

TA-W-60,366; Jones Apparel Group, NY Better Apparel Production, New York, NY.

TA-W-60,159; Brown International Corporation, Covina, CA.

The investigation revealed that the predominate cause of worker separations is unrelated to criteria (a)(2)(A)(I.C.) (increased imports) and (a)(2)(B)(II.C.) (shift in production to a foreign country under a free trade agreement or a beneficiary country under a preferential trade agreement, or there has been or is likely to be an increase in imports).

None.

The workers' firm does not produce an article as required for certification under Section 222 of the Trade Act of 1974.

TA-W-60,265; Physical Rehab Works, Working Onsite at Maytag Corp., Herrin, IL.

TA-W-60,265A; Executive Security Specialists, Working Onsite at Maytag Corp., Herrin, IL.

TA-W-60,272; Elder Manufacturing Co., Dexter Facility, Dexter, MO.

The investigation revealed that criteria of Section 222(b)(2) has not been met. The workers' firm (or subdivision) is not a supplier to or a downstream producer for a firm whose workers were certified eligible to apply for TAA.

None.

I hereby certify that the aforementioned determinations were issued during the period of November 20 through November 24, 2006. Copies of these determinations are available for inspection in Room C-5311, U.S. Department of Labor, 200 Constitution Avenue, NW., Washington, DC 20210 during normal business hours or will be mailed to persons who write to the above address.

Dated: November 30, 2006.

Linda G. Poole,

Certifying Officer, Division of Trade Adjustment Assistance.

Xyron Inc., Garden Grove, CA; Notice of Termination of Investigation

Pursuant to Section 221 of the Trade Act of 1974, as amended, an investigation was initiated on November 14, 2006, in response to a petition filed on behalf of workers of Xyron Inc., Garden Grove, California. The workers produced adhesive coated liners.

This petitioning group of workers is covered by an earlier petition (TA-W-60,355) filed on November 2, 2006, that is the subject of an ongoing investigation for which a determination has not yet been issued. Accordingly, further investigation in this case would serve no purpose and this investigation has been terminated.

Dated: November 29, 2006.

Linda G. Poole,

Certifying Officer, Division of Trade Adjustment Assistance.

Notice of Approval for Missouri for Avoidance of 2006 Credit Reduction Under the Federal Unemployment Tax Act

Sections 3302(c)(2) and 3302(d)(3) of the Federal Unemployment Tax Act (FUTA) provide that employers in a state that has an outstanding balance of advances under Title XII of the Social Security Act on January 1 of two or more consecutive years are subject to a reduction in credits otherwise available against the FUTA tax for a calendar year, if a balance of advances remains on November 10 of that year. Because the account of Missouri in the Unemployment Trust Fund had a balance of advances on January 1 of 2004, 2005, and 2006, and still had a balance of advances on November 10, 2006, Missouri employers were potentially liable for a reduction in their FUTA offset credit for 2006.

Section 3302(g) of FUTA provides that a state may avoid credit reduction for a year by meeting certain criteria. Missouri applied for avoidance of the 2006 credit reduction under this section. Pursuant to delegation of authority to me under Secretary's Order 4-75, I have determined that Missouri meets all of the criteria of section 3302(g) and thus qualifies for credit reduction avoidance. Therefore, Missouri employers will have no reduction in FUTA offset credit for calendar year 2006.

Dated: November 24, 2006.

Emily Stover DeRocco,

Assistant Secretary for Employment and Training.

NATIONAL NANOTECHNOLOGY COORDINATION OFFICE

Nanoscale Science, Engineering and Technology Subcommittee, National Science and Technology Council, Committee on Technology; Research Needs and Priorities Related to the Environmental, Health, and Safety Aspects of Engineered Nanoscale Materials: Public Meeting

ACTION: Notice of public meeting.

SUMMARY: The National Nanotechnology Coordination Office (NNCO), on behalf of the Nanoscale Science, Engineering, and Technology (NSET) Subcommittee of the Committee on Technology, National Science and Technology Council (NSTC), will hold a public meeting on January 4, 2007, to receive input on research needs related to the environmental, health, and safety aspects of engineered nanoscale materials (hereafter referred to as nanomaterials). Specifically, the NSET Subcommittee is seeking comment on the research needs and prioritization criteria for the research identified in the NSET Subcommittee document Environmental, Health, and Safety Research Needs for Engineered Nanoscale Materials, which was released on September 15, 2006.

Date and Address: The public meeting will be held on Thursday, January 4, 2007, beginning at 8:30 a.m. at the FDIC Training Center, 3501 North Fairfax Drive, Arlington, VA 22226. A schedule will be published prior to the meeting. Directions to the facility are available on the registration web page (see below).

Registration: Persons interested in attending the meeting may register at http://www.nano.gov/public_ehs.html prior to the meeting. Due to space limitations, early registration is suggested. On-site registration will be available on a first-come basis, space permitting.

Persons interested in presenting comments at the meeting also should register at http://www.nano.gov/public_ehs.html and should do so no later than Wednesday, December 20, 2006.

Written or electronic comments may be submitted on the same web page until January 31, 2007.

Information on this meeting also will be posted on <http://www.nano.gov>.

FOR FURTHER INFORMATION, CONTACT: For information regarding this Notice, please contact Cate Alexander Brennan, National Nanotechnology Coordination Office. Telephone: (703) 292-4399. E-mail: calexand@nnco.nano.gov.
