Privacy Act of 1974; Revision of Systems of Records

AGENCY: Office of the Secretary, USDA.

ACTION: Notice to amend Privacy Act Systems of Records.

SUMMARY: Pursuant to the Privacy Act (5 U.S.C. 552a), notice is hereby given that the United States Department of Agriculture (USDA) proposes to amend the Privacy Act System of Records FCIC-8, entitled “List of Ineligible Producers”. The system of records is maintained by the Risk Management Agency (RMA), an agency of USDA, which administers programs of the Federal Crop Insurance Corporation (FCIC), a wholly-owned Government corporation. The list of ineligible producers system of records is being revised to reflect changes in the administration and management of the Federally reinsured plan of insurance contractors and to reflect more completely the types of information collected and maintained in this system of records. The primary purpose of the system of records is to aid private insurance companies in identifying ineligible persons and to reduce fraud and misuse of Federal funds. Private insurance companies operate under a reinsurance agreement with FCIC to deliver programs in accordance with policy and procedure issued by RMA. The reinsurance agreement is authorized by the Federal Crop Insurance Act and regulations of FCIC published at 7 CFR chapter IV. Additionally, 7 CFR part 400, subpart Q, provides general administrative regulations for Social Security Number (SSN) and Employer Identification Number (EIN) collection, storage, use and confidentiality to all holders of crop insurance policies sold by insurance providers, their contractors and subcontractors, including past and present officers and employees of such companies, their contractors and subcontractors.

DATES: Effective Date: This notice will be effective without further publication on February 5, 2007, unless modified by a subsequent notice to incorporate comments received from the public. Although the Privacy Act requires only that the portion of the system that describes the “routine uses” of the system be published for comment, USDA invites comment on all portions of this notice. Comments must be received by the contact person listed below on or before February 5, 2007.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: RMA is responsible for implementation and maintenance of a list of ineligible persons. This list is maintained in the RMA Ineligible Tracking System (ITS). The ITS contains records of individuals and legal entities who are ineligible to participate in programs administered by RMA under the Federal Crop Insurance Act (Act) due to delinquent debt, disqualification under section 506(n) of the Act, violation of the controlled substance provisions of the Food Security Act of 1985, as amended, and persons having a substantial beneficial interest in an ineligible legal entity. Private insurance companies, reinsured by FCIC in accordance with the reinsurance agreement with FCIC and regulations of FCIC published at 7 CFR chapter IV, part 400, subpart U, submit delinquent debt records to RMA for inclusion into the ITS. RMA inputs records into ITS related to disqualification, suspension, debarment, controlled substance violations and debt due FCIC. RMA is responsible for consolidating and updating the ITS and providing notification to private insurance companies and other Federal agencies to prevent ineligible persons from receiving Federal benefits.

Major revisions and the reasons for change to this system of records are as follows. The system location is revised to show the current location of records at the Kansas City Office. The categories of individuals covered by the system are revised to reflect person included in the system. The provisions related to storage, retrievability and safeguards are updated to reflect current practices. The system manager and address have been updated to show the current location of records. The notification procedure, records access procedures, contesting record procedures, and record source categories have also been updated to document current procedures.
