Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of

information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-6974. Written comments should be received within 30 days of this notice.

Proposed Project

Metropolitan Atlanta Stillbirth Management Survey: Knowledge, Attitudes and Practice Patterns from Obstetricians,—New—National Center on Birth Defects and Developmental Disabilities (NCBDDD), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The U.S. Congress House Report 108-792 (joint conference report for the Fiscal Year 2005 omnibus appropriations bill) provides specific funding to devise a comprehensive strategy for expanding existing birth defects surveillance systems to incorporate surveillance data on all intrauterine fetal deaths of 20 or more week's gestation into the Metropolitan Atlanta Congenital Defects Program (MACDP). Stillbirth is largely an understudied adverse pregnancy

outcome even though it accounts for nearly one half of all perinatal mortality. There is currently no nationally accepted definition of what constitutes a stillbirth, and there are no universally recommended, standardized stillbirth evaluation protocols in use for the evaluation of fetal deaths. The proposed survey has been designed to evaluate and assess the knowledge, attitudes and practice management patterns of obstetricians in the metropolitan Atlanta area regarding stillbirths in general, as well as in their medical practice. This information will be used to identify prevailing deficiencies leading to incomplete and inaccurate reporting of data relative to stillbirths, and to develop targeted awareness and educational strategies for participating MACDP facilities. Ongoing, accurate and reliable population-based registries of stillbirths are essential for conducting epidemiologic studies on the causes of and risk factors for this pregnancy outcome. This survey will be mailed to randomly selected obstetricians whose practices serve residents of the 5 counties comprising metropolitan Atlanta. This survey will be conducted once and will take approximately 2-3 months to collect the data. NCBDDD is requesting OMB clearance for 1 (one) year. There is no cost to the survey respondents except for the time necessary to complete the survey. The total annual burden hours are 122

ESTIMATE OF ANNUALIZED BURDEN HOURS

Respondents	Participant status	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
Obstetricians	Non-Participant	120	1	1/60
	Participant	480	1	15/60

Dated: December 22, 2006.

Joan F. Karr,

Acting Reports Clearance Officer, Centers for Disease Control and Prevention.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS-R-284]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS), Department of Health and Human Services, is publishing the following summary of proposed

collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the Agency's function; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. *Type of Information Collection Request:* Revision of a currently approved collection;
