The lands in the Mina Corridor aggregate 139,391 acres in Esmeralda, Lyon, and Mineral Counties.

Public Land Order (PLO) No. 7653, 70 FR 76854–76858 (December 28, 2005), withdrew approximately 308,600 acres of public lands from surface entry and mining for the purpose of evaluating a suite of alternative rail alignments along the Caliente Corridor, as described in the DOE's Final Environmental Impact Statement for a Geologic Repository for the Disposal of Spent Fuel and High-Level Radioactive Waste at Yucca Mountain, Nye County, Nevada, February 2002. The evaluation is for the potential construction, operation, and maintenance of a rail line which would be used to transport spent nuclear fuel and high-level radioactive waste to the proposed Yucca Mountain Repository as part of the DOE's responsibility under the Nuclear Waste Policy Act, as amended, 42 U.S.C. 10101 *et seq.*

The DOE has identified an additional 68,646 acres of public lands for evaluation along the Caliente Corridor. Since PLO No. 7653 can not be amended to add lands, the DOE has filed this new withdrawal application for those additional lands.

The DOE's withdrawal application also includes 139,391 acres of public lands for the purpose of evaluating the potential construction, operation, and maintenance of a rail line along a suite of alternative rail alignments referred to by the DOE as the "Mina Route." The width of the withdrawal is 1 mile.

The expiration date for this proposed withdrawal would be the same as the expiration date for PLO No. 7653, which is December 27, 2015.

The use of a right-of-way, interagency agreement, or cooperative agreement would not adequately constrain non-discretionary uses that could irrevocably affect the evaluation of these lands for a potential rail line alignment.

There are no suitable alternative sites, since the lands described identify the alternative alignments that need to be evaluated.

No water rights will be needed to fulfill the purpose of the withdrawal.

Possible mineral deposits present in the above-described land areas include some locatable and salable minerals.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the BLM Nevada State Director.

Comments, including names and street addresses of respondents, will be available for public review at the BLM Nevada State Office, 1340 Financial Blvd., Reno, Nevada, during regular business hours, 7:30 a.m. to 4:30 p.m., Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by the law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Notice is hereby given that in addition and subsequent to the 90-day public comment period mentioned above, there will be at least one public meeting in connection with the proposed withdrawal to be announced at a later date. A notice of the time, place, and date will be published in the **Federal Register** and a local newspaper at least 30 days before the scheduled date of a meeting.

This withdrawal proposal will be processed in accordance with the regulations set forth in 43 CFR part 2300.

For a period of 2 years from the date of publication of this notice in the **Federal Register**, the lands described above will be segregated as specified above unless the application is denied or cancelled or the withdrawal is approved prior to that date.

Licenses, permits, cooperative agreements, or discretionary land use authorizations of a temporary nature which will not significantly impact the purpose of the proposed withdrawal may be allowed with the approval of the authorized officer of the BLM during the segregative period.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

[FES–06–53]

Transfer of Title to Facilities, Works, and Lands of the Gila Project, Wellton-Mohawk Division, to the Wellton-Mohawk Irrigation and Drainage District, Yuma County, AZ (Wellton-Mohawk Title Transfer)

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of Availability, Final Environmental Impact Statement, Wellton-Mohawk Title Transfer.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, the Bureau of Reclamation (Reclamation) has prepared a Final Environmental Impact Statement (FEIS) to evaluate the potential effects of the proposed Wellton-Mohawk Title Transfer. The title transfer would transfer ownership and divest Reclamation of the responsibility for the operation, maintenance, management, regulation of, and liability for the identified project facilities and appurtenant lands to the Wellton-Mohawk Irrigation and Drainage District (District). This title transfer would consolidate management responsibility with the District, thereby allowing them to have greater authority in the management of growth and land-based issues in the Wellton-Mohawk Valley, protect against encroachment on agriculture, and consolidate ownership of lands, facilities, and the Gila River Flood Channel.

ADDRESSES: To obtain a compact disc or paper copy of the FEIS, please e-mail Christa Monaco at cmonaco@lc.usbr.gov or write Ms. Monaco at the Bureau of Reclamation, Lower Colorado Regional Office, P.O. Box 61470, Boulder City, NV 89006–1470. A copy of the FEIS is available for public review and inspection on the Region's Web site at <http://www.usbr.gov/lc> under "Latest News and Info", or at the following locations:

SUPPLEMENTARY INFORMATION:

Background

The Draft Environmental Impact Statement (DEIS) Notice of Availability was published in the **Federal Register** on September 4, 2003 (68 FR 52613). The public review period ended on October 29, 2003. All comments received on the DEIS were carefully reviewed and considered in preparing the FEIS. Where appropriate, responses to comments received from interested organizations and individuals during the review period are addressed in the FEIS.

The amount of land to be transferred has been reduced by approximately 8,850 acres from that identified in the Proposed Action of the DEIS. These changes were made to reflect the correct legal land ownership status and in response to concerns raised during consultations with tribal governments. No additional adverse environmental impacts would result from the changes as documented in the FEIS.

Reclamation will not make a decision on the proposed action until at least 30 days after Environmental Protection Agency's Notice of Availability of the FEIS is published in the **Federal Register**. After the 30-day waiting period, Reclamation may complete a Record of Decision (ROD) which would state the action that will be

implemented and would discuss all factors leading to the decision.

The FEIS will be used in the decision-making process pursuant to the Wellton-Mohawk Transfer Act of June 2000 (Pub. L. 106-221), whereby the Secretary of the Interior was authorized to transfer title to the Wellton-Mohawk Division of the Gila Project works and facilities, and certain federally-owned lands from the United States to the District. The District is a political subdivision of the State of Arizona constituted to own lands and facilities and to contract with Reclamation for diversion of Colorado River water for delivery to its landowners. Reclamation and the District signed a Memorandum of Agreement (MOA) in July 1998, as amended, which defines the methods and principles of this title transfer process.

Two alternatives are evaluated in the FEIS: (1) The No Action Alternative, under which facilities of the Wellton-Mohawk Division of the Gila Project and lands within or adjacent to the Gila Project would remain in Federal ownership, and (2) the Proposed Action/Preferred Alternative under which Reclamation would transfer title to the facilities of the Wellton-Mohawk Division of the Gila Project and lands within or adjacent to the Gila Project to the District.

Dated: November 29, 2006.

Jayne Harkins,

Deputy Regional Director, Lower Colorado Region.

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-543]

In the Matter of Certain Baseband Processor Chips and Chipsets, Transmitter and Receiver (RADIO) Chips, Power Control Chips, and Products Containing Same, Including Cellular Telephone Handsets; Notice of Commission Decision To Modify the Schedule for Filing Written Submissions on Remedy, the Public Interest, and Bonding, and To Extend the Target Date for Completion of the Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to modify a schedule for filing written

submissions on remedy, the public interest, and bonding, and to extend the target date for completion of the above-captioned investigation by thirteen (13) days to March 8, 2007.

FOR FURTHER INFORMATION: Michael Liberman, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone 202-205-3152. Copies of the ID and all other nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone 202-205-2000. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION: On June 21, 2005, the Commission instituted an investigation under section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, based on a complaint filed by Broadcom Corporation of Irvine, California, alleging a violation of section 337 in the importation, sale for importation, and sale within the United States after importation of certain baseband processor chips and chipsets, transmitter and receiver (radio) chips, power control chips, and products containing same, including cellular telephone handsets by reason of infringement of certain claims of U.S. Patent Nos. 6,374,311; 6,714,983; 5,682,379 ("the '379 patent"); 6,359,872 ("the '872 patent"); and 6,583,675. 70 FR 35707 (June 21, 2005). The complainant named Qualcomm Incorporated of San Diego, California as the only respondent. The '379 patent and '872 patent were terminated from this investigation.

On October 19, 2006, the presiding administrative law judge ("ALJ") issued an Initial Determination on Violation of Section 337 and Recommended Determination on Remedy and Bond ("ID"), finding a violation of section 337. On December 8, 2006, the Commission issued a notice of its decision to review and modify in part the ALJ's final ID. The Commission also requested the parties to the investigation, interested government agencies, and any other interested
