

(5) The certification required under paragraph (e)(4) of this section must meet the following requirements:

(i) The certification must be submitted annually to EPA by October 1; and

(ii) The certification must include the total percentage of NPDES program costs, as defined in paragraph (e)(6) of this section, recovered by the State through permit fee collections during the most recently completed State fiscal year, and a statement that the amount of permit fees collected is used by the State to defray NPDES program costs; and

(iii) The certification must include a statement that State recurrent expenditures for water quality programs have not decreased from the previous State fiscal year or indicate that a decrease in such expenditures is attributable to a non-selective reduction of the programs of all executive branch agencies of the State government.

(6) NPDES program costs are defined as all permitting, enforcement, and compliance costs.

Approval and Promulgation of Implementation Plans; Tennessee: Approval of Revisions to the Knox County Portion of the Tennessee State Implementation Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revisions to the Tennessee State Implementation Plan (SIP) submitted by the State of Tennessee, through Tennessee Department of Environment and Conservation, on January 20, 2006. The revisions pertain to the Knox County portion of the Tennessee SIP and include changes to the Knox County Air Quality Regulations Section 46.0—“Regulation of Volatile Organic Compounds.” The changes were made in response to changes made by EPA to corresponding federal law. The change involves the addition of four compounds to the list of compounds excluded from the definition of volatile organic compounds on the basis that they make a negligible contribution to ozone formation. This action is being

taken pursuant to section 110 of the Clean Air Act.

In the Final Rules Section of this **Federal Register**, the EPA is approving the State’s SIP revisions as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no significant, material, and adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: Written comments must be received on or before February 5, 2007.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R04-OAR-2006-0577 by one of the following methods:
