

small entities, small entity is defined as: (1) A small business whose parent company has fewer than 100 or 1,000 employees, or fewer than 4 billion kilowatt-hours per year of electricity usage, depending on the size definition for the affected North American Industry Classification System code; (2) a small governmental jurisdiction that is a government of a city, county, town, school district or special district with a population of less than 50,000; and (3) a small organization that is any not-for-profit enterprise which is independently owned and operated and is not dominant in its field.

After considering the economic impacts of this proposed rule amendment on small entities, we conclude that this action will not have a significant economic impact on a substantial number of small entities. This proposed rule amendment will not impose any requirements on small entities because it does not impose any additional regulatory requirements.

We continue to be interested in the potential impacts of the proposed rule on small entities and welcome comments on issues related to such impacts.

Adequacy of Missouri Municipal Solid Waste Landfill Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve Missouri's Research, Development and Demonstration (RD&D) permit program and updates to the approved Municipal Solid Waste Landfill Permit (MSWLP) program. On March 22, 2004, the EPA issued final regulations allowing RD&D permits to be issued to certain municipal solid waste landfills by approved states. On April 14, 2006, Missouri submitted an application to

the EPA seeking Federal approval of its RD&D requirements and to update Federal approval of its MSWLP program.

DATES: Comments on this proposed action must be received in writing by December 18, 2006.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R07-OAR-2006-0877 by one of the following methods:

SUPPLEMENTARY INFORMATION: In the final rules section of the **Federal Register**, EPA is approving Missouri's Research, Development and Demonstration permit program and updates to the approved Municipal Solid Waste Landfill Permit (MSWLP) program as a direct final rule without prior proposal because the Agency views this as a noncontroversial action and anticipates no relevant adverse comments to this action. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on part of this rule and if that

part can be severed from the remainder of the rule, EPA may adopt as final those parts of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the rules section of this **Federal Register**.
