**SUPPLEMENTARY INFORMATION:**

#### I. Background

In FR Doc. 06-8471 of October 11, 2006 (71 FR 59886), the notice entitled "Hospital Inpatient Prospective Payment Systems and Fiscal Year 2007 Rates: Final Fiscal Year 2007 Wage Indices and Payment Rates After Application of Revised Occupational Mix Adjustment to Wage Index" (hereinafter referred to as the "FY 2007 IPPS notice"), there were a number of technical errors that are identified and corrected in the Correction of Errors section (items 10 through 12 of section III. of this notice). These technical corrections are effective October 1, 2006.

In addition, in October 2006, we became aware of an error in the calculation of the FY 2007 wage index for a number of rural areas and several hospitals that are reclassified to those areas. The error also affected some hospitals in urban areas that are assigned the statewide rural wage index floor. Section 412.64(k)(1) of the regulations requires that wage index corrections made after October 1 are effective prospectively for the remainder of the fiscal year from the date the fiscal intermediaries are informed of the correction. We recalculated the wage indices for the affected hospitals, and on November 3, 2006, sent a Joint Signature Memorandum to the fiscal intermediaries informing them to pay hospitals using the corrected wage indices. Subsequent to the November 3, 2006 Joint Signature Memorandum, additional errors in the wage indices were brought to our attention and were corrected through a November 21, 2006 Joint Signature Memorandum. Therefore, the corrected FY 2007 wage indices are effective beginning November 3, 2006 or November 21, 2006. Accordingly, the wage index provisions of this correction notice are corrections to the tabulation of the rates paid to hospitals. We note that the
