4. Performance Measures: The Secretary has established one performance indicator for assessing the effectiveness of the Transition to Teaching program: the percentage of new, highly qualified Transition to Teaching teachers who teach in high-need schools in high-need LEAs for at least three years. We will track this indicator through the use of the following three performance measures. We will gather the data for these measures from the grantees.

Measure One: The percentage of all Transition to Teaching participants who become teachers of record in high-need schools in high-need LEAs. For this measure we will collect data on the number of participants and the number of teachers of record in high-need schools in high-need LEAs.

Measure Two: The percentage of Transition to Teaching participants receiving certification/licensure within three years. For this measure, we will collect data on the number of participants who become certified within three years.

Measure Three: The percentage of Transition to Teaching teachers of record who teach in high-need schools in high-need LEAs for at least three years. For this measure, we will collect data on the number of participants who become teachers of record who have been teaching in high-need schools in high-need LEAs for at least three years.

BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION

[CFDA No. 84.031H]

Office of Postsecondary Education; Strengthening Institutions (SIP), American Indian Tribally Controlled Colleges and Universities (TCCU), Alaska Native and Native Hawaiian-Serving Institutions (ANNH) and Developing Hispanic-Serving Institutions (HSI) Programs Notice Inviting Applications for Designation as Eligible Institutions To Apply for New Awards Under Title III and Title V for Fiscal Year (FY) 2007

Purpose of Programs: Under the SIP, TCCU, and ANNH programs, (Title III, Part A programs) authorized under Part A of Title III of the Higher Education Act of 1965, as amended (HEA), institutions of higher education (IHEs or institutions) are eligible to apply for grants if they meet specific statutory and regulatory eligibility requirements. Similarly, IHEs are eligible to apply for grants under the HSI program, authorized under Title V of the HEA, if they meet specific statutory and regulatory requirements. In addition, an institution that is designated as an eligible institution under those programs may also receive a waiver of certain non-Federal cost-share requirements under the Federal Supplemental Educational Opportunity Grant (FSEOG), the Federal Work Study

(FWS), the Student Support Services (SSS) and the Undergraduate International Studies and Foreign Language (UISFL) programs. The FSEOG, FWS, and SSS programs are authorized under Title IV of the HEA; the UISFL program is authorized under Title VI of the HEA.

Qualified institutions may receive these waivers even if they are not recipients of grant funds under the Title III, Part A programs or the HSI program.

Special Note: To qualify as an eligible institution under the Title III, Part A programs or the HSI program, your institution must satisfy several criteria, including one related to needy student enrollment and one related to average educational and general (E&G) expenditures for a particular base year. The most recent data available for E&G expenditures are for base year 2004-2005. In order to award FY 2007 grants in a timely manner, we will use the most recent data available. Therefore, we use E&G expenditure threshold data from the base year 2004-2005. In completing your eligibility application, please use E&G expenditure data from the base year 2004-2005.

If you are designated as an eligible institution and you do not receive a new Title III or Title V award in FY 2007, your eligibility for the non-Federal cost-share waiver under the FSEOG, the FWS, the SSS, and the UISFL programs is valid for five consecutive years. You will not need to reapply for eligibility until 2012, unless you wish to apply for a new Title III or Title V grant. All institutions (including those designated as TCCU and ANNH institutions) that are not designated as eligible institutions and are interested in applying for a FY 2007 new grant or requesting a waiver of the non-Federal cost share, must apply for eligibility designation in FY 2007.

Eligible Applicants: To qualify as an eligible institution under the Title III, Part A programs or the HSI program, an accredited institution must, among other requirements, have an enrollment of needy students, and its average E&G expenditures per full-time equivalent (FTE) undergraduate student must be low in comparison with the average E&G expenditures per FTE undergraduate student of institutions that offer similar instruction.

The complete eligibility requirements for the Title III, Part A programs are found in 34 CFR 607.2 through 607.5. These regulations may be accessed at the following Web site: http://www.access.gpo.gov/nara/cfr/waisidx_02/34cfr607_02.html.

The complete eligibility requirements for the HSI program are found in 34 CFR 606.2 through 34 CFR 606.5. These

regulations may be accessed at the following Web site: http://www.access.gpo.gov/nara/cfr/waisidx_01/34cfr606_01.html.

Enrollment of Needy Students: Under 34 CFR 606.3(a) and 607.3(a), an institution is considered to have an enrollment of needy students if (1) At least 50 percent of its degree students received financial assistance under one or more of the following programs: Federal Pell Grant, FSEOG, FWS, and Federal Perkins Loan programs; or (2) the percentage of its undergraduate degree students who were enrolled on at least a half-time basis and received Federal Pell Grants exceeded the median percentage of undergraduate degree students who were enrolled on at

least a half-time basis and received Federal Pell Grants at comparable institutions that offered similar instruction.

To qualify under this latter criterion, an institution's Federal Pell Grant percentage for base year 2004–2005 must be more than the median for its category of comparable institutions provided in the table in this notice.

Educational and General Expenditures Per FTE Student: An institution should compare its 2004–2005 average E&G expenditures per FTE student to the average E&G expenditure per FTE student for its category of comparable institutions contained in the table in this notice. If the institution's average E&G expenditures for the 2004–2005 base year are less than the average

for its category of comparable institutions, the institution meets this eligibility requirement.

An institution's average E&G expenditures are the total amount it expended during the base year for instruction, research, public service, academic support, student services, institutional support including library expenditures, operation and maintenance, scholarships and fellowships, and mandatory transfers.

The following table identifies the relevant median Federal Pell Grant percentages for the base year 2004–2005 and the relevant average E&G expenditures per FTE student for the base year 2004–2005 for the four categories of comparable institutions:

Type of institution	2004–2005 Median Pell Grant percentage	2004–2005 Average E&G expenditures per FTE student
2-year Public Institutions	25.6	\$9,320
2-year Non-profit Private Institutions	39.7	20,782
4-year Public Institutions	25.8	23,553
4-year Non-profit Private Institutions	26.9	37,105

Waiver Information: IHEs that are unable to meet the needy student enrollment requirement or the average E&G expenditures requirement may apply to the Secretary for waivers of these requirements, as described in 34 CFR 606.3(b), 606.4(c) and (d), 607.3(b), and 607.4(c) and (d). Institutions requesting a waiver of the needy student enrollment requirement or the average

E&G expenditures requirement must include in their application detailed information supporting the waiver request, as described in the instructions for completing the application.

The regulations governing the Secretary's authority to waive the needy student requirement, 34 CFR 606.3(b)(2) and (3) and 607.3(b)(2) and (3), refer to "low-income" students or families. The

regulations define "low-income" as an amount that does not exceed 150 percent of the amount equal to the poverty level, as established by the U.S. Bureau of the Census, 34 CFR 606.3(c) and 607.3(c).

For the purposes of this waiver provision, the following table sets forth the low-income levels for the various sizes of families:

2004 ANNUAL LOW-INCOME LEVELS

Size of family unit	Family income for the 48 contiguous states, DC, and outlying jurisdictions	Family income for Alaska	Family income for Hawaii
1	\$13,965	\$17,445	\$16,050
2	18,735	23,415	21,540
3	23,505	29,385	27,030
4	28,275	35,355	32,520
5	33,045	41,325	38,010
6	37,815	47,295	43,500
7	42,585	53,265	48,990
8	47,355	59,235	54,480

Note: The 2004 annual low-income levels are being used because those are the amounts that apply to the family income reported by students enrolled for the Fall 2004 semester. For family units with more than eight members, add the following amount for each additional family member: \$4,770 for the

contiguous 48 States, the District of Columbia and outlying jurisdictions; \$5,970 for Alaska; and \$5,490 for Hawaii.

The figures shown under family income represent amounts equal to 150 percent of the family income levels

established by the U.S. Bureau of the Census for determining poverty status. The poverty guidelines were published by the U.S. Department of Health and Human Services in the **Federal Register** on February 13, 2004 (69 FR 7336).

The information about "metropolitan statistical areas" referenced in 34 CFR 606.3(b)(4) and 607.3(b)(4) may be obtained by requesting the Metropolitan Statistical Areas, 1999 publication, order number PB99-501538, from the National Technical Information Service, Document Sales, 5285 Port Royal Road, Springfield, Virginia 22161, telephone number 1-800-553-6847.
