

Products, the OMB Peer Review bulletin, and the Information Quality Act guidelines. The CPDC—S&A 1.3 will consist of no more than 20 members to be appointed by the Under Secretary to assure a balanced representation among preeminent scientists, educators, and experts reflecting the full scope of the scientific issues addressed in CCSP Synthesis and Assessment Product 1.3. The CPDC—S&A 1.3 will function solely as an advisory body, and in compliance with the provisions of the Federal Advisory Committee Act. Its charter will be filed under the Act, fifteen days from the date of publication of this notice.

FOR FURTHER INFORMATION CONTACT: CPDC—S&A 1.3 DFO and Dr. Ming Ji, Program Manager, NOAA/OAR/Climate Program Office, Climate Dynamics and Experimental Prediction Program, 1100 Wayne Avenue, Suite 1215, Silver Spring, Maryland 20910; telephone 301-427-2373, e-mail: Ming.Ji@noaa.gov.

Dated: October 26, 2006.

Mark E. Brown,

Chief Financial Officer, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration.

BILLING CODE 3510-22-M

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 092006B]

Endangered and Threatened Species; Recovery Plan for White Abalone

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of Availability; request for comments.

SUMMARY: The National Marine Fisheries Service (NMFS) announces the availability of the draft White Abalone Recovery Plan (Plan) for public review. NMFS is soliciting review and comment from the public and all interested parties on the Plan, and will consider all substantive comments received during the review period before submitting the Plan for final approval.

DATES: Comments on the draft Plan must be received by close of business on December 18, 2006.

ADDRESSES: You may submit comments by any of the following methods:

- E-Mail: whiteabalone.recoveryplan@noaa.gov.

- Fax: 1-562-980-4027, Attention: Melissa Neuman.

- Mail: Submit written information to Chief, Protected Resources Division, Southwest Region, National Marine Fisheries Service, 501 West Ocean Blvd., Suite 4200, Long Beach, CA 90802 4213.

The draft Plan can be obtained via the Internet at: <http://www.nmfs.noaa.gov> or by submitting a request to the Assistant Regional Administrator, Protected Resources Division, Southwest Region, NMFS, 501 West Ocean Blvd., Suite 4200, Long Beach, CA 90802-4213.

FOR FURTHER INFORMATION CONTACT: Melissa Neuman, NMFS, Southwest Region (562) 980-4115.

SUPPLEMENTARY INFORMATION: White abalone (*Haliotis sorenseni*) was listed as the first federally endangered marine invertebrate under the United States Endangered Species Act of 1973 (ESA) in May 2001. The ESA (15 U.S.C. 1531 *et seq.*) requires that NOAA's National Marine Fisheries Service (NMFS) develop and implement recovery plans for the conservation and survival of threatened and endangered species under its jurisdiction, unless it is determined that such plans would not promote the conservation of the species. Accordingly, during the summer of 2002, NMFS appointed a recovery team comprised of experts in the fields of abalone biology and ecology, conservation biology, genetics, population dynamics and modeling, pathology, aquaculture, and marine policy to develop a recovery plan as mandated by the ESA.

The purposes of this Recovery Plan are to: (1) delineate those aspects of white abalone biology, life history, and threats that are pertinent to its endangerment and recovery; (2) outline and justify a strategy to achieve recovery; (3) identify the actions necessary to achieve recovery; (4) identify goals and criteria by which to measure the achievement of recovery; (5) serve as an outreach tool by articulating the reasons for white abalone's endangerment, and by explaining why the particular suite of recovery actions described is the most effective and efficient approach to achieving recovery; (6) help potential cooperators and partners understand the rationale behind the recovery actions identified, and assist them in identifying how they can facilitate recovery; (7) serve as a tool for monitoring recovery activities; and (8) be used to obtain funding for NMFS and its partners by identifying necessary recovery actions and their relative priority in the recovery process. NMFS'

ultimate goal is to increase white abalone abundance to viable and self-sustaining levels such that the species can be downlisted to threatened status and eventually removed from the Endangered Species List.

NMFS sought a scientific review of the draft Plan by 12 experts in October 2005. NMFS requested that the scientific reviewers consider: (1) issues and assumptions relating to the biological and ecological information of the draft Plan, and (2) scientific data relating to the tasks in the proposed recovery program. Four reviewers responded to NMFS' request. The recovery team reconvened in June 2006 to consider the reviewer's comments and incorporate changes to the draft Plan accordingly. NMFS will consider all substantive comments and information presented during the public comment period in the course of finalizing this Plan.

Dated: October 27, 2006.

Angela Somma,

Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 102706C]

Marine Mammals; File No. 775-1600

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application for amendment.

SUMMARY: Notice is hereby given that the Northeast Fisheries Science Center, NMFS, 166 Water Street, Woods Hole, Massachusetts 02543-1026 [Principal Investigator (PI): Dr. Richard Merrick] has requested a major amendment to Permit No. 775-1600 to take northern right whales (*Eubalaena glacialis*) for purposes of scientific research.

ADDRESSES: The amendment request and related documents are available for review upon written request or by appointment in the following office(s):

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301)713-2289; fax (301)713-0376;

Northeast Region, NMFS, One Blackburn Drive, Gloucester, MA

01930-2298; phone (978)281-9200; fax (978)281-9371;

Southeast Region, NMFS, 9721 Executive Center Drive North, St. Petersburg, FL 33702-2432; phone (727)570-5301; fax (727)570-5320.

Written comments or requests for a public hearing on this request should be submitted to the Chief, Permits, Conservation and Education Division, F/PR1, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910. Those individuals requesting a hearing should set forth the specific reasons why a hearing on this particular amendment request would be appropriate.

Comments may also be submitted by facsimile at (301)427-2521, provided the facsimile is confirmed by hard copy submitted by mail and postmarked no later than the closing date of the comment period.

Comments may also be submitted by e-mail. The mailbox address for providing e-mail comments is *NMFS.Pr1Comments@noaa.gov*. Include in the subject line of the e-mail comment the following document identifier: File No. 775-1600.

FOR FURTHER INFORMATION CONTACT:

Carrie Hubbard or Amy Hapeman, (301)713-2289.

SUPPLEMENTARY INFORMATION: On October 27, 2000, notice was published in the **Federal Register** (65 FR 64432) that a request for a scientific research permit to take seven species of baleen whale, 21 species of odontocetes, and four species of pinnipeds had been submitted by the above-named organization. Permit No. 775-1600-00 was issued on March 6, 2001 (66 FR 14135) and subsequently amended ten times for various purposes. Amendment No. 7 of the permit, named Permit No. 775-1600-07 (69 FR 10680; March 8, 2004), and subsequent amendments allowed biopsy sampling of up to 15 right whale calves less than six months old per year. The Permit Holder has requested that the number of right whale calves less than six months old that may be biopsy sampled, including on the Southeastern US calving grounds, be increased to 30 per year to account for inter-annual variation in the number of calves born each year. The purpose of this amendment is consistent with the objectives in the original application related to genetically identifying (via biopsy sampling) northern right whales.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal

Commission and its Committee of Scientific Advisors.

Dated: October 27, 2006.

P. Michael Payne,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

DEPARTMENT OF DEFENSE

Department of the Navy

Privacy Act of 1974; System of Records

AGENCY: Department of the Navy.

ACTION: Notice to delete systems of records.

SUMMARY: The Department of the Navy is deleting two systems of records notices from its existing inventory of records systems subject to the Privacy Act of 1974, (5 U.S.C. 552a), as amended.

DATES: Effective November 2, 2006.

ADDRESSES: Department of the Navy, PA/FOIA Policy Branch, Chief of Naval Operations, (DNS-36), 2000 Navy Pentagon, Washington, DC 20350-2000.

FOR FURTHER INFORMATION CONTACT: Ms. Doris Lama at (202) 685-6545.

SUPPLEMENTARY INFORMATION: The Department of the Navy systems of records notices subject to the Privacy Act of 1974, (5 U.S.C. 552a), as amended, have been published in the **Federal Register** and are available from the address above.

The proposed deletions are not within the purview of subsection (r) of the Privacy Act of 1974, (5 U.S.C. 552a), as amended, which requires the submission of a new or altered system report.

Dated: October 26, 2006.

C.R. Choate,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
