Abstract of Proposed Collection

The DS-2029, Application for Consular Report of Birth Abroad of a Citizen of the United States of America, is used by citizens of the United States to report the birth of a child while overseas. The information collected on this form will be used to certify the acquisition of U.S. citizenship at birth of a person born abroad and can be used by that child throughout life.

Methodology

The DS-2029 will be available to download from the Internet. An application for a Consular Report of Birth is normally made in the consular district in which the birth occurred. The parent respondents will fill the form out and take it to a United States Consulate or Embassy, who will examine the documentation and enter the information provided into the Department of State American Citizen Services (ACS) electronic database.
