ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2006-0084; FRL-8101-7]

Notice of Receipt of Requests to Voluntarily Cancel Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, EPA is issuing a notice of receipt of request by registrants to voluntarily cancel certain pesticide registrations and providing a public comment period.

DATES: Unless a request is withdrawn by May 7, 2007 or December 8, 2006 for registrations for which the registrant requested a waiver of the 180-day comment period, orders will be issued canceling these registrations. The Agency will consider withdrawal requests postmarked no later than May 7, 2007 or December 8, 2006, whichever is applicable. Comments must be received on or before May 7, 2007 or December 8, 2006, for those registrations where the 180-day comment period has been waived.

ADDRESSES: Submit your comments and your withdrawal request, identified by docket identification (ID) number EPA-HQ-OPP-2006-0084, by one of the following methods:

EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through [regulations.gov](http://www.regulations.gov) or e-mail. The Federal [regulations.gov](http://www.regulations.gov) Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through [regulations.gov](http://www.regulations.gov), your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. Although this action may be of particular interest to persons who produce or use pesticides, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the information in this notice, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a

Code of Federal Regulations (CFR) part or section number.

iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.

iv. Describe any assumptions and provide any technical information and/or data that you used.

v. If you estimate potential costs or burdens, explain how you arrived at

your estimate in sufficient detail to allow for it to be reproduced.

vi. Provide specific examples to illustrate your concerns and suggest alternatives.

vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

viii. Make sure to submit your comments by the comment period deadline identified.

II. What Action is the Agency Taking?

A request to waive the 180-day comment period has been received for the following registrations: 7401-85, 7401-87, and 7401-173. Therefore, the 30-day comment period will apply for these registrations.

Unless a request is withdrawn by the registrant by May 7, 2007 or by December 8, 2006 for those registrations with a 30-day comment period, orders will be issued canceling all of these registrations. A person may submit comments to EPA as provided in **ADDRESSES** and Unit I. of the **SUPPLEMENTARY INFORMATION** above. However, because FIFRA section 6(f)(1)(A) allows a registrant to request cancellation of its pesticide registrations at any time, users or anyone else desiring retention of those pesticides listed in Table 1 may want to contact the applicable registrant in Table 2 directly during this period to request that the registrant retain the pesticide registration or to discuss the possibility of transferring the registration. A user seeking to apply for its own registration of that pesticide may submit comments requesting EPA not to cancel a registration until its "me-too" registration is granted.

Table 2 of this unit includes the names and **ADDRESSES** of record for all registrants of the products in Table 1 of this unit, in sequence by EPA company number:

III. What is the Agency's Authority for Taking this Action?

Section 6(f)(1)(A) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register** and provide for a 30-day public comment period. In addition, where a pesticide is registered for a minor agricultural use and the Administrator determines that cancellation or termination of that use would adversely affect the availability of the pesticide for use, FIFRA section

6(f)(1)(C) requires EPA to provide a 180-day period before approving or rejecting the section 6(f) request unless:

1. The registrant requests a waiver of the 180-day period, or
2. The Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation must submit such withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**, postmarked before May 7, 2007 or before December 8, 2006 for those registrations where the 180-day comment period has been waived. This written withdrawal of the request for cancellation will apply only to the applicable FIFRA section 6(f)(1) request listed in this notice. If the product(s) have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling. The withdrawal request must also include a commitment to pay any reregistration fees due, and to fulfill any applicable unsatisfied data requirements.

V. Provisions for Disposition of Existing Stocks

The effective date of cancellation will be the date of the cancellation order. The orders effecting these requested cancellations will generally permit a registrant to sell or distribute existing stocks for 1 year after the date the cancellation request was received. This policy is in accordance with the Agency's statement of policy as prescribed in the **Federal Register** of June 26, 1991 (56 FR 29362) (FRL-3846-4). Exceptions to this general rule will be made if a product poses a risk concern, or is in noncompliance with reregistration requirements, or is subject to a data call-in. In all cases, product-specific disposition dates will be given in the cancellation orders.

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation action. Unless the provisions of an earlier order apply, existing stocks already in the hands of dealers or users can be distributed, sold, or used legally until they are exhausted, provided that such further sale and use comply with the EPA-approved label and labeling of the affected product. Exception to these general rules will be made in specific

cases when more stringent restrictions on sale, distribution, or use of the products or their ingredients have already been imposed, as in a Special Review action, or where the Agency has identified significant potential risk concerns associated with a particular chemical.
