Transportation Security Administration

4. Visitor Management System (VMS)

Transportation Security Administration (TSA)

July 14, 2006: TSA’s Office of Security has established a Security Appointment Center (SAC), which will utilize VMS. VMS is a system by which computerized visitor logs will be generated and temporary self-expiring paper badges will be issued for all visitors entering the TSA Headquarters Buildings and the Transportation Security Operations Center.

5. Automated Biometric Identification System (IDENT)

US-VISIT

July 31, 2006: This PIA describes changes to IDENT corresponding to the publication of a new IDENT system of records notice. IDENT is a Department of Homeland Security wide system for the collection and processing of biometric and limited biographic information for DHS national security, law enforcement, immigration, intelligence and other DHS mission-related functions and to provide associated testing, training, management reporting, planning and analysis, or other administrative uses.

6. Western Hemisphere Travel Initiative (WHTI)

CBP

August 10, 2006: U.S. Customs and Border Protection, Department of Homeland Security, in conjunction with the Bureau of Consular Affairs, Department of State, is publishing a notice of proposed rule making to implement WHTI. The air/sea requirements of WHTI are the first phase in the implementation of new passport requirements for certain travelers to, and from, the United States as defined in the Intelligence Reform and Terrorism Prevention Act of 2004. WHTI will expand the group from which passport and travel information will be collected from affected travelers.

7. ePassport Program

US-VISIT

August 18, 2006: This is an update to previous US-VISIT PIAs to address the changes to the port of entry processing that will result from the deployment of the capability to biometrically compare and authenticate RFID chip-enabled, International Civil Aviation Organization (ICAO)-compliant passports (e-Passports).

8. Office of Transportation Redress

TSA

August 31, 2006: The TSA Traveler Identity Verification Program was developed as a voluntary program by TSA to provide a forum for individuals who believe they have been unfairly or incorrectly delayed, denied boarding, or identified for additional screening at our Nation’s airports to request redress. Responsibility for the program lies in TSA’s Office of Transportation Security Redress.

9. Interim Data Sharing Model (IDSM)

US-VISIT

September 1, 2006: This PIA describes the change to the AIFS (Interoperability Project) to the Automated Biometric Identification System (IDENT)/Integrated Automated Fingerprint Identification System (IAFIS) Interoperability Project. As anticipated under the External Data Sharing section of the IDENT PIA, this document discusses the sharing of data between IDENT and the Federal Bureau of Investigation (FBI) Criminal Justice Information Service (CJIS) Division’s IAFIS. FBI/CJIS provides criminal history information to Federal, state, and local law enforcement agencies. The FBI completed its own PIA on the data it shares with IDENT. Therefore, this PIA discusses only the DHS sharing of IDENT data with the FBI/CJIS.

10. Registered Traveler

TSA

September 1, 2006: Pursuant to TSA’s authority to operate trusted traveler programs and following two sets of pilot programs, TSA is conducting the next phase of Registered Traveler at approximately 10–20 participating airports to further test and evaluate this type of trusted passenger program. This phase introduces interoperability among participating airports/air carriers and operating with larger populations.

Dated: November 15, 2006.

Hugo Teufel III,
Chief Privacy Officer.

DEPARTMENT OF HOMELAND SECURITY

Bureau of Customs and Border Protection

Agency Information Collection Activities: Centralized Examination Station

AGENCY: Bureau of Customs and Border Protection, Department of Homeland Security.

ACTION: Proposed collection; comments requested.

SUMMARY: The Bureau of Customs and Border Protection (CBP) of the Department of Homeland Security has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995: Centralized Examination Station. This is a proposed extension of an information collection that was previously approved. CBP is proposing that this information collection be extended without a change to the burden hours. This document is published to obtain comments from the public and affected agencies. This proposed information collection was previously published in the Federal Register (71 FR 54675) on September 18, 2006, allowing for a 60-day comment period. This notice allows for an additional 30 days for public comments. This process is conducted in accordance with 5 CFR 1320.10.

DATES: Written comments should be received on or before December 26, 2006.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to Nathan Lesser, Desk Officer, Department of Homeland Security/Custums and Border Protection, and sent via electronic mail to oira_submission@omb.eop.gov or faxed to (202) 395–6974.

SUPPLEMENTARY INFORMATION: The Bureau of Customs and Border Protection (CBP) encourages the general public and affected Federal agencies to submit written comments and suggestions on proposed and/or continuing information collection requests pursuant to the Paperwork Reduction Act of 1995 (Pub. L. 104–13). Your comments should address one of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency/component, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agencies/components estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collections of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Type of Review: Extension (without change).

Affected Public: Businesses, Individuals, Institutions.

Estimated Number of Respondents: 12,200.

Estimated Time Per Respondent: 10 hours.

Estimated Total Annual Burden Hours: 128,000.

Estimated Total Annualized Cost on the Public: $12,800,000.

If additional information is required contact: Tracey Denning, Bureau of Customs and Border Protection, 1300 Pennsylvania Avenue, NW., Room 3.2.C, Washington, DC 20229, at 202–344–1429.

Dated: November 16, 2006.

Tracey Denning,

Agency Clearance Officer, Information Services Branch.
