Dynamic Random Access Memory Semiconductors from the Republic of Korea: Extension of Time Limit for Final Results of Countervailing Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 16, 2006.

FOR FURTHER INFORMATION CONTACT: Andrew McAllister at (202) 482-1174 or Julie Santoboni at (202) 482-4194; AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On September 28, 2005, the Department of Commerce (the Department) published a notice of initiation of administrative review of the countervailing duty order on dynamic random access memory semiconductors (DRAMs) from the Republic of Korea, covering the period January 1, 2004 through December 31, 2004. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 70 FR 56631. On January 12, 2006, the petitioner, Micron Technology, Inc., alleged that the respondent, Hynix Semiconductor, Inc., received new

subsidies. The Department published the preliminary results of this administrative review on August 11, 2006. See *Dynamic Random Access Memory Semiconductors from the Republic of Korea: Preliminary Results of Countervailing Duty Administrative Review*, 71 FR 46192.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested and the final results of review within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Extension of Time Limits for Final Results

This administrative review is extraordinarily complicated due to the complexity of the countervailable subsidy practices alleged in the new subsidy allegations. Because the Department requires additional time to review and analyze arguments raised by interested parties in their case and rebuttal briefs, it is not practicable to complete this review by the original deadline of December 9, 2006. Therefore, the Department is extending the time limit for completion of the final results to not later than February 7, 2007, in accordance with section 751(a)(3)(A) of the Act.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: November 8, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 101706B]

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Snapper and Grouper Off the Southern Atlantic States

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of receipt of an application for an exempted fishing permit; request for comments.

SUMMARY: NMFS announces the receipt of an application for an exempted fishing permit (EFP) from the Gulf and South Atlantic Fisheries Foundation, Inc. If granted, the EFP would authorize the applicants, with certain conditions, to collect limited numbers of undersized and out-of-season snapper and grouper in South Atlantic Federal waters. This study is intended to characterize catch and discard mortality within the South Atlantic commercial hook and line snapper-grouper fishery.

DATES: Comments must be received no later than 5 p.m., eastern time, on December 18, 2006.

ADDRESSES: You may submit comments on the application by any of the following methods:

- E-mail: Steve.Branstetter@noaa.gov.

Include in the subject line of the e-mail comment the following document identifier: "FND_EFP".

- Mail: Steve Branstetter, Southeast Regional Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701.

- Fax: 727-824-5308.

The application and related documents are available for review upon written request to any of the above addresses.

FOR FURTHER INFORMATION CONTACT: Steve Branstetter, 727-824-5305; fax: 727-824-5308; e-mail: Steve.Branstetter@noaa.gov.

SUPPLEMENTARY INFORMATION: The EFP is requested under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), and regulations at 50 CFR 600.745(b) concerning exempted fishing.

The described research is part of a Cooperative Research Program Grant (Cooperative Agreement No. NA06NMF4540059). The Cooperative Research Program is a means of involving commercial and/or recreational fishermen in the collection of fundamental fisheries information. Resource collection efforts support the development and evaluation of fisheries management and regulatory options.

The proposed collection for scientific research involves activities otherwise prohibited by regulations implementing the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region. The applicants require authorization to harvest and possess undersized and out-of-season snapper and grouper for scientific research

activities during the period from November 1, 2006, through May 31, 2008. Specimens would be collected from Federal waters off the east coast of Florida and Federal waters off the coasts of Georgia, South Carolina, and North Carolina. Sampling would occur during normal fishing operations of the commercial snapper-grouper vertical hook-and-line fishery. Sampling would occur year-round, collecting up to 500 fish during the course of the sampling. Data collections for this study would support improved information about the catch, bycatch, discards, and discard mortality for species in the snapper-grouper complex. These data would provide insight on a stock's resilience to fishing, and would help refine estimates of long-term biological productivity of the stocks. Currently, these data are unavailable, and it is anticipated project results would yield valuable data within this fishery.

NMFS finds this application warrants further consideration. Based on a preliminary review, NMFS intends to issue an EFP. Possible conditions the agency may impose on this permit, if it is indeed granted, include but are not limited to, a prohibition of conducting research within marine protected areas, marine sanctuaries, or special management zones, without additional authorization. Additionally, NMFS may prohibit the possession of Nassau or goliath grouper, and require any sea turtles taken incidentally during the

course of fishing or scientific research activities to be handled with due care to prevent injury to live specimens, observed for activity, and returned to the water. A final decision on issuance of the EFP will depend on a NMFS review of public comments received on the application, consultations with the affected states, the South Atlantic Fishery Management Council, and the U.S. Coast Guard, and a determination that it is consistent with all applicable laws.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 9, 2006.

Revised Non-Foreign Overseas Per Diem Rates.

AGENCY: Per Diem, Travel and Transportation Allowance Committee, DoD.

ACTION: Notice of revised non-foreign overseas per diem rates.

SUMMARY: The Per Diem, Travel and Transportation Allowance Committee is publishing Civilian Personnel Per Diem Bulletin Number 250. This bulletin lists

revisions in the per diem rates prescribed for U.S. Government employees for official travel in Alaska, Hawaii, Puerto Rico, the Northern Mariana Islands and Possessions of the United States. AEA changes announced in Bulletin Number 194 remain in effect. Bulletin Number 250 is being published in the **Federal Register** to assure that travelers are paid per diem at the most current rates.

DATES: *Effective Date:* December 1, 2006.

SUPPLEMENTARY INFORMATION: This document gives notice of revisions in per diem rates prescribed by the Per Diem Travel and Transportation Allowance Committee for non-foreign areas outside the continental United States. It supersedes Civilian Personnel Per Diem Bulletin Number 249. Distribution of Civilian Personnel Per Diem Bulletins by mail was discontinued. Per Diem Bulletins published periodically in the **Federal Register** now constitute the only notification of revisions in per diem rates to agencies and establishments outside the Department of Defense. For more information or questions about per diem rates, please contact your local travel office. The text of the Bulletin follows:
