Rule 17Ad-13 Annual Study and Evaluation of Internal Accounting Control

Rule 17Ad-13 (17 CFR 240.17 Ad-13) requires approximately 200 registered transfer agents to obtain an annual report on the adequacy of internal accounting controls. In addition, transfer agents must maintain copies of any reports prepared pursuant to Rule 17Ad-13 plus any documents prepared to notify the Commission and appropriate regulatory agencies in the event that the transfer agent is required to take any corrective action. These recordkeeping requirements assist the Commission and other regulatory agencies with monitoring transfer agents and ensuring compliance with the rule. Small transfer agents are exempt from Rule 17Ad-13.

The staff estimates that the average number of hours necessary for each transfer agent to comply with Rule 17Ad-13 is one-hundred seventy-five hours annually. The total burden is 35,000 hours annually for transfer agents, based upon past submissions.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. In the Matter of Digital Concepts International, Inc., Integrated Homes, Inc., Lighthouse Fast Ferry, Inc. and Wannigan Capital Corp.; Order of Suspension of Trading

December 28, 2006.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Digital Concepts International, Inc., because it is delinquent in its periodic filing obligations under Section 13(a) of the Securities Exchange Act of 1934 ("Exchange Act"), and Rules 13a-1 and 13a-13 thereunder, having never filed a periodic report after its Form 10-SB filed on March 8, 2002, and amended on July 2, 2002, went effective registering its securities.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Integrated Homes, Inc., because it is delinquent in its periodic filing obligations under Section 13(a) of the Exchange Act, and Rules 13a-1 and 13a-13 thereunder, having not filed a periodic report after its Form 10-SB filed on October 13, 2000, went effective registering its securities.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Lighthouse Fast Ferry, Inc., because it is delinquent in its periodic filing obligations under Section 13(a) of the Exchange Act, and Rules 13a-1 and 13a-13 thereunder, having not filed a periodic report since the period ending June 30, 2002.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Wannigan Capital Corp. The Commission is of the opinion that the public interest and the protection of

investors require a suspension of trading in the securities of the above-listed companies.

Therefore, *it is ordered*, pursuant to Section 12(k) of the Exchange Act, that trading in the above-listed companies is suspended for the period from 9:30 a.m. EST on December 28, 2006, through 11:59 p.m. EST on January 11, 2007.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54990; File No. SR-CBOE-2006-108]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend CBOE Rules in Connection With CBOE's Determination To Trade Certain Option Classes on Hybrid

December 21, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 15, 2006, the Chicago Board Options Exchange, Incorporated ("Exchange" or "CBOE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes amend its rules relating to CBOE's determination to trade certain option classes on Hybrid. The text of the proposed rule change is available on CBOE's Web site (<http://www.cboe.com>), at the CBOE's Office of the Secretary, and at the Commission's public reference room.

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A)(iii).

⁴ 17 CFR 240.19b-4(f)(6).

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this rule change is to amend CBOE Rules 8.3 and 8.4 in connection with CBOE's determination to trade options on the Russell 2000 Index (RUT) on the Hybrid 2.0 Platform. Additionally, CBOE proposes to amend Rule 8.3 in connection with CBOE's determination to trade options on the iShares Russell 2000 Index Fund (IWM) on the Hybrid Trading System, and options on the NASDAQ 100 Index (NDX) on the Hybrid Trading System.⁵

RUT options currently has an appointment cost of .25, and CBOE intends to maintain that appointment cost when RUT options trade on the Hybrid 2.0 Platform. As a result, RUT options would be classified as an A+ Tier option class. CBOE intends to trade RUT options on the Hybrid 2.0 Platform beginning on December 19, 2006.

CBOE proposes to amend Rule 8.3(c)(ii) to specifically reference IWM options and NDX options as option classes trading on the Hybrid Trading System. IWM options would have an appointment cost of .50, and NDX options would have an appointment cost of 1.0.⁶ CBOE proposes to amend CBOE Rule 8.3(c)(iv) to delete reference to IWM options and NDX options in the table listing the non-Hybrid option classes and their related appointment costs. CBOE notes that the new appointment cost for IWM is lower than its current non-Hybrid appointment cost of .85. CBOE intends to trade IWM

⁵ CBOE Rule 1.1(aaa) defines Hybrid Trading System and Hybrid 2.0 Platform.

⁶ Because not all option classes traded on the Hybrid Trading System have an appointment cost of .01, CBOE proposes to modify Rule 8.85(e)(ii) to state that the appointment cost for option classes traded on the Hybrid Trading System is as set forth in Rule 8.3(c)(ii). Currently, Rule 8.85(e)(ii) states that the appointment cost of Hybrid option classes is .01.

options on the Hybrid Trading System beginning on December 19, 2006, and NDX options on the Hybrid Trading System beginning on January 9, 2007.

Finally, CBOE proposes to amend Rule 8.3A to expressly include a reference to the "AA" tier in Interpretation and Policy .01. Currently, Interpretation .01 references the "A+" tier, but not the "AA" tier. Products designated as "A+" tier products have a class quoting limit ("CQL") of 40 as provided in Interpretation .01 of Rule 8.3A. By including reference to the "AA" tier option in Interpretation.01, products designated as "AA" tier products (presently options on the CBOE Volatility Index (VIX)), would have a CQL of 40, which is consistent with the current CQL for VIX options.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations under the Act applicable to a national securities exchange and, in particular, the requirements of Section 6(b) of the Act.⁷ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5) of the Act,⁸ which requires that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁹ and subparagraph (f)(6) of Rule 19b-4¹⁰ thereunder because it does not: (i) Significantly affect the protection of investors or the public interest; (ii)

⁷ 15 U.S.C. 78f(b).

⁸ 15 U.S.C. 78f(b)(5).

impose any significant burden on competition; (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate; and the Exchange has given the Commission written notice of its intention to file the proposed rule change at least five business days prior to filing. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Under Rule 19b-4(f)(6) of the Act,¹¹ the proposal does not become operative for 30 days after the date of its filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative date, so that the proposal may take effect on December 19, 2006 with respect to IWM options and RUT options, and January 9, 2007, with respect to NDX options. The Exchange believes that the proposed rule change does not raise any new regulatory issues. The Commission agrees and, consistent with the protection of investors and the public interest, has determined to waive the 30-day operative date, which renders the proposal effective on December 19, 2006 with respect to IWM options and RUT options, and January 9, 2007, with respect to NDX options.¹²

Please note that for the first time, some of the information included in this collection can be submitted electronically through the new Electronic Records Express (ERE) systems. The respondents are medical providers, other sources of MER, and disability claimants.
