#### SUPPLEMENTARY INFORMATION:

##### I. Background

PTE 75-1 provides exemptions from certain prohibited transaction provisions of the Employment Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code of 1986 (Code) for specified types of transactions between employee benefit plans and broker-dealers, reporting dealers and banks relating to securities purchases and sales, provided specified conditions are met. The exempted transactions include an employee benefit plan's purchase of securities from broker-dealers' inventories of stocks, from underwriting syndicates in which a plan fiduciary is a member, from banks, from reporting dealers, and from a market-maker even if a market-maker is a plan fiduciary. The exempted transactions also include, under certain conditions, a plan's accepting an extension of credit from a broker-dealer for the purpose of facilitating settlement of a securities transaction. Among other conditions, PTE 75-1 requires that a party seeking to rely on the exemption with respect to a transaction maintain adequate records of the transaction for a period of six years. The Department has obtained approval from the Office of Management and Budget (OMB) for this information collection under OMB Control No. 1210-0092.
