**SUPPLEMENTARY INFORMATION:**

**Background.**—In May 2004, the  
Commission determined that an  
industry in the United States was  
materially injured by reason of certain  
color television receivers (CTVs) from  
China. Sichuan Changhong Electric Co.

(Changhong) subsequently instituted an  
action at the CIT challenging the  
Commission's determination.

The CIT issued an opinion in the  
matter on November 15, 2006. *Sichuan  
Changhong Electric Co. v. United States*,  
Ct. No. 04-00266, Slip Op. 06-168 (Ct.  
Int'l Trade Nov. 15, 2006). In its  
opinion, the CIT rejected all arguments  
asserted by plaintiff Changhong, but  
remanded the matter to the Commission  
for explanation and possible  
modification concerning the "specific  
causation determination" requirements  
imposed by the U.S. Court of Appeals  
for the Federal Circuit in *Bratsk  
Aluminum Smelter v. United States*, 444  
F.3d 1369 (Fed. Cir. 2006) and  
*Caribbean Ispat, Ltd. v. United States*,  
450 F.3d 1336 (Fed. Cir. 2006).

**Participation in the proceeding.**—  
Only those persons who were interested  
parties to the original investigation (*i.e.*,  
persons listed on the Commission  
Secretary's service list) and were parties  
to the appeal may participate in the  
remand proceeding. Such persons need  
not make any additional filings with the  
Commission to participate in the  
remand proceeding. References to  
business proprietary information  
("BPI") during the remand proceeding  
will be governed, as appropriate, by the  
administrative protective order issued  
in the original investigation.

**Written Submissions.**—The  
Commission is not reopening the record  
in this proceeding for submission of  
new factual information. The  
Commission will, however, permit the  
parties to file comments pertaining to  
the inquiries that are the subject of the  
CIT's remand instructions. Comments  
shall be limited to no more than twenty  
(20) double-spaced and single-sided  
pages of textual material. The parties  
may not submit any new factual  
information and may not address any  
issue other than the applicability of the  
*Bratsk* and *Ispat* decisions to this  
investigation, whether the  
Commission's causation analysis in the  
original investigations complies with  
the requirements the Federal Circuit  
articulated in those two decisions, and  
what, if any, modifications must be  
made to the Commission's causation  
analysis to put it into conformance with  
the requirements articulated in those  
decisions. Any such comments must be  
filed with the Commission no later than  
January 8, 2007.

All written submissions must conform  
with the provisions of section 201.8 of  
the Commission's rules; any  
submissions that contain BPI must also  
conform with the requirements of  
sections 201.6, 207.3, and 207.7 of the  
Commission's rules. The Commission's

rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002).

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigation must be served on all other parties to the investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Parties are also advised to consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subpart A (19 CFR part 207) for provisions of general applicability concerning written submissions to the Commission.

By order of the Commission.

Issued: December 15, 2006.
