Description: The Department's regulation at 29 CFR 2510.3-38 provides that, in order to meet the definition of investment manager in the Employee Retirement Income Security Act 3(38), state-registered investment advisers must register electronically through a centralized electronic filing system established by the Securities and Extension Commission and state investment authorities ("Investment Advisor Registration Depository"/IARD) rather than providing a paper copy of their state registration to the Secretary of Labor.

Although the primary users of the information collected through the Department's regulation are plan fiduciaries, who can review the IARD registration statements for information about investment advisers that are either currently service providers to the plan or potential service providers to the plan, EBSA also uses the information for enforcement and compliance purposes. EBSA investigators are expected to review IARD data whenever they conduct an investigation that involves investment advisers or investment managers.
