- * The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories was transferred to the U.S. HHS, with the HHS' NLCP contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do.
- Upon finding a Canadian laboratory to be qualified, HHS will recommend that DOT certify the laboratory (**Federal Register**, July 16, 1996) as meeting the minimum standards of the Mandatory Guidelines published in the **Federal Register** on April 13, 2004 (69 FR 19644). After receiving DOT certification, the laboratory will be included in the monthly list of HHS-certified laboratories and participate in the NLCP certification maintenance program.

Elaine Parry,

Acting Director, Office Program Services, SAMHSA.

DEPARTMENT OF HOMELAND SECURITY

Bureau of Customs and Border Protection

Automated Commercial Environment (ACE): National Customs Automation Program Test of Automated Truck Manifest for Truck Carrier Accounts; Deployment Schedule

AGENCY: Customs and Border Protection; Department of Homeland Security.

ACTION: General notice.

SUMMARY: The Bureau of Customs and Border Protection, in conjunction with the Department of Transportation, Federal Motor Carrier Safety Administration, is currently conducting a National Customs Automation Program (NCAP) test concerning the transmission of automated truck manifest data. This document announces the next group, or cluster, of ports to be deployed for this test.

DATES: The ports identified in this notice, in the State of Vermont, are expected to be fully deployed for testing by December 31, 2006. Comments concerning this notice and all aspects of the announced test may be submitted at any time during the test period.

FOR FURTHER INFORMATION CONTACT: Mr. James Swanson via e-mail at james.d.swanson@dhs.gov.

SUPPLEMENTARY INFORMATION:

Background

The National Customs Automation Program (NCAP) test concerning the transmission of automated truck manifest data for truck carrier accounts was announced in a General Notice published in the **Federal Register** (69 FR 55167) on September 13, 2004. That notice stated that the test of the Automated Truck Manifest would be conducted in a phased approach, with primary deployment scheduled for no earlier than November 29, 2004.

A series of **Federal Register** notices have announced the implementation of the test, beginning with a notice published on May 31, 2005 (70 FR 30964). As described in that document, the deployment sites for the test have been phased in as clusters. The ports identified belonging to the first cluster were announced in the May 31, 2005, notice. Additional clusters were announced in subsequent notices published in the **Federal Register** including: 70 FR 43892, published on July 29, 2005; 70 FR 60096, published on October 14, 2005; 71 FR 3875, published on January 24, 2006; 71 FR 23941, published on April 25, 2006; and 71 FR 42103, published on July 25, 2006.

New Cluster

Through this notice, CBP announces that the next cluster of ports to be brought up for purposes of deployment of the test, to be fully deployed by December 31, 2006, will be all ports in the State of Vermont. This deployment is for purposes of the test of the transmission of automated truck manifest data only; the Automated Commercial Environment (ACE) Truck Manifest System is not yet the mandated

transmission system for these ports. The ACE Truck Manifest System will become the mandatory transmission system in these ports only after publication in the **Federal Register** of 90 days notice, as explained by CBP in the **Federal Register** notice published on October 27, 2006 (71 FR 62922).

Previous NCAP Notices Not Concerning Deployment Schedules

On Monday, March 21, 2005, a General Notice was published in the **Federal Register** (70 FR 13514) announcing a modification to the NCAP test to clarify that all relevant data elements are required to be submitted in the automated truck manifest submission. That notice did not announce any change to the deployment schedule and is not affected by publication of this notice. All requirements and aspects of the test, as set forth in the September 13, 2004 notice, as modified by the March 21, 2005 notice, continue to be applicable.

Dated: December 18, 2006.

Jayson P. Ahern,

Assistant Commissioner, Office of Field Operations.

BILLING CODE 9111-14-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Receipt of Application of Endangered Species Recovery Permits

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability and receipt of applications.

SUMMARY: We announce our receipt of applications to conduct certain activities pertaining to enhancement of survival of endangered species.

DATES: Written comments on this request for a permit must be received by January 25, 2007.

ADDRESSES: Written data or comments should be submitted to the Assistant Regional Director-Ecological Services, U.S. Fish and Wildlife Service, P.O. Box 25486, Denver Federal Center, Denver, Colorado 80225-0486; facsimile 303-236-0027. Documents and other information submitted with these applications are available for review, subject to the requirements of the Privacy Act [5 U.S.C. 552A] and Freedom of Information Act [5 U.S.C. 552], by any party who submits a request for a copy of such documents within 30 days of the date of publication

of this notice to Kris Olsen, by mail or by telephone at 303-236-4256. All comments received from individuals become part of the official public record.

SUPPLEMENTARY INFORMATION: The following applicants have requested issuance of enhancement of survival permits to conduct certain activities with endangered species pursuant to section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

Applicant: Toronto Zoo, Scarborough, Ontario, Canada, TE-051841, Hutchinson Zoo, Hutchinson, Kansas, TE-051824, and Elmwood Park Zoo, Norristown, Pennsylvania, TE-053485. The applicants request renewal of permits to possess captive-reared black-footed ferrets (*Mustela nigripes*) for public display and propagation in conjunction with recovery activities for the purpose of enhancing its survival and recovery.

Applicant: Dakota Zoological Society, Inc., Bismarck, North Dakota, TE-051815. The applicant requests renewal of a permit to possess captive-reared black-footed ferrets (*Mustela nigripes*) and hatchery-reared pallid sturgeon (*Scaphirhynchus albus*) for public display and propagation in conjunction with recovery activities for the purpose of enhancing their survival and recovery.

Applicant: Colorado Division of Wildlife, Native Aquatic Species Facility, Alamosa, Colorado, TE-047290. The applicant requests renewal of a permit to possess captive-reared bonytail (*Gila elegans*) and razorback sucker (*Xyrauchen texanus*) for public display and propagation in conjunction with recovery activities for the purpose of enhancing their survival and recovery.

Applicant: Kirby Carroll, Buys and Associates, Littleton, Colorado, TE-056165. The applicant requests a renewed permit to take Mexican spotted owls (*Strix occidentalis lucida*) and Southwestern willow flycatchers (*Empidonax traillii extimus*) in conjunction with recovery activities throughout the species' range for the purpose of enhancing their survival and recovery.

Applicant: U.S. Fish and Wildlife Service, Saratoga National Fish Hatchery, Saratoga, Wyoming, TE-052204. The applicant requests a renewed permit to take Wyoming toad (*Bufo baxteri*) in conjunction with recovery activities throughout the
