

Indian Land Consolidation Act (ILCA), as amended by the American Indian Probate Reform Act of 2004 (AIPRA). These amendments address Indian trust management issues in the areas of probate, probate hearings and appeals, tribal probate codes, life estates and future interests in Indian land, the Indian land title of record, and conveyances of trust or restricted land. There is also an "Application for Consolidation by Sale" form that is associated with one of these amendments.

This notice reopens the comment period for an additional 60 days to January 2, 2007. The BIA and Office of Secretary are reopening the comment period for an additional 60 days to ensure that all interested parties, including tribes and individual Indians, have the opportunity to review the proposed rule and prepare their comments.

DATES: The comment period for the proposed rule published on August 8, 2006 (71 FR 45173) is extended to January 2, 2007.

ADDRESSES: You may submit comments, identified by the number 1076-AE59, by any of the following methods:

SUPPLEMENTARY INFORMATION: In developing the final rule, the Department will consider all comments received before January 2, 2007. Therefore, if you submitted comments at any time before January 2, 2007, you do not need to resubmit them.

In addition to making plain language revisions, the amendments revise the regulations to:

- *Incorporate AIPRA changes to probate:* AIPRA created a uniform probate code to standardize intestate succession rules for trust and restricted property. The uniform probate code reinforces tribal sovereignty by eliminating the application of state laws in the probate of trust and restricted assets while deferring to approved tribal probate codes. AIPRA also established new mechanisms for consolidating fractionated interests at probate and through sale of highly fractionated tracts. The proposed amendments to probate regulations would implement AIPRA's provisions by requiring the additional information needed to determine heirs and devisees to be included in the probate file, and by establishing the procedures for directional disclaimers, purchases at probate and consolidation agreements. These regulations continue to refer all probate cases to OHA. The amendments streamline the OHA process by shortening deadlines to more reasonable time periods. Amendments to life estate provisions reflect AIPRA's change in the valuation of a life estate to be "without regard to waste" and base the valuation on the four-year average Single Life Factor used by the U.S. Internal Revenue Service in Table S of the 7520 rate schedule, without regard to gender.

- *Promote consolidation (reduce fractionation) of interests:* Allotments owned by Indians have become increasingly fractionated with the probate of each generation, resulting in the division of the allotment into smaller and smaller interests. These amendments meet the policy expressed by Congress to reduce fractionation (i.e., the exponential increase in the number of ownership interests in a given parcel of land) of tribal and individual Indian interests in trust and restricted property through the use of several tools. These tools include the opportunities for tribes to establish a tribal land consolidation plan; purchase interests in land within their respective jurisdictions when offered for negotiated sale, gift, or exchange; make a tribal tract purchase (i.e., obtain fractionated interests of non-consenting trust and restricted owners under certain circumstances); and unify ownership and consolidate interests in a tract through partition. The

amendments allow both tribes and individual Indians to obtain highly fractionated interests through a new mechanism, created by AIPRA: consolidation by sale (called "partition of highly fractionated lands" in AIPRA). Additionally, the new AIPRA mechanisms being incorporated in probate regulations will offer opportunities to reduce fractionation through the distribution of probate property.

- *Improve service to beneficiaries:* Amendments to the Land Titles and Records Office (LTRO) regulations will update and standardize LTRO title practices and recordation to ensure the Secretary is able to accurately track and record accounting of trust and restricted interest owners, allowing the Secretary to better serve the beneficiaries. Amendments to the probate process are aimed at facilitating the process to reduce the probate backlog and better serve beneficiaries. By clarifying the requirements and processes for probate, approval of tribal probate codes, obtaining LTRO services and products, and conveying trust and restricted property, the Department of the Interior improves communication and transparency, allowing better service to beneficiaries.

Authority: Regulatory amendments to these parts are proposed under the general authority of the American Indian Trust Fund Management Reform Act of 1994, 25 U.S.C. 4021 *et seq.*, and the Indian Land Consolidation Act of 2000, as amended by the American Indian Probate Reform Act of 2004, 25 U.S.C. 2201 *et seq.*

Dated: October 13, 2006.

Michael D. Olsen,
Principal Deputy Assistant Secretary—Indian Affairs.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R08-OAR-2006-0564, FRL-8236-9]

Approval and Promulgation of Air Quality Implementation Plans; Utah; Revisions to the Utah Administrative Code; Proposed Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve State Implementation Plan (SIP) revisions submitted by the State of Utah on February 7, 2006. These changes to the Utah Administrative Code revise

some minor technical requirements of Utah's continuous emission monitoring rules and correct several grammatical errors. The intended effect of this action is to make federally enforceable those provisions that EPA is proposing to approve. This action is being taken under section 110 of the Clean Air Act.

In the "Rules and Regulations" section of this **Federal Register**, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial SIP revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the preamble to the direct final rule. If EPA receives no adverse comments, EPA will not take further action on this proposed rule. If EPA receives adverse comments, EPA will withdraw the direct final rule and it will not take effect. EPA will address all public comments in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting must do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

DATES: Written comments must be received on or before December 1, 2006.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R08-OAR-2006-0564, by one of the following methods:

- www.regulations.gov*. Follow the on-line instructions for submitting comments.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA-D-7668]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA), Department of Homeland Security, Mitigation Division.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed Base (1% annual chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: William R. Blanton, Jr. CFM, Acting Section Chief, Engineering Management Section, Mitigation Division, 500 C Street, SW., Washington, DC 20472, (202) 646-3151.

SUPPLEMENTARY INFORMATION: FEMA proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Regulatory Classification. This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This rule meets the applicable standards of Executive Order 12988.
