SUPPLEMENTARY INFORMATION:

Background

The Draft Environmental Impact Statement (DEIS) Notice of Availability was published in the **Federal Register** on September 4, 2003 (68 FR 52613). The public review period ended on October 29, 2003. All comments received on the DEIS were carefully reviewed and considered in preparing the FEIS. Where appropriate, responses to comments received from interested organizations and individuals during the review period are addressed in the FEIS.

The amount of land to be transferred has been reduced by approximately 8,850 acres from that identified in the Proposed Action of the DEIS. These changes were made to reflect the correct legal land ownership status and in response to concerns raised during consultations with tribal governments. No additional adverse environmental impacts would result from the changes as documented in the FEIS.

Reclamation will not make a decision on the proposed action until at least 30 days after Environmental Protection Agency's Notice of Availability of the FEIS is published in the **Federal Register**. After the 30-day waiting period, Reclamation may complete a Record of Decision (ROD) which would state the action that will be

implemented and would discuss all factors leading to the decision.

The FEIS will be used in the decision-making process pursuant to the Wellton-Mohawk Transfer Act of June 2000 (Pub. L. 106-221), whereby the Secretary of the Interior was authorized to transfer title to the Wellton-Mohawk Division of the Gila Project works and facilities, and certain federally-owned lands from the United States to the District. The District is a political subdivision of the State of Arizona constituted to own lands and facilities and to contract with Reclamation for diversion of Colorado River water for delivery to its landowners. Reclamation and the District signed a Memorandum of Agreement (MOA) in July 1998, as amended, which defines the methods and principles of this title transfer process.

Two alternatives are evaluated in the FEIS: (1) The No Action Alternative, under which facilities of the Wellton-Mohawk Division of the Gila Project and lands within or adjacent to the Gila Project would remain in Federal ownership, and (2) the Proposed Action/Preferred Alternative under which Reclamation would transfer title to the facilities of the Wellton-Mohawk Division of the Gila Project and lands within or adjacent to the Gila Project to the District.

Dated: November 29, 2006.

Jayne Harkins,

Deputy Regional Director, Lower Colorado Region.

The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION: On June 21, 2005, the Commission instituted an investigation under section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, based on a complaint filed by Broadcom Corporation of Irvine, California, alleging a violation of section 337 in the importation, sale for importation, and sale within the United States after importation of certain baseband processor chips and chipsets, transmitter and receiver (radio) chips, power control chips, and products containing same, including cellular telephone handsets by reason of infringement of certain claims of U.S. Patent Nos. 6,374,311; 6,714,983; 5,682,379 ("the '379 patent"); 6,359,872 ("the '872 patent"); and 6,583,675. 70 FR 35707 (June 21, 2005). The complainant named Qualcomm Incorporated of San Diego, California as the only respondent. The '379 patent and '872 patent were terminated from this investigation.

On October 19, 2006, the presiding administrative law judge ("ALJ") issued an Initial Determination on Violation of Section 337 and Recommended Determination on Remedy and Bond ("ID"), finding a violation of section 337. On December 8, 2006, the Commission issued a notice of its decision to review and modify in part the ALJ's final ID. The Commission also requested the parties to the investigation, interested government agencies, and any other interested

persons to file written submissions on the issues of remedy, the public interest, and bonding.

On December 11, 2006, the ALJ announced that the public version of the ID will not be available before December 21, 2006. On December 20, the Commission determined to extend by fourteen (14) days the then-existing deadlines for filing the opening and reply submissions on the issues of remedy, the public interest, and bonding. The respective deadlines were set as follows: (1) Written submissions and proposed remedial orders on the issues of remedy, the public interest, and bonding were due no later than close of business on January 5, 2007, and (2) respective reply submissions were due no later than the close of business on January 17, 2007. The Commission also determined to extend the target date for completion of this investigation by fourteen (14) days to February 23, 2007.

On January 3, 2007, the ALJ's office indicated that the public version of the ID at issue will not be available before Monday, January 8, 2007. Accordingly, the Commission has determined to extend by ten (10) days after issuance of the public version of the final ID the existing deadline for filing the opening submissions on the issues of remedy, the public interest, and bonding. The Commission has also determined to extend the existing deadline for filing the respective reply submissions, and the existing target date for completion of this investigation. Thus, the respective deadlines are as follows: (1) Written opening submissions and proposed remedial orders on the issues of remedy, the public interest, and bonding must be filed no later than close of business on January 18, 2007, and (2) respective reply submissions must be filed no later than the close of business on January 25, 2007. The Commission has also determined to extend the target date for completion of this investigation by thirteen (13) days to March 8, 2007.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.42(h) of the Commission's Rules of Practice and Procedure (19 CFR 210.42(h)).

By order of the Commission.

Issued: January 4, 2007.

Marilyn R. Abbott,

Secretary to the Commission.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on July 29, 2005, based on a complaint filed by Unilin Beheer B.V., Flooring Industries Ltd., and Unilin Flooring N.C. LLC (collectively "Unilin"). 70 FR 44694 (August 3, 2005). The complaint (as amended) alleged violations of section 337 of the Tariff Act of 1930 ("section 337") in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain laminated floor panels by reason of infringement of one or more of claims 1, 14, 17, 19, 20, 21, 37, 52, 65, and 66 of U.S. Patent No. 6,006,486 ("the '486 patent'"), claims 1, 2, 10, 13, 18, 19, 22,

23, 24, and 27 of U.S. Patent No. 6,490,836 ("the '836 patent'"), claims 1-6 of U.S. Patent No. 6,874,292 ("the '292 patent'"), and claims 1, 5, 13, 17, 27, and 28 of U.S. Patent No. 6,928,779 ("the '779 patent'"). The investigation was subsequently terminated with respect to the '486 patent. The Commission named as respondents 32 companies located in Canada, China, South Korea, Malaysia, and the United States. Id. Two respondents have been terminated from the investigation as a result of settlement agreements.

On July 3, 2006, the ALJ issued his final initial determination ("ID"), including his recommended determination on remedy and bonding. The complainants, the Commission investigative attorney ("IA"), and several respondents petitioned for review of various portions of the final ID.

On September 25, 2006, after considering the final ID, the written submissions and other relevant portions of the record, the Commission determined to review those portions of the ALJ's final ID concerning: (1) Construction of the "elastically bendable portion" limitation of claim 1 of the '836 patent and claim 4 of the '292 patent, (2) infringement of claims 1 and 2 of the '836 patent and claims 3 and 4 of the '292 patent; (3) infringement by the defaulting respondents; (4) invalidity of the asserted claims of the '779 patent; and (5) the validity of the asserted claims of the '836 and '292 patents to the extent implicated by the Commission's review described in item (1). The Commission received written submissions on the issues under review and on remedy, the public interest, and bonding.

Having examined the record in this investigation, including the submissions on review and responses thereto, the Commission has determined that there is a violation of section 337 with respect to claims 1, 2, 10, 18, and 23 of the '836 patent, claims 3 and 4 of the '292 patent, and claims 5 and 17 of the '779 patent.

The Commission has also made determinations on the issues of remedy, the public interest, and bonding. The Commission has determined that the appropriate form of relief is a general exclusion order prohibiting the unlicensed entry of laminated floor panels covered by claims 1, 2, 10, 18, and 23 of the '836 patent, claims 3 and 4 of the '292 patent, and claims 5 and 17 of the '779 patent. The Commission has also determined to issue cease and desist orders limited to claim 1 of the '836 patent and directed to defaulting domestic respondents Dalton Carpet Liquidators, Inc., Pacific Flooring
