[Docket No. CP06-35-001]

Trunkline Gas Company, LLC; Notice of Compliance Filing

November 3, 2006.

Take notice that on October 31, 2006, Trunkline Gas Company, LLC (Trunkline) submitted a compliance filing pursuant to the Commission's order issued April 26, 2006 in Docket No. CP06-35-000. This compliance filing includes tariff sheets to revise the fuel reimbursement mechanism for recovery of purchased power costs associated with facilities placed in service in this proceeding. A December 1, 2006 effective date is requested.

Trunkline states that copies of the filing were served on parties on the official service list in the above captioned proceeding.

Any person desiring to protest this filing must file in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). Protests to this filing will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Such protests must be filed on or before the date as indicated below. Anyone filing a protest must serve a copy of that document on all the parties to the proceeding.

The Commission encourages electronic submission of protests in lieu of paper using the "eFiling" link at

<http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. [Docket No. RP07-46-000]

Trunkline Gas Company, LLC; Notice of Filing

November 3, 2006.

Take notice that on October 31, 2006, Trunkline Gas Company, LLC (Trunkline) tendered for filing its Annual Interruptible Storage Revenue Credit Surcharge Adjustment in accordance with section 24 of the general terms and conditions of its FERC Gas Tariff, Third Revised Volume No. 1.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date

need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

[Docket No. CP07-14-000]

Wyoming Interstate Company, Ltd.; Notice of Application

November 2, 2006.

Take notice that on October 23, 2006, Wyoming Interstate Company, Ltd. (WIC), Post Office Box 1087, Colorado Springs, Colorado 80944, filed an application in Docket No. CP07-14-000, pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of a new supply lateral pipeline and metering facilities, with appurtenances, to be located in Uintah and Daggett Counties, Utah. Known as the Kanda Lateral, the facilities will be comprised of approximately 123 miles of 24-inch diameter pipeline, with appurtenances, designed to transport and deliver up to 406,000 Dth per day into WIC's mainline. In addition, WIC is also proposing to construct mainline expansion facilities that will consist of two compressor units totaling approximately 20,620 horsepower to be sited inside Colorado Interstate Gas Company's (CIG) existing Wamsutter
