

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-0A-2006-0566, which is available for online viewing at www.regulations.gov, or in person viewing at the OEI Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the OEI Docket is 202-566-1752.

Use EPA's electronic docket and comment system at www.regulations.gov, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at www.regulations.gov as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to www.regulations.gov.

Title: Assessment of EPA Partnership Programs.

ICR numbers: EPA ICR No. 2225.01.

ICR Status: This ICR is for a new information collection activity. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The Environmental Protection Agency (EPA) is seeking approval for a three-year generic clearance from the Office of Management and Budget (OMB) to develop a generic ICR to collect data to be used for performance measurement of EPA Partnership Programs. This will be a voluntary collection of information to assess the activities of EPA Partnership Programs. Performance

measurement data collected will detail awareness of associated environmental results. EPA proposes to administer surveys and questionnaires to assess activities for program purpose and design, strategic planning, program management, and program results to determine if the goals of the program are being met.

All assessments undertaken under this ICR will follow stringent procedures to ensure that data are collected and used properly and efficiently. This ICR will provide anecdotal data for the purpose of informing EPA of the perceived effectiveness of partnership programs and will also allow partnership programs to collect data on the environmental results of partner activities due to participation. The information collection is voluntary, and will be limited to non-sensitive data concerning participation in partnership programs.

To help fulfill the broad mandate of protecting human health and the environment, EPA works with businesses, communities, state and local governments, and other organizations to achieve environmental goals through partnership programs. Partnership programs provide organizations with the information and assistance necessary to achieve and maintain various environmental goals.

EPA believes that measuring the performance of partnership programs is important to ensure that partnership programs are reaching the intended audience, providing valuable resources, and achieving the desired environmental results. Understanding this will allow EPA to better design and manage these partnership programs to meet the needs of the participants and to meet EPA's environmental goals. A generic ICR will significantly increase the ability of EPA Partnership Programs to: Determine and evaluate the effectiveness of these partnership programs as well as help the programs obtain data to successfully complete PART reviews; increase the consistency of program performance data as an alternative/adjunct to traditional regulatory approaches for achieving environmental results; minimize approval burden on OMB as submissions will be shorter and of higher quality via the generic ICR process; and reduce burden on potential respondents by limiting the number of requests for information.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 2.2 hours per response. Burden means the total time,

effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Participants in all of EPA's Partnership Programs, including businesses, governments, and members of the community.

Estimated Number of Respondents: 5,334.

Frequency of Response: On occasion.

Estimated Total Annual Hour Burden: 11,556 hours.

Estimated Total Annual Cost: \$769,702, which includes \$0 capital and O&M.

Dated: October 31, 2006.

Oscar Morales,

Director, Collection Strategies Division.

Agency Information Collection Activities; OMB Responses Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; correction.

SUMMARY: The Environmental Protection Agency published a document in the **Federal Register** of October 25, 2006, concerning OMB's responses. This document contained incorrect information.

FOR FURTHER INFORMATION CONTACT: Susan Auby at (202) 566-1672.

Correction

In the **Federal Register** of October 25, 2006, in FR Doc. E6-17876, on page 62439, at the middle of the second column, correct the EPA ICR No. to read:

EPA ICR No. 0663.09; NSPS for Beverage Can Surface Coating

(Renewal); in 40 CFR part 60, subpart WW; was approved 10/03/2006; OMB Number 2060-0001; expires 10/31/2009.

Dated: November 1, 2006.

Oscar Morales,

Director, Collection Strategies Division.

National Advisory Committee for Acute Exposure Guideline Levels for Hazardous Substances; Notice of Public Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: A meeting of the National Advisory Committee for Acute Exposure Guideline Levels for Hazardous Substances (NAC/AEGL Committee) will be held from December 12, 2006–December 14, 2006, in Alexandria, VA. At this meeting, the NAC/AEGL Committee will address, as time permits, the various aspects of the acute toxicity and the development of AEGLs for the following chemicals: Allyl alcohol, carbon disulfide, carbonyl fluoride, ethyl benzene, mercury vapor, methacrylaldehyde, methyl vinyl ketone, *N,N*-dimethylformamide, oxygen difluoride, phosphorus trichloride, propargyl alcohol, selenium hexafluoride, stibine, sulfur dioxide, and thionyl chloride. In addition, proposed AEGL chemicals listed for public comment in the October 12, 2006 **Federal Register** (71 FR 60141–60143) (FRL-8095-1) will be considered for elevation from Proposed to Interim AEGL chemicals.

DATES: A meeting of the NAC/AEGL Committee will be held from 10 a.m. to 5 p.m. on December 12, 2006, from 8:30 a.m. to 5:30 p.m. on December 13, 2006, and from 8 a.m. to 12:30 p.m. on December 14, 2006.

ADDRESSES: The meeting will be held at the Hilton Alexandria Old Town, 1767 King St., Alexandria, VA (King St. Metro stop).

FOR FURTHER INFORMATION CONTACT: For general information contact: Colby Lintner, Regulatory Coordinator, Environmental Assistance Division (7408M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 554-1404; e-mail address: TSCA-Hotline@epa.gov.

For technical information contact: Paul S. Tobin, Designated Federal Officer (DFO), Economics, Exposure, and Technology Division (7406M), Office of Pollution Prevention and Toxics, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 564-8557; e-mail address: tobin.paul@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. This action may be of particular interest to anyone who may be affected if the AEGL values are adopted by government agencies for emergency planning, prevention, or response programs, such as EPA's Risk Management Program under the Clean Air Act and Amendments Section 112r. It is possible that other Federal agencies besides EPA, as well as State agencies and private organizations, may adopt the AEGL values for their programs. As such, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the DFO listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPPT-2006-0870. Publicly available docket materials are available electronically at <http://www.regulations.gov>, or, if only available in hard copy, at the OPPT Docket in the EPA Docket Center (EPA/DC). The EPA/DC suffered structural damage due to flooding in June 2006. Although the EPA/DC is continuing operations, there will be temporary changes to the EPA/DC during the clean-up. The EPA/DC Public Reading Room, which was temporarily closed due to flooding, has been relocated in the EPA Headquarters Library, Infoterra Room (Room Number 3334) in EPA West, located at 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number of the EPA/DC Public Reading Room is (202) 566-1744, and the telephone number for the OPPT Docket is (202) 566-0280. EPA visitors are required to show photographic identification and sign the EPA visitor

log. Visitors to the EPA/DC Public Reading Room will be provided with an EPA/DC badge that must be visible at all times while in the EPA Building and returned to the guard upon departure. In addition, security personnel will escort visitors to and from the new EPA/DC Public Reading Room location. Up-to-date information about the EPA/DC is on the EPA website at <http://www.epa.gov/epahome/dockets.htm>.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the “**Federal Register**” listings at <http://www.epa.gov/fedrgstr>.

II. Meeting Procedures

For additional information on the scheduled meeting, the agenda of the NAC/AEGL Committee, or the submission of information on chemicals to be discussed at the meeting, contact the DFO listed under **FOR FURTHER INFORMATION CONTACT**.

The meeting of the NAC/AEGL Committee will be open to the public. Oral presentations or statements by interested parties will be limited to 10 minutes. Interested parties are encouraged to contact the DFO to schedule presentations before the NAC/AEGL Committee. Since seating for outside observers may be limited, those wishing to attend the meeting as observers are also encouraged to contact the DFO at the earliest possible date to ensure adequate seating arrangements. Inquiries regarding oral presentations and the submission of written statements or chemical-specific information should be directed to the DFO.

III. Future Meetings

Another meeting of the NAC/AEGL Committee is scheduled for March 2007. In order to provide some advance notice of future chemicals for AEGL development, this notice provides names of those chemicals that at the present time are most likely to be addressed, although these priorities may change before the March 2007 meeting date. A subsequent **Federal Register** notice for that meeting will provide the final list of chemicals for AEGL development to be included in that future meeting. The chemicals are as follows: Allyl chloride; boron tribromide; bromine chloride; diketene; ethylene fluorohydrin; osmium tetroxide; pentaborane; silicon tetrachloride; silicon tetrafluoride; tetrachloroethylene; 1,1,1-trichloroethane; and toluene.
