

their locations on census maps to ensure that they are as current, complete and accurate as possible. Listers will use Form DX-105A (U/L), Update/Leave Address Listing Pages to verify, and update addresses currently in the Census Bureau's Update/Leave universe. Listers will enter an action code for every address based on what they found out. Listers will visit addresses not already listed and add them to our address list. To add addresses, Listers will use Form DX-105B (U/L), Update/Leave Add Pages.

If the occupants of these living quarters are not at home the Listers will leave a questionnaire at the household in a plastic bag, then attempt to contact neighbors in order to obtain the correct address information. If the Lister is unable to contact anyone about an address, they will use their own judgment, and information from surrounding addresses to enter the address information. Quality Control (QC) for Update/Leave consist of an initial observation, a dependent quality control check in the field and an office review of completed work.

6. Dress Rehearsal Group Quarters Validation (GQV)

The U.S. Census Bureau will conduct the Group Quarters Validation Operation from 17 September-24 October 2007 at the 2008 Census Dress Rehearsal sites of San Joaquin County, California and Fayetteville and Eastern North Carolina. The GQV operation, which supports the Census Bureau's strategic goal of developing methodologies for compiling a complete and accurate MAF for the 2010 Census, is designed to verify and classify addresses identified as other living quarters during the 2006 Address Canvassing operation. The addresses will be classified as Group Quarters (GQ), Housing Unit (HU), or "not a living quarters". If the address is a GQ, the lister will label it with the correct type code, (e.g. as a college residence hall or skilled nursing unit). Listers will use the DX-351 GQV Questionnaire to list address information and type codes for each GQ in their workload. GQV creates the universe for a follow-up operation known as Group Quarters Enumeration (GQE), in which we count the residents of identified GQs.

7. Decennial Group Quarters Validation

The U.S. Census Bureau will conduct the Group Quarters Validation Operation as part of the 2010 Decennial Census. The operation will take place between Sept 11, 2009–October 22, 2009. The GQV operation verifies and classifies addresses identified as other

living quarters during the Decennial Address Canvassing operation. The addresses will be classified as Group Quarters (GQ), Housing Unit (HU), or "not a living quarters". If the address is a GQ, the lister will label it with the correct type code, (e.g. as a college residence hall or skilled nursing unit). Listers will use the DX-351 GQV Questionnaire to list address information and type codes for each GQ in their workload. GQV creates the universe for a follow-up operation known as Group Quarters Enumeration (GQE), in which we count the residents of identified GQs.

The list above is not exhaustive of all activities which may be performed under this generic clearance. We will follow the approved procedure when submitting any additional activities not specifically listed here.

II. Method of Collection

The primary method of data collection for most operations/evaluations will be personal interview by Census Listers, Verifiers or Enumerators using the operation/evaluation's listing form or questionnaire. A hand held computer and GPS software will be used as part of Address Canvassing to update address lists and maps. In some cases, the interview could be by telephone callback if no one was home on the initial visit.

Certain Pasta from Italy: Extension of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 22, 2006.

FOR FURTHER INFORMATION CONTACT: Dennis McClure or Preeti Tolani, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave, NW, Washington, DC 20230: (202) 482-5973 or (202) 482-0395, respectively.

SUPPLEMENTARY INFORMATION:

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue (1) the preliminary results of a review within 245 days after the last day of the month in which occurs the anniversary of the date of publication of an order or finding for which a review is requested, and (2) the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days and the final results to a maximum of 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of the publication of the preliminary results. See also 19 CFR 351.213(h)(2).

Background

On August 29, 2005, the Department published a notice of initiation of the antidumping duty order on certain pasta from Italy, covering the period July 1, 2004 to June 30, 2005. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 70 FR 51009 (August 29, 2005). On March 16, 2006, the Department extended the preliminary results of the review by 45 days. See *Certain Pasta from Italy: Extension of Time Limits for the Preliminary Results of Antidumping Duty Administrative Review*, 71 FR 13584 (March 16, 2006). On May 23, 2006, the Department extended the preliminary results of the review by an additional 75 days. See *Certain Pasta from Italy: Extension of Time Limits for the Preliminary Results of the Antidumping Duty Administrative Review*, 71 FR 29615 (May 23, 2006). On August 8, 2006, the Department published the preliminary results of its review. See *Notice of Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review: Ninth Administrative Review of the Antidumping Duty Order on Certain Pasta from Italy*, 71 FR 45017 (August 8, 2006). The final results of this review are currently due no later than December 6, 2006.

Extension of Final Results of Reviews

We determine that it is not practicable to complete the final results of this review within the original time limit because the Department needs additional time to review and analyze

the information gathered at Atar S.r.L.'s sales verification. Therefore, we are fully extending the deadline for the final results of the above-referenced review until February 4, 2007. However, because February 4 falls on a Sunday, the deadline for completion of the final results is February 5, 2007, the next business day.

This extension is in accordance with sections 751(a)(3)(A) and 777(i) of the Act and 19 CFR 351.213(h)(2).

Dated: November 16, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.
