DEPARTMENT OF AGRICULTURE
Office of the Secretary
Privacy Act of 1974; Revision of Systems of Records

AGENCY: Office of the Secretary, USDA.

ACTION: Notice to amend Privacy Act Systems of Records.

SUMMARY: Pursuant to the Privacy Act (5 U.S.C. 552a), notice is hereby given that the United States Department of Agriculture (USDA) proposes to amend the Privacy Act System of Records FCIC–8, entitled “List of Ineligible Producers”. The system of records is maintained by the Risk Management Agency (RMA), an agency of USDA, which administers programs of the Federal Crop Insurance Corporation (FCIC), a wholly-owned Government corporation. The list of ineligible producers system of records is being revised to reflect changes in the administration and management of the Federally reinsured plan of insurance contractors and to reflect more completely the types of information collected and maintained in this system of records. The primary purpose of the system of records is to aid private insurance companies in identifying ineligible persons and to reduce fraud and misuse of Federal funds. Private insurance companies operate under a reinsurance agreement with FCIC to deliver programs in accordance with policy and procedure issued by RMA. The reinsurance agreement is authorized by the Federal Crop Insurance Act and regulations of FCIC published at 7 CFR chapter IV. Additionally, 7 CFR part 400, subpart Q, provides general administrative regulations for Social Security Number (SSN) and Employer Identification Number (EIN) collection, storage, use and confidentiality to all holders of crop insurance policies sold by insurance providers, their contractors and subcontractors, including past and present officers and employees of such companies, their contractors and subcontractors.

DATES: Effective Date: This notice will be effective without further publication on February 5, 2007, unless modified by a subsequent notice to incorporate comments received from the public. Although the Privacy Act requires only that the portion of the system that describes the “routine uses” of the system be published for comment, USDA invites comment on all portions of this notice. Comments must be received by the contact person listed below on or before February 5, 2007.

SUPPLEMENTARY INFORMATION: RMA is responsible for implementation and maintenance of a list of ineligible persons. This list is maintained in the RMA Ineligible Tracking System (ITS). The ITS contains records of individuals and legal entities that are ineligible to participate in programs administered by RMA under the Federal Crop Insurance Act (Act) due to delinquent debt, disqualification under section 506(n) of the Act, violation of the controlled substance provisions of the Food Security Act of 1985, as amended, and persons having a substantial beneficial interest in an ineligible legal entity. Private insurance companies, reinsured by FCIC in accordance with the reinsurance agreement with FCIC and regulations of FCIC published at 7 CFR chapter IV, part 400, subpart U, submit delinquent debt records to RMA for inclusion into the ITS. RMA inputs records into ITS related to disqualification, suspension, debarment, controlled substance violations and debt due FCIC. RMA is responsible for consolidating and updating the ITS and providing notification to private insurance companies and other Federal agencies to prevent ineligible persons from receiving Federal benefits.

Major revisions and the reasons for change to this system of records are as follows. The system location is revised to show the current location of records at the Kansas City Office. The categories of individuals covered by the system are revised to reflect person included in the system. The categories of records in the system are revised to reflect current information stored within the system. The routine uses of records maintained in the system are revised to (a) delete routine use number (2) because it is not applicable to the system of records; (b) add routine use number (3) because it is no longer applicable; (e) renumber routine use number (6) to (4) and revise to reflect that information will be provided to private insurance companies reinsured by FCIC to preclude producers from switching private insurance companies in order to circumvent ineligibility; (f) add routine use (5) to permit disclosure of information to Federal agencies to prevent ineligible producers from erroneously receiving government loans and other benefits; (g) add routine use (6) to permit disclosure to contractors and Federal agencies to deter fraud, waste and abuse by conducting analysis to identify ineligible producers potentially circumventing the ineligible process; (h) add routine use (7) to permit information to be disclosed for use in the administration and evaluation of this system of records as it relates to Federally reinsured plans of insurance administered by RMA under the authority of the Act, (i) add routine use (8) to permit information to be provided to the Department of the Treasury for collection of outstanding debt, and (j) add routine use (9) to permit information to be provided to the Department of Justice to represent the United States Government in litigation when the use of the information is compatible with the purposes of the Act. The provisions related to storage, retrievability and safeguards are updated to reflect current practices. The system manager and address have been updated to show the current location of records. The notification procedure, records access procedures, contesting record procedures, and record source categories have also been updated to document current procedures.

In conformance with 5 U.S.C. 552a(r), as implemented by OMB Circular A–130, USDA sent a report describing the proposed changes to the Chairman, Committee on Homeland Security and Government Affairs, United States

(2) Disclosure to a court, magistrate or administrative tribunal, or to opposing counsel in a proceeding before a court, magistrate, or administrative tribunal, of any record within the system that constitutes evidence in that proceeding, or which is sought in the course of discovery, to the extent that FCIC determines that the records sought are relevant to the proceeding.

(6) Disclosure to contractors of FCIC or other Federal agencies to conduct research and analysis to identify patterns, trends, anomalies, instances and relationships of private insurance companies, agents, loss adjusters and policyholders that may be indicative of fraud, waste, and abuse.

(7) Disclosure to private insurance companies, contractors, cooperators, and other Federal agencies for any purpose relating to the sale, service, administration, analysis and evaluation of the Federally reinsured plans of insurance administered by RMA under the authority of the Act. 7 CFR part 400, subpart Q provides general administrative regulations for SSN and EIN collection, storage, use and confidentiality.
