

attributes trade volume for direct billing purposes.

2. Statutory Basis

Exchange states that the basis under the Act for this proposed rule change is the requirement under Section 6(b)(5)⁶ that an exchange have rules that are designed to promote just and equitable principles of trade, to serve to remove impediments to and perfect the mechanism of a free and open market and a national market system, and in general, to protect investors and the public interest. The Exchange states that the proposed rule will provide more accurate order identification.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange states that the proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange states that no written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) by its terms does not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸

The Exchange requests that the Commission waive the provision in Rule 19b-4(e)(6)(iii)⁹ requiring written notice of the NYSE's intent to file the proposed rule change at least five days prior to the filing date. The Commission grants the Exchange's request to waive the pre-filing requirement because a similar version this proposal was filed previously with the Commission.

At any time within 60 days of the filing of the proposed rule change, the

Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

December 19, 2006.

On December 15, 2006, the Exchange submitted Amendment No. 1 to the proposed rule change. II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NYSE Arca included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NYSE Arca has prepared summaries, set forth in sections, A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Schedule in order to make a minor change to the Firm Transaction Fee, eliminate certain obsolete fees, and make a non-substantive formatting change.

Changes to the Firm Transaction Fee

NYSE Arca charges transaction fees associated with all option contracts that are executed on the Exchange. The current Firm Transaction Fee applies to OTP Firm⁵ proprietary trades that have a customer of that firm on the contra side of the transaction. The Exchange offers this rate as an incentive to OTP Firms to direct their customer orders to NYSE Arca for execution. NYSE Arca applies the Firm Transaction Fee to all trades between an OTP Firm and a customer of the same OTP Firm, whenever a proprietary account of the firm is used. This includes market makers that trade against orders that their affiliated firm represents for customers. The Firm Transaction Fee became applicable for certain market maker transactions upon the filing of a proposed rule change with the commission.⁶ At that time the Market Maker Transaction Fee was \$0.26 per contract and the Firm Transaction Fee was \$0.15 per contract. As stated above, the cost savings was offered as an incentive for Firms to send addition customer orders to NYSE Arca. As part of a more recent proposed rule change,⁷ the Market Maker Transaction Fee was lowered to \$0.16 per contract,

representing a savings of almost 40% over the previous fee. Because of the reduction in the Market Maker Transaction Fee, the additional savings afforded by the application of the Firm Transaction Fee in certain instances, is no longer significant. In order to simplify the billing process, all market maker transactions will now be billed the same the fee of \$0.16 per contract. While this change represents a modest \$0.01 increase in certain cases, the Exchange believes that it is more than compensated for by the previous reduction in the Market Maker Transaction Fee.

The change to this fee will be reflected in the footnote associated with the Firm Transaction Fee on the Schedule.

Elimination of Obsolete Fees

Due to changes in the market structure at NYSE Arca certain fees have become outdate and obsolete. The Exchange proposes to eliminate these fees from the Schedule.

- *Order Cancellation Fee*—This fee was applied to orders were cancelled on the PCX Plus automated trading system. This system is no longer in use and accordingly the fee no longer applies.

- *Booth WorkStation Fee*—This fee was assessed to OTP Firms operating on the floor of the Exchange that used certain Exchange provided workstations. These workstations have been replaced by firm proprietary systems; therefore the fee no longer applies.

- *Printer Fee*—Prior to the introduction of the OX system,⁸ the Exchange provided printers that would generate order tickets in certain cases where orders were not electronically executed or represented. OX is a fully automated system and does not need to print order tickets. The printers are no longer in use and therefore the user fee no longer applies.

- *Market Maker Held Fees*—Market Makers on the floor of the Exchange now use proprietary trading systems to interface with the OX system. The Market Maker Hand Held system is no longer in use on NYSE Area; accordingly the fees associated with it no longer apply.

Administrative Changes

the Exchange also proposes a change to the formatting of the Schedule. Presently, the Schedule shows a list of explanatory end notes on the last page of the Schedule. With the new format,

the end notes will be moved to the appropriate page that shows the corresponding fee or charge. Except where previously noted, the language in the reference notes will remain the same, just the formatting of the reference note will change. The Exchange believes that by having the reference notes on the same page as the corresponding charge or fee, the Schedule will be more user friendly and easier to read.

2. Statutory Basis

The Exchange believes that the proposal is consistent with the provisions of Section 6 of the Act,⁹ in general, and with Section 6(b)(4) of the Act,¹⁰ in particular, in that the proposal provides for the equitable allocation of reasonable dues, fees, and other charges among its OTP Holders¹¹ and OTP Firms trading option contracts on NYSE Arca.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed rule Change Received From Members, Participants or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change is subject to Section 19(b)(3)(A)(ii) of the Act¹² and subparagraph (f)(2) of Rule 19b-4 thereunder¹³ because it establishes or changes a due, fee, or other charge applicable only to a member imposed by the self-regulatory organization. Accordingly, the proposal is effective upon Commission receipt of the filing. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹⁴

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to trade the Notes of Barclays linked to the performance of the Index pursuant to UTP. The Index is a free-float-adjusted market capitalization index that is designed to measure the market performance, including price performance and income from dividend payments, of Indian equity securities. The Index is currently comprised of the top 68 companies by market capitalization listed on the National Stock Exchange of India. The Index is calculated by Morgan Stanley Capital International Inc. ("MSCI") and is denominated in U.S. dollars. A rule proposal for the original listing and trading of the Notes by New York Stock Exchange LLC ("NYSE") has been approved by the Commission.³ The Exchange deems the Notes to be an equity securities, thus rendering trading in the Notes subject to the Exchange's existing rules governing the trading of equity securities. The trading hours for the Notes on the Exchange would be from 9:30 a.m. to 8 p.m. Eastern Time ("ET") in accordance with NYSE Arca Equities Rule 7.34(a).

Quotations for and last sale information regarding the Notes are disseminated through the Consolidated Quotation System. Bloomberg L.P. disseminates the value of the Index under the ticker symbol "NDEUSIA" and this information is widely disseminated by quotation vendors. The Index is static during the NYSE's trading day from 9:30 a.m. ET to 4 p.m. ET, which is equivalent to the Exchange's Core Trading Session.
