In connection with the issuance of this final rule, DHS consolidated the forms and instructions designed to assist persons applying for SAFETY Act coverage. The forms and instructions were consolidated into one Application Kit.This ICR was previously published in the **Federal Register** on August 17, 2006, at 71 FR 47507 for a 60-day public comment period ending October 16, 2006. No comments were received by DHS on this ICR during the 60-day comment period. The purpose of this notice is to allow an additional 30 days for public comments. This notice and

request for comments is required by the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. chapter 35).

DHS invites the general public to comment on the proposed reinstatement of OMB Information Collection 1640-0001 (Application Kit), as described below.

Interested parties can obtain copies of the Application Kit by going to the Office of Safety Act Web site and downloading copies thereof. The address is: <http://www.safetyact.gov>. The Application Kit and applicable supporting documentation may also be obtained by calling or writing the point of contact listed above.

Please note that the Application Kit includes various forms for different types of SAFETY Act applications. As explained herein, these separate forms are intended to be flexible and permit the Applicants to provide relevant information to their specific applications without undue bureaucratic burden. The Department is committed to improving its SAFETY Act processes and urges all interested parties to suggest how these materials can further reduce burden while seeking necessary information under the Act.

DHS is particularly interested in comments that:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Suggest ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Suggest ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Overview of This Information Collection:(1) *Type of Information Collection:* Reinstatement of a previously approved collection.(2) *Title of the Form/Collection:* SAFETY Act Application Kit.(3) *Agency Form Number, if any, and the applicable component of the Department of Homeland Security sponsoring the collection:* DHS\S&T-I SAFETY-0001 through 0010.(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Business or other for-profit and not-for profit institutions; the data collected through the Application Kit will facilitate efforts of responding persons to develop vital anti-terrorist technology by obtaining coverage under the SAFETY Act.(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* 2500 respondents with an average of slightly more than 48.5 hours per respondent.(6) *An estimate of the total public burden (in hours) associated with the collection:* 121,400 burden hours.

Dated: October 24, 2006.

Privacy Act of 1974; System of Records**AGENCY:** Office of the Chief Human Capital Officer; Department of Homeland Security.**ACTION:** Notice of Privacy Act System of Records.**SUMMARY:** Pursuant to the Privacy Act of 1974, the Department of Homeland Security proposes to add a new system of records to the Department's inventory, entitled "the MaxHR e-Performance Management System." This system is an employee performance management e-tool that will standardize and automate related human resources functions that will support a portion of the Department's MaxHR program. This program will support the Department's ability to continue to attract, retain, and reward a robust and highly qualified workforce by transforming DHS human resources policies, processes, systems, streamlining business processes, and consolidating several disparate systems currently in operation. Implementation of the the MaxHR e-Performance Management System will provide greater flexibility and accountability in the way employees are paid, developed, and evaluated. Employees, through a password protected portal, can access the system to initiate each step in the performance cycle, including
