Major Issues Raised by Mexico

On October 12, 2006, Mexico requested the establishment of a panel regarding the Department of Commerce's use of "zeroing" in investigations and administrative reviews. Mexico challenges the following determinations:

- Final results of the anti-dumping investigation and antidumping order, entitled "Final Determination Of Sales At Less Than Fair Value: Stainless steel sheet and strip in coils from Mexico," published in 64 **Federal Register** (FR) 30790 of 8 June 1999 (investigation) and its amendments and order, 64 FR 40560 of 27 July 1999;

- Final results of the determination of anti-dumping duties for the period from January 1999 to June 2000, entitled "Final Results of Antidumping Duty Administrative Review: Stainless Steel Sheet And Strip In Coils From Mexico," published in 67 FR 6490 of 12 February 2002 (final results of the

determination of duties 1999–2000) and its amendments, 67 FR 15542 of 2 April 2002);

- Final results of the determination of anti-dumping duties for the period from July 2000 to June 2001, entitled “Final Results of Antidumping Duty Administrative Review: Stainless Steel Sheet And Strip In Coils From Mexico,” published in 68 FR 6889 of 11 February 2003 (final results of the determination of duties 2000–2001), and amendments, 68 FR 13686 of 20 March 2003.
- Final results of the determination of anti-dumping duties for the period from July 2001 to June 2002, entitled “Final Results of Antidumping Duty Administrative Review: Stainless Steel Sheet And Strip In Coils From Mexico,” published in 69 FR 6259 of 10 February 2004 (final results of the determination of duties 2001–2002);
- Final results of the determination of anti-dumping duties for the period from July 2002 to June 2003, entitled “Final Results Of Antidumping Duty Administrative Review: Stainless Steel Sheet And Strip In Coils From Mexico,” published in 69 FR 3677 of 26 January 2005 (final results of the determination of duties 2002–2003);
- Final results of the determination of anti-dumping duties for the period from July 2003 to June 2004, entitled “Final Results Of Antidumping Duty Administrative Review: Stainless Steel Sheet And Strip In Coils From Mexico,” published in 70 FR 73444 of 12 December 2005 (final results of the determination of duties 2003–2004).

Mexico also challenges:

- Sections 736, 751, 771(35)(A) and (B), and section 777A(c) and (d) of The Tariff Act of 1930, as amended;
- The Statement of Administrative Action that accompanied the Uruguay Round Agreements Act, H.R. Doc. No. 103–316, vol. I;
- USDOC regulations codified at Title 19 of the United States Code of Federal Regulations, sections 351.212(b), 351.414(c), (d) and (e); and
- The Import Administration Antidumping Manual (1997 edition), including the computer program(s) to which it refers.

In addition, Mexico challenges the methodologies used to calculate dumping margins in original investigations and periodic reviews.
