II. What Action is EPA Taking?

This document extends the public comment period established in the **Federal Register** of October 4, 2006 (71 FR 58605) (FRL-8097-4). In that document, EPA announced the extension of the comment period for the RED document for the organic arsenical herbicides MSMA, DSMA, DAMA, and cacodylic acid. EPA is hereby extending the comment period, which was set to end on November 9, 2006, to December 13, 2006.

III. What is the Agency's Authority for Taking this Action?

Section 4(g)(2) of FIFRA as amended directs that, after submission of all data concerning a pesticide active ingredient, the Administrator shall determine whether pesticides containing such active ingredient are eligible for reregistration. Further provisions are made to allow a public comment period. However, the Administrator may extend the comment period, if additional time for comment is requested. In this case, the Monomethyl Arsonic Acid (MAA) Research Task Force, the Professional Landcare Network (PLANET) and several growers have requested additional time to develop comments.
