

requirement, who is entitled to receive the notice, and the time, form, and manner of issuance of the notice. The notice provides recipients with meaningful, understandable, and timely information that will help them become better informed about their plans and assist them in their financial planning.

The Pension Protection Act of 2006 repealed section 4011 of ERISA for plan years starting after 2006. However, plan administrators of non-calendar year plans required to provide a Participant Notice for the 2006 plan year will, in most cases, provide those notices in calendar year 2007. In addition, PBGC expects that during the next three years a small number of plan administrators will issue late or corrected Participant Notices for 2006 or earlier plan years.

The collection of information under the regulation has been approved by OMB under control number 1212-0050 (expires December 31, 2006). The PBGC is requesting that OMB extend its approval for three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The PBGC estimates that an average of 764 Participant Notices per year will be filed by plan administrators in response to this collection of information. PBGC further estimates that the average annual burden of this collection of information on respondents is 1.38 hours and \$380 per plan, with an average total annual burden of 1,057 hours and \$290,675.

Issued in Washington, DC, this 20th day of November, 2006.

Jon Baake,

Acting Chief Technology Officer, Pension Benefit Guaranty Corporation.

OFFICE OF PERSONNEL MANAGEMENT

Proposed Collection; Comment Request for Extension of a Currently Approved Information Collection: Reemployment of Annuitants, 5 CFR 837.103

AGENCY: Office of Personnel Management.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995), this notice announces that the Office of Personnel Management (OPM) intends to submit to the Office of Management and Budget (OMB) a request for extension of a currently approved information collection. Section 837.103 of Title 5, Code of Federal Regulations, requires agencies to collect information from retirees who become employed in Government positions. Agencies need to collect timely information regarding the type and amount of annuity being received so the correct rate of pay can be determined. Agencies provide this information to OPM so a determination can be made whether the reemployed retiree's annuity must be terminated.

Comments are particularly invited on: whether this collection of information is necessary for the proper performance of functions of the Office of Personnel Management, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

Approximately 3,000 reemployed retirees are asked this information annually. It takes each reemployed retiree approximately 5 minutes to provide the information for an annual estimated burden of 250 hours.

For copies of this proposal, contact Mary Beth Smith-Toomey on (202) 606-8358, FAX (202) 418-3251 or via e-mail to MaryBeth.Smith-Toomey@opm.gov. Please include a mailing address with your request.
