

requirements for oil tankers delivered before 6 July 1996," establishes design requirements for double hull oil tank vessels delivered before July 6, 1996.

- Regulation 21 of revised Annex I, "Prevention of oil pollution from oil tankers carrying heavy grade oil as cargo," bans the carriage of heavy grade oil in certain single hull tank vessels.

Through its January 25, 2005 declaration, which is available in the docket, the U.S. advised the IMO that the express approval of the U.S. will be necessary before these amendments will be applied in place of existing U.S. law. As a result, the U.S. has reaffirmed with the IMO that the Oil Pollution Act of 1990 (OPA 90) continues to be the

national governing design standard for tank vessels operating in U.S. waters.

This January 25, 2005, declaration is fully consistent with prior actions by the U.S. in this area. In each of the three past instances, the U.S. deposited an instrument with IMO and published a notice in the **Federal Register**. Details of these past notices are found in the table below.

Notice title	Docket number, federal register cite, date of publication	Notice summary
Double Hull Standards for Vessels Carrying Oil in Bulk; U.S. Position on International Standards for Tank Vessel Design.	CGD 90-051; 58 FR 39087; July 21, 1993.	International standards for new and existing tank vessel designs were developed and adopted by the International Maritime Organization (IMO) in March 1992. The U.S. has taken the position with IMO that the express approval of the U.S. Government would be necessary before these international tank vessel design standards will be enforced by the U.S. This is due to technical differences with the mandated requirements of the Oil Pollution Act of 1990 (OPA 90) and IMO's adopted international tank vessel design standards.
Double Hull Standards for Vessels Carrying Oil in Bulk; U.S. Position on the Amendment of International Standards for the Phase-Out of Existing Single Hull Tank Vessels.	USCG-2002-10298; 67 FR 7443; February 19, 2002.	This notice is to inform the public that on February 12, 2002, the U.S. Embassy in London deposited a declaration with the International Maritime Organization (IMO) stating that the express approval of the U.S. Government will be necessary before the revised Regulation 13G of the International Convention for the Prevention of Pollution from Ships (MARPOL 73/78) would enter into force for the U.S. In this declaration, the U.S. cited specific technical differences between the revised MARPOL Regulation for new and existing tankers and OPA 90.
U.S. Position on Amendments to MARPOL 73/78 Regarding the Phase-Out of Existing Single Hull Tank Vessels.	USCG-2004-18656; 69 FR 46172; August 2, 2004.	This notice is to inform the public that on Friday, July 2, 2004, the U.S. Embassy in London deposited a declaration with the International Maritime Organization stating that the express approval of the U.S. Government will be necessary before the December 2003 revised Regulation 13G and new Regulation 13H of the International Convention for the Prevention of Pollution from Ships (MARPOL 73/78) would enter into force for the U.S. In this declaration, the U.S. cited specific technical differences between the revised MARPOL 73/78 regulations for new and existing tank vessels and provisions of the Oil Pollution Act of 1990.

Copies of these notices are available in the docket.

Authority: 33 U.S.C. 1231, 33 U.S.C. 1321, E.O. 12777, Department of Homeland Security Delegation No. 0170.1.

Dated: November 24, 2006.

P.E. Little,

Captain, U.S. Coast Guard, Acting Director of National and International Standards, Assistant Commandant for Prevention.

BILLING CODE 4910-15-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Citizenship and Immigration Services

Agency Information Collection Activities: Extension of a Currently Approved Information Collection; Comment Request

ACTION: 60-Day Notice of Information Collection Under Review: Application for Advance Permission To Return to Unrelinquished Domicile, Form I-191, OMB Control Number 1615-0016.

The Department of Homeland Security, U.S. Citizenship and Immigration Services (USCIS) has

submitted the following information collection request for review and clearance in accordance with the Paperwork Reduction Act of 1995. The information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted for sixty days until January 29, 2007.

Written comments and suggestions regarding items contained in this notice, and especially with regard to the estimated public burden and associated response time should be directed to the Department of Homeland Security (DHS), USCIS, Director, Regulatory Management Division, Clearance Office, 111 Massachusetts Avenue, NW., Suite 3008, Washington, DC 20529.

Comments may also be submitted to DHS via facsimile to 202-272-8352, or via e-mail at rfs.regs@dhs.gov. When submitting comments by e-mail add the OMB Control Number 1615-0016 in the subject box.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information should address one or more of the following four points:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agencies estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Extension of a currently approved collection.

(2) *Title of the Form/Collection:* Application for Advance Permission to Return to Unrelinquished Domicile.

(3) *Agency form number, if any, and the applicable component of the Department of Homeland Security sponsoring the collection:* Form I-191. U.S. Citizenship and Immigration Services.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Individuals or Households. The information collected on this form will be used by U.S. Citizenship and Immigration Services to determine whether the applicant is eligible for discretionary relief under section 212(c) of the Act.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* 300 responses at 15 minutes (.25 hours) per response.

(6) *An estimate of the total public burden (in hours) associated with the collection:* 75 annual burden hours.

If you have additional comments, suggestions, or need a copy of the proposed information collection instrument, please contact USCIS,

Regulatory Management Division, 111 Massachusetts Avenue, NW., Suite 3008, Washington, DC 20529, telephone 202-272-8377.

Dated: November 27, 2006.

Stephen Tarragon,

Deputy Director, Regulatory Management Division, U.S. Citizenship and Immigration Services, Department of Homeland Security.

BILLING CODE 4410-10-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability of an Environmental Assessment and Receipt of an Application for an Incidental Take Permit for the Oakmont Industrial Group Development, City of Ontario, San Bernardino County, CA

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability and receipt of application.

SUMMARY: The Oakmont Industrial Group (Applicant) has applied to the Fish and Wildlife Service (Service) for an incidental take permit pursuant to section 10(a)(1)(B) of the Endangered Species Act (Act) of 1973, as amended. The Service is considering issuing a 5-year permit to the Applicant that would authorize take of the federally endangered Delhi Sands flower-loving fly (*Rhaphiomidas terminatus abdominalis*; DSF). The proposed permit would authorize the incidental taking of individual DSF. The permit is needed by the Applicant because take of DSF could occur during the proposed construction of a commercial development on a 19-acre site in the City of Ontario, San Bernardino County, California.

The permit application includes the proposed Habitat Conservation Plan (Plan), which describes the proposed action and the measures that the Applicant will undertake to minimize and mitigate the impact of the take of the DSF.

DATES: We must review any written comments on or before January 29, 2007.

ADDRESSES: Send written comments to Mr. Jim Bartel, Field Supervisor, Fish and Wildlife Service, Carlsbad Fish and Wildlife Office, 6010 Hidden Valley Road, Carlsbad, CA 92011. You also may send comments by facsimile to (760) 918-0638. To review the permit application and plan, see "Availability of Documents" under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Ms. Karen Goebel, Assistant Field Supervisor (see **ADDRESSES**), (760) 431-9440.

SUPPLEMENTARY INFORMATION:

Availability of Documents

You may obtain copies of these documents for review by contacting the office under **ADDRESSES**. Documents also will be available for public inspection, by appointment, during normal business hours at our Carlsbad office (see **ADDRESSES**) and at the San Bernardino County Libraries. Addresses for the San Bernardino County Libraries are: (1) 13180 Central Avenue, Chino, CA 91710; (2) 2003 Grand Avenue, Chino Hills, CA 91709; (3) 16860 Valencia Avenue, Fontana, CA 92335; and (4) 104 West Fourth Street, San Bernardino, CA 92415.

Background

Section 9 of the Act (16 U.S.C. 1531 *et seq.*) and Federal regulations prohibit the "take" of fish and wildlife species listed as endangered or threatened. Take of federally listed fish and wildlife is defined under the Act to include "to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct." The Service may, under limited circumstances, issue permits to authorize incidental take (i.e., take that is incidental to, and not the purpose of, the carrying out of an otherwise lawful activity). Regulations governing incidental take permits for threatened and endangered species are found in 50 CFR 17.32 and 17.22.

The Applicant is proposing development of commercial facilities on 19 acres of land in the City of Ontario, San Bernardino County, California. The project site is located south of Greystone Drive, north of Brentstone Street, and west of Stanford Avenue. The proposed project site is bordered by existing commercial facilities to the east and west, State Route 60 to the south, and approximately 13 acres of open space to the north. Over the past several years, the site has experienced heavy use by off-highway vehicles.

Approximately 10 acres of the site are considered occupied by the DSF. The Service has determined that the proposed development would result in incidental take of the DSF. No other federally listed species are known to utilize the site.

To mitigate take of DSF on the project site, the Applicant proposes to purchase credits towards conservation in perpetuity of 10 acres of occupied DSF habitat at the Colton Dunes Conservation Bank in eastern San
