

§ 180.522 Fumigants for processed grains used in production of fermented malt beverage; tolerances for residues.

(a) *General.* Fumigants for processed grain may be safely used, in accordance with the following conditions.

(1) Methyl bromide. Total residues of inorganic bromides (calculated as Br) from the use of this fumigant shall not exceed 125 parts per million.

(2) Methyl bromide is used to fumigate corn grits and cracked rice in the production of fermented malt beverage.

(3) To assure safe use of the fumigant, its label and labeling shall conform to the label and labeling registered by the U.S. Environmental Protection Agency, and the usage employed should conform with such label or labeling.

(4) The total residue of inorganic bromides in fermented malt beverage, resulting from the use of corn grits and cracked rice fumigated with the fumigant described in paragraph (a)(2) of this section plus additional residues of inorganic bromides that may be present from uses in accordance with other regulations in this chapter promulgated under section 408 and/or 409 of the Act, does not exceed 25 parts per million bromide (calculated as Br).

(b) *Section 18 emergency exemptions.* [Reserved]

(c) *Tolerances with regional registrations.* [Reserved]

(d) *Indirect or inadvertent residues.* [Reserved]

■ 23. Section 180.525 is revised to read as follows:

§ 180.525 Resmethrin; tolerances for residues.

(a) *General.* Tolerances are established for residues of the insecticide resmethrin [5-(phenylmethyl)-3-furanyl] methyl 2,2-dimethyl-3-(2-methyl-1-propenyl) cyclopropanecarboxylate in or on food commodities at 3.0 ppm resulting from use of the insecticide in food handling and storage areas as a space concentration for spot/or crack and crevice treatment and shall be limited to a maximum of 3.00 percent of the active ingredient by weight, and as a space treatment shall be limited to a maximum of 0.5 fluid ounce of 3.0 percent active ingredient by weight per 1000 cubic feet of space provided that the food is removed or covered prior to such use. To assure safe use of the additive, its label and labeling shall conform to that registered with the U.S. Environmental Protection Agency, and shall be used in accordance with such label and labeling.

(b) *Section 18 emergency exemptions.* [Reserved]

(c) *Tolerances with regional registrations.* [Reserved]

(d) *Indirect or inadvertent residues.* [Reserved]

■ 24. By revising § 180.538 to read as follows:

§ 180.538 Copper; tolerances for residues.

(a) *General.* A tolerance of 1 part per million is established in water, potable for residues of copper resulting from the use of the algicides or herbicides basic copper carbonate (malachite), copper sulfate, copper monoethanolamine, and copper triethanolamine to control aquatic plants in reservoirs, lakes, ponds, irrigation ditches, and other potential sources of potable water.

(b) *Section 18 emergency exemptions.* [Reserved]

(c) *Tolerances with regional registrations.* [Reserved]

(d) *Indirect or inadvertent residues.* [Reserved]

■ 25. In § 180.545 paragraph (a)(2) is revised to read as follows:

§ 180.545 Prallethrin (RS)-2-methyl-4-oxo-3-(2-propynyl)cyclopent-2-enyl (1RS)-cis, trans-chrysanthemate; tolerances for residues.

(a) * * *

(2) In or on food commodities in food handling establishments where food and food products are held, processed, prepared and/or served.

* * * * *

BILLING CODE 6560-50-S

FEDERAL COMMUNICATIONS COMMISSION**47 CFR Part 64**

[CG Docket No. 02-386; FCC 06-134]

Rules and Regulations Implementing Minimum Customer Account Record Exchange Obligations on All Local and Interexchange Carriers

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Commission adopts minor modifications of the Commission's customer account record exchange (CARE) rules. The Commission concluded that minor modifications to its rules are needed to clarify carriers' respective obligations under that section in order to ensure accurate billing of end user customers, and to execute end user customer requests in a timely manner.

DATES: The rules in this document contain information collection requirements that have not been approved by the Office of Management and Budget (OMB). The Commission will publish a document in the **Federal Register** announcing the effective date for these rules. Written comments by the public on the new and modified information collections are due February 12, 2007.

ADDRESSES: Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: David Marks, Consumer & Governmental Affairs Bureau at (202) 418-0347 (voice), or e-mail David.Marks@fcc.gov.

SUPPLEMENTARY INFORMATION: On February 25, 2005, the Commission released a Report and Order and Further Notice of Proposed Rulemaking (*Report and Order*), *Rules and Regulations Implementing Minimum Customer Account Record Exchange Obligations on All Local and Interexchange Carriers*, published at 70 FR 32258, June 2, 2005 in which it established mandatory, minimum standards governing the exchange of customer account information between local exchange carriers (LECs) and interexchange carriers (IXCs). On August 9, 2005, the Commission released a public notice requesting comment on proposed clarifications and modifications to the rules (*see* Consumer & Governmental Affairs Bureau Seeks Comment on Proposed Modifications/Clarifications to Rules Governing the Exchange of Customer Account Information Between Local and Long Distance Carriers, CG Docket No. 02-386, Public Notice, DA 05-2266, 70 FR 53137 (Sept. 7, 2005) (*Public Notice*)). This is a summary of the Commission's *Order on Reconsideration*, CG Docket No. 02-386, FCC 06-134, adopted September 6, 2003, and released September 13, 2006.

This document contains new information collection requirements subject to the PRA of 1995, Public Law 104-13. These requirements will be submitted to OMB for review under section 3507(d) of the PRA. OMB, the general public, and other Federal agencies are invited to comment on the new information collection requirements contained in this proceeding. In addition to filing comments with the Secretary, a copy of any comments on the Paperwork Reduction Act (PRA) information collection requirements contained herein should be submitted to Leslie Smith, Federal Communications Commission, Room 1-C216, 445 12th

Street, SW., Washington, DC 20554, or via the Internet to Leslie.Smith@fcc.gov, and to Allison E. Zaleski, OMB Desk Officer, Room 10236 NEOB, 725 17th Street, NW., Washington, DC 20503, via the Internet to [Allison E. Zaleski@omb.eop.gov](mailto:Allison.E.Zaleski@omb.eop.gov) or via fax at (202) 395-6466.

Copies of any subsequently filed documents in this matter will be available for public inspection and copying during regular business hours at the FCC Reference Information Center, Portals II, 445 12th Street, SW., Room CY-A257, Washington, DC 20554. The complete text of this document may be purchased from the Commission's duplicating contractor, Best Copy and Printing, at Portals II, 445 12th Street, SW., Room CY-B402, Washington, DC 20554. Customers may contact the Commission's duplicating contractor at its Web site: <http://www.bcpweb.com> or call 1-800-378-3160. To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an e-mail to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at (202) 418-0530 (voice) or (202) 418-0432 (TTY).

Paperwork Reduction Act of 1995 Analysis

This document contains new information collection requirements. The Commission, as part of its continuing effort to reduce paperwork burdens, invites the general public to comment on the information collection requirements contained in the *Order on Reconsideration* as required by the Paperwork Reduction Act (PRA) of 1995, Public Law 104-13. Public and agency comments are due February 12, 2007. In addition, the Commission notes that pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C. 3506(c)(4), the Commission previously sought specific comment on how the Commission might "further reduce the information collection burden for small business concerns with fewer than 25 employees." In the present document, the Commission undertook to minimize the burden of the new rules on small businesses and small entities. For example, the rules adopted here do not require the use of particular CARE codes for the exchange of customer account information. The Commission also does not adopt specific performance measurements for the timeliness and completeness of the transfer of customer account information between LECs and IXC. Finally, the Commission notes that carriers subject to these requirements may use a variety of

transmission mediums (*e.g.*, facsimile, mail, electronic mail, cartridge) for the required information exchanges. These measures should substantially alleviate any burdens on businesses with fewer than 25 employees.

Synopsis

In this *Order on Reconsideration*, the Commission concludes that minor modifications to § 64.4002 are needed to clarify carriers' respective obligations under that rule section. Section 64.4002(d) is modified to require that a LEC notify an IXC when the LEC has removed at its local switch a presubscribed customer of the IXC in connection with the customer's selection of "no-PIC" status. In this context, the selection of "no-PIC" status by the customer refers to the selection of no carrier for interLATA service or no carrier for intraLATA service. The Commission concludes that this modification is needed to ensure that an IXC does not continue billing a customer for non-usage-related monthly charges where that customer has contacted his current LEC or his current IXC to select "no-PIC" status.

Section 64.4002(e) of the Commission's rules is modified to include the effective date of any changes to a customer's local service account and the carrier identification code of the customer's IXC among the categories of information that must be provided to the IXC by the LEC. The Commission concludes that knowing the effective date of account changes will help IXCs to maintain accurate customer account information and that including the carrier identification code of the customer's IXC will enable an IXC to verify that it is the proper recipient of the transmitted information.

Section 64.4002(g) of the Commission's rules is modified to make the information categories included in § 64.4002(g) consistent with those included in other LEC notification requirements.

Section 64.4002(g) also is modified to require that when a customer changes LECs, but wishes to retain his current PIC, the new LEC must so notify the current PIC so that the current PIC does not erroneously assume, absent additional notification from the new LEC, that the customer also wishes to cancel his current PIC.

Sections 64.4002(a)(6), (b)(6), (d)(5) and (f)(5) of the Commission's rules are modified to substitute the phrase "carrier identification code of the IXC" for the phrase "carrier identification code of the submitting LEC." This "mirroring" of information back to the IXC by the LEC serves as a "handshake"

and is needed to confirm that the LEC has properly identified the intended recipient of a particular notification.

Final Regulatory Flexibility Certification

The Regulatory Flexibility Act of 1980, as amended (RFA), requires that a regulatory flexibility analysis be prepared for notice-and-comment rulemaking proceedings, unless the agency certifies that "the rule will not, if promulgated, have a significant economic impact on a substantial number of small entities." The RFA generally defines the term "small entity" as having the same meaning as the terms "small business," "small organization," and "small governmental jurisdiction." In addition, the term "small business" has the same meaning as the term "small business concern" under the Small Business Act. A "small business concern" is one which: (1) is independently owned and operated; (2) is not dominant in its field of operation; and (3) satisfies any additional criteria established by the Small Business Administration (SBA).

On August 9, 2005, the Commission released a Public Notice seeking comment on the Coalition's proposed clarifications and modifications to § 64.4002 of the Commission's rules. This *Order on Reconsideration* adopts clarifications and modifications that are in the nature of technical corrections to the Commission's customer account record exchange rules that do not have a significant economic impact on entities subject to those rules. First, our modification to § 64.4002(d) makes this provision consistent with similar notification requirements adopted in the CARE *Order* simply by requiring a LEC to confirm its receipt of a particular IXC-initiated notification with an appropriate response. Similarly, we adopt modifications to §§ 64.4002(e) and (g) to include within the information exchanges prescribed by those sections, the same standard categories of information that carriers routinely must provide in connection with other notification obligations adopted in the CARE *Order*. Changing these two sections to parallel other sections of the Commission's CARE rules simplifies and, thereby, reduces the compliance burden. Lastly, we modify §§ 64.4002(a)(6), (b)(6), (d)(5) and (f)(5) to change the phrase "carrier identification code of the submitting LEC" to read "carrier identification code of the submitting IXC." This change adds no additional compliance burden. The Commission believes that the compliance burden, and resulting

economic impact on entities subject thereto, will be *de minimis*.

Therefore, we certify for purposes of the RFA that the clarifications and modifications we adopt in this *Order on Reconsideration* will not have a significant economic impact on a substantial number of small entities.

The Commission will send a copy of the *Order on Reconsideration*, including a copy of this Final Regulatory Flexibility Certification (*FRFC*), to the Chief Counsel for Advocacy of the SBA. This final certification will also be published in the **Federal Register**.

Congressional Review Act

The Commission will send a copy of the *Order on Reconsideration*, including the *FRFC*, in a report to be sent to Congress and the Comptroller General pursuant to the Congressional Review Act. In addition, the Commission will send a copy of the *Order on Reconsideration*, including this *FRFC*, to the Chief Counsel for Advocacy of the Small Business Administration. A copy of the *Order on Reconsideration* and *FRFC* (or summaries thereof) will also be published in the **Federal Register**. (See 5 U.S.C. 604(b)).

Ordering Clauses

Pursuant to the authority contained in sections 1–4, 201, 202, 222, 258, and 303(r) of the Communications Act of 1934, as amended; 47 U.S.C. 151–154, 201, 202, 222, 258, and 303(r), the *Order on Reconsideration* Is Adopted.

Pursuant to the authority contained in sections 1–4, 201, 202, 222, 258, and 303(r) of the Communications Act of 1934, as amended; 47 U.S.C. 151–154, 201, 202, 222, 258, and 303(r), part 64 of the Commission's rules, 47 CFR part 64, Is Amended as set forth below.

Because many of the rules and requirements contained in this *Order on Reconsideration* and as set forth below contain information collection requirements under the PRA, the rules and requirements Shall Not Become Effective until the information collection requirements have been approved by OMB. The Commission will publish a document in the **Federal Register** announcing the effective date of these rules.

Pursuant to the authority contained in sections 1–4, 201, 202, 222, 258, and 303(r) of the Communications Act of 1934, as amended; 47 U.S.C. 151–154, 201, 202, 222, 258, and 303(r), and § 1.407 of the Commission's rules, 47 CFR 1.407, the Request for Modification filed by AT&T Corp, BellSouth Corporation, Sprint Corporation, Qwest Communications International Inc., and VerizonCommunications, Inc. on April

15, 2005, and June 15, 2005, is granted in part and denied in part, to the extent provided herein.

Reporting and recordkeeping requirements, telecommunications, telephone.

Federal Communications Commission.

Marlene H. Dortch,
Secretary.

Rule Changes

■ For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 64 as follows:

PART 64—MISCELLANEOUS RULES RELATING TO COMMON CARRIERS

■ 1. The authority citation continues to read as follows:

Authority: 47 U.S.C. 154, 254(k); secs. 403(b)(2)(B), (c), Pub. L. 104–104, 110 Stat. 56. Interpret or apply 47 U.S.C. 201, 218, 222, 225, 226, 228, and 254(k) unless otherwise noted.

■ 2. Section 64.4002 is revised to read as follows:

§ 64.4002 Notification obligations of LECs.

To the extent that the information is reasonably available to a LEC, the LEC shall provide to an IXC the customer account information described in this section consistent with § 64.4004. Nothing in this section shall prevent a LEC from providing additional customer account information to an IXC to the extent that such additional information is necessary for billing purposes or to properly execute a customer's PIC order.

(a) *Customer-submitted PIC order.* Upon receiving and processing a PIC selection submitted by a customer and placing the customer on the network of the customer's preferred interexchange carrier at the LEC's local switch, the LEC must notify the IXC of this event. The notification provided by the LEC to the IXC must contain all of the customer account information necessary to allow for proper billing of the customer by the IXC including but not limited to:

(1) The customer's billing telephone number, working telephone number, and billing name and address;

(2) The effective date of the PIC change;

(3) A statement describing the customer type (i.e., business or residential);

(4) A statement indicating, to the extent appropriate, that the customer's telephone service listing is not printed in a directory and is not available from directory assistance or is not printed in

a directory but is available from directory assistance;

(5) The jurisdictional scope of the PIC installation (i.e., intraLATA and/or interLATA and/or international);

(6) The carrier identification code of the IXC; and

(7) If relevant, a statement indicating that the customer's account is subject to a PIC freeze. The notification also must contain information, if relevant and to the extent that it is available, reflecting the fact that a customer's PIC selection was the result of:

(i) A move (an end user customer has moved from one location to another within a LEC's service territory);

(ii) A change in responsible billing party; or

(iii) The resolution of a PIC dispute.

(b) *Confirmation of IXC-submitted PIC order.* When a LEC has placed a customer on an IXC's network at the local switch in response to an IXC-submitted PIC order, the LEC must send a confirmation to the submitting IXC. The confirmation provided by the LEC to the IXC must include:

(1) The customer's billing telephone number, working telephone number, and billing name and address;

(2) The effective date of the PIC change;

(3) A statement describing the customer type (i.e., business or residential);

(4) A statement indicating, to the extent appropriate, if the customer's telephone service listing is not printed in a directory and is not available from directory assistance, or is not printed in a directory but is available from directory assistance;

(5) The jurisdictional scope of the PIC installation (i.e., intraLATA and/or interLATA and/or international); and

(6) The carrier identification code of the IXC. If the PIC order at issue originally was submitted by an underlying IXC on behalf of a toll reseller, the confirmation provided by the LEC to the IXC must indicate, to the extent that this information is known, a statement indicating that the customer's PIC is a toll reseller.

(c) *Rejection of IXC-submitted PIC order.* When a LEC rejects or otherwise does not act upon a PIC order submitted to it by an IXC, the LEC must notify the IXC and provide the reason(s) why the PIC order could not be processed. The notification provided by the LEC to the IXC must state that it has rejected the IXC-submitted PIC order and specify the reason(s) for the rejection (e.g., due to a lack of information, incorrect information, or a PIC freeze on the customer's account). The notification must contain the identical data elements

that were provided to the LEC in the original IXC-submitted PIC order (i.e., mirror image of the original order), unless otherwise specified by this paragraph. If a LEC rejects an IXC-submitted PIC order for a multi-line account (i.e., the customer has selected the IXC as his PIC for two or more lines or terminals associated with his billing telephone number), the notification provided by the LEC rejecting that order must explain the effect of the rejection with respect to each line (working telephone number or terminal) associated with the customer's billing telephone number. A LEC is not required to generate a line-specific or terminal-specific response, however, and may communicate the rejection at the billing telephone level, when the LEC is unable to process an entire order, including all working telephone numbers and terminals associated with a particular billing telephone number. In addition, the notification must indicate the jurisdictional scope of the PIC order rejection (i.e., intraLATA and/or interLATA and/or international). If a LEC rejects a PIC order because:

(1) The customer's telephone number has been ported to another LEC; or
 (2) The customer has otherwise changed local service providers, the LEC must include in its notification, to the extent that it is available, the identity of the customer's new LEC.

(d) *Customer contacts LEC or new IXC to change PIC(s) or customer contacts LEC or current IXC to change PIC to No-PIC.* When a LEC has removed at its local switch a presubscribed customer from an IXC's network in response to a customer order, upon receipt of a properly verified PIC order submitted by another IXC, or in response to a notification from the customer's current IXC relating to the customer's request to change his or her PIC to No-PIC, the LEC must notify the customer's former IXC of this event. The LEC must provide to the IXC the customer account information that is necessary to allow for proper final billing of the customer by the IXC including but not limited to:

(1) The customer's billing telephone number, working telephone number, and billing name and address;
 (2) The effective date of the PIC change;
 (3) A description of the customer type (i.e., business or residential);
 (4) The jurisdictional scope of the lines or terminals affected (i.e., intraLATA and/or interLATA and/or international); and

(5) The carrier identification code of the IXC. If a customer changes PICs but retains the same LEC, the LEC is responsible for notifying both the old

PIC and new PIC of the PIC change. The notification also must contain information, if relevant and to the extent that it is available, reflecting the fact that a customer's PIC removal was the result of:

(i) The customer moving from one location to another within the LEC's service territory, but where there is no change in local service provider;

(ii) A change of responsible party on an account; or

(iii) A disputed PIC selection.

(e) *Particular changes to customer's local service account.* When, according to a LEC's records, certain account or line information changes occur on a presubscribed customer's account, the LEC must communicate this information to the customer's PIC. For purposes of this paragraph, the LEC must provide to the appropriate IXC account change information that is necessary for the IXC to issue timely and accurate bills to its customers including but not limited to:

(1) The customer's billing telephone number, working telephone number, and billing name and address;

(2) The customer code assigned to that customer by the LEC;

(3) The type of customer account (i.e., business or residential);

(4) The status of the customer's telephone service listing, to the extent appropriate, as not printed in a directory and not available from directory assistance, or not printed in a directory but available from directory assistance; and

(5) The jurisdictional scope of the PIC installation (i.e., intraLATA and/or interLATA and/or international);

(6) The effective date of any change to a customer's local service account; and

(7) The carrier identification code of the IXC. If there are changes to the customer's billing or working telephone number, customer code, or customer type, the LEC must supply both the old and new information for each of these categories.

(f) *Local service disconnection.* Upon receipt of an end user customer's request to terminate his entire local service account or disconnect one or more lines (but not all lines) of a multi-line account, the LEC must notify the PIC(s) for the billing telephone number or working telephone number on the account of the account termination or lines disconnected. In conjunction with this notification requirement, the LEC must provide to a customer's PIC(s) all account termination or single/multi-line disconnection change information necessary for the PIC(s) to maintain accurate billing and PIC records, including but not limited to:

(1) The effective date of the termination/disconnection; and

(2) The customer's working and billing telephone numbers and billing name and address;

(3) The type of customer account (i.e., business or residential);

(4) The jurisdictional scope of the PIC installation (i.e., intraLATA and/or interLATA and/or international); and

(5) The carrier identification code of the IXC.

(g) *Change of local service provider.* When a customer changes LECs, the customer's former LEC must notify the customer's PIC(s) of the customer's change in LEC and, if known, the identity of the customer's new LEC. If the customer also makes a PIC change, the customer's former LEC must also notify the customer's former PIC(s) of the change. When a customer only changes LECs, the new LEC must notify the customer's current PIC(s) that the customer's PIC selection has not changed. If the customer also makes a PIC change, the new LEC must notify the customer's new PIC of the customer's PIC selection. If the customer's former LEC is unable to identify the customer's new LEC, the former LEC must notify the customer's PIC(s) of a local service disconnection as described in paragraph (f).

(1) The required notifications also must contain information, if relevant and to the extent that it is available, reflecting the fact that an account change was the result of:

(i) The customer porting his number to a new LEC;

(ii) A local resale arrangement (customer has transferred to local reseller); or

(iii) The discontinuation of a local resale arrangement;

(2) The notification provided by the LEC to the IXC must include:

(i) The customer's billing telephone number, working telephone number, and, billing name and address;

(ii) The effective date of the change of local service providers or PIC change;

(iii) A description of the customer type (i.e., business or residential);

(iv) The jurisdictional scope of the lines or terminals affected (i.e., intraLATA and/or interLATA and/or international); and

(v) The carrier identification code of the IXC.

(h) *IXC requests for customer BNA information.* Upon the request of an IXC, a LEC must provide the billing name and address information necessary to facilitate a customer's receipt of a timely, accurate bill for services rendered and/or to prevent fraud, regardless of the type of service

the end user receives/has received from the requesting carrier (i.e., presubscribed, dial-around, casual). In response to an IXC's BNA request for ANI, a LEC must provide the BNA for the submitted ANI along with:

- (1) The working telephone number for the ANI;
- (2) The date of the BNA response;
- (3) The carrier identification code of the submitting IXC; and
- (4) A statement indicating, to the extent appropriate, if the customer's telephone service listing is not printed in a directory and is not available from directory assistance, or is not printed in a directory but is available from directory assistance. A LEC that is unable to provide the BNA requested must provide the submitting carrier with the identical information contained in the original BNA request (i.e., the mirror image of the original request), along with the specific reason(s) why the requested information could not be provided. If the BNA is not available because the customer has changed local service providers or ported his telephone number, the LEC must include the identity of the new provider when this information is available.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 97

[WT Docket No. 04-140; DA 06-2379]

Amateur Service Rules

AGENCY: Federal Communications Commission.

ACTION: Correcting amendments.

SUMMARY: This document contains corrections to the final regulations which were published in the **Federal Register** on Wednesday, November 15, 2006, (71 FR 66460). This amendment will clarify that the 500 Hz limitation in the definition applies only to the emission types that were added to the definition of data when these emissions transmitted on amateur service frequencies below 30 MHz.

DATES: Effective December 15, 2006.

FOR FURTHER INFORMATION CONTACT: William T. Cross, Wireless Telecommunications Bureau at (202) 418-0691, or TTY (202) 418-7233.

SUPPLEMENTARY INFORMATION:

Background

On October 10, 2006, the Commission released a *Report and Order*, FCC 06-

149, at 71 FR 66460, November 15, 2006, which incorrectly defined some of the "Data. Telemetry, telecommand and computer communications emissions" under 47 CFR 97.3(c)(2)(ii) and (c)(2)(iii) in the Amateur Radio Service proceeding in WT Docket No. 04-140. The *Erratum* corrects the rule amendments in §§ 97.3(c)(2)(ii) and (c)(2)(iii) of the *Report and Order*. The overall effect of this action is to revise § 97.3(c)(2) to conform to the pertinent discussion in the text of the *Report and Order*.

Need for Correction

As published, the final regulations contain errors which may prove to be misleading and need to be clarified.

List of Subjects in 47 CFR Part 97

Radio.

- Accordingly, 47 CFR part 97 is corrected by making the following correcting amendments:

PART 97—AMATEUR RADIO SERVICE

- 1. The authority citation for part 97 continues to read as follows:

Authority: 48 Stat. 1066, 1082, as amended; 47 U.S.C. 154, 303. Interpret or apply 48 Stat. 1064-1068, 1081-1105, as amended; 47 U.S.C. 151-155, 301-809, unless otherwise noted.

- 2. Revise paragraph (c)(2) of § 97.3 to read as follows:

§ 97.3 Definitions.

* * * * *

(c) * * *

(2) Data. Telemetry, telecommand and computer communications emissions having (i) designators with A, C, D, F, G, H, J or R as the first symbol, 1 as the second symbol, and D as the third symbol; (ii) emission J2D; and (iii) emissions A1C, F1C, F2C, J2C, and J3C having an occupied bandwidth of 500 Hz or less when transmitted on an amateur service frequency below 30 MHz. Only a digital code of a type specifically authorized in this part may be transmitted.

BILLING CODE 6712-01-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

49 CFR Part 571

[Docket No. NHTSA-2006-26299]

Federal Motor Vehicle Safety Standards; Brake Hoses

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Final rule; delay of effective date.

SUMMARY: NHTSA published a final rule in December 2004 that amended the Federal motor vehicle safety standard on brake hoses, and announced an effective date of December 20, 2006. The agency has received several petitions for reconsideration of the rule and a petition to delay the effective date of the final rule. To allow for more time to respond to petitions for reconsideration, and to give industry more time to meet new requirements, this document delays the effective date of the final rule for one year, to December 20, 2007.

This decision was made after NHTSA published a notice of proposed rulemaking on November 15, 2006, soliciting public comment on whether the effective date should be extended. All commenters wrote in support of extending the effective date.

DATES: The effective date of the final rule amending 49 CFR 571.106 published at 69 FR 76298 on December 20, 2004 is delayed until December 20, 2007. Optional early compliance continues to be permitted as of February 18, 2005. Any petitions for reconsideration of today's final rule must be received by NHTSA not later than January 29, 2007.

ADDRESSES: Petitions for reconsideration should refer to the docket number for this action and be submitted to: Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, SW., Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: For technical issues you may call: Mr. Jeff Woods, Vehicle Dynamics Division, Office of Crash Avoidance Standards, at (202) 366-6206. Mr. Woods' FAX number is: (202) 366-4921.

For legal issues, you may call Ms. Dorothy Nakama, Office of the Chief Counsel, at (202) 366-2992. Her FAX number is: (202) 366-3820.

You may send mail to both of these officials at the National Highway Traffic Safety Administration, 400 Seventh Street, SW., Washington, DC 20590.
