by the close of business on November 27, 2006.

Dated: October 19, 2006.

Captain Douglas J. Wisniewski,

Acting Director of Enforcement and Incident Management Directorate, U.S. Coast Guard.
