**DATES:** Effective January 11, 2007.

**FOR FURTHER INFORMATION CONTACT:**

Christopher Kirkpatrick, Office of General Counsel, (202) 261-7600.

**SUPPLEMENTARY INFORMATION:** 5 U.S.C. 4314(c)(1) requires each agency to establish, in accordance with regulations prescribed by the Office of Personnel Management, a performance review board (PRB). The PRB reviews initial performance ratings of members of the Senior Executive Service (SES) and makes recommendations on performance ratings and awards for senior executives. Because the CSB is a small independent Federal agency, the SES members of the CSB's PRB are being drawn from other Federal agencies.

The Chairperson of the CSB has appointed the following individuals to the CSB Senior Executive Service Performance Review Board:

PRB Member—Lawrence W. Roffee (Executive Director, United States Access Board).

PRB Member—Leon A. Wilson, Jr. (Executive Director, Committee for Purchase From People Who Are Blind or Severely Disabled).

The above-named members of the CSB PRB replace Ronald S. Battocchi (formerly General Counsel, National Transportation Safety Board) and Elizabeth S. Woodruff (formerly General Counsel, Federal Retirement Thrift Investment Board), whose service on the PRB has ended. Their appointments were originally announced in the **Federal Register** of December 3, 2004 (69 FR 70224).

John S. Bresland (CSB Board Member) continues as Chair of the PRB, as

### **Foreign-Trade Zones Board**

[Docket 49-2006]

#### **Foreign-Trade Subzone 133D—Davenport, IA; Expansion of Manufacturing Authority (Articulated Dump Trucks)**

An application has been submitted to the Foreign-Trade Zones Board (the Board) by Deere & Company (Deere), operator of Subzone 133D, requesting authority for the manufacture of articulated dump trucks under FTZ procedures at the company's construction equipment manufacturing plant in Davenport, Iowa. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on December 28, 2006.

Subzone 133D (2.2 million square feet, 1,300 employees) was approved by the Board in 2001 at one site located at Highway 61 and Mt. Joy Road in Davenport (Board Order 1180, 66 FR 40673, 8/3/01). Deere's original manufacturing authority was granted for the manufacture of construction equipment (four-wheel-drive loaders, motor graders and wheeled log skidders). Deere is now requesting authority to manufacture up to several hundred articulated dump trucks (also known as haulers) annually under zone procedures. The company indicates that the foreign inputs that may be admitted under FTZ procedures include transmissions, axles, gear boxes, cabs and engines. Duty rates on the proposed imported components currently range from 2.5 to 4.0 percent.

This application requests authority for Deere to conduct the activity under FTZ procedures, which would exempt Deere from Customs duty payments on the foreign components used in export production. Approximately 12 percent of production is exported. On domestic sales, the company could choose the lower duty rate that applies to the finished product (duty free) for the

foreign components noted above. The application indicates that FTZ-related savings would help improve the facility's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address listed below. The closing period for their receipt is March 12, 2007. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to March 27, 2007).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations: Quad-City Foreign-Trade Zone, Inc., 1830 Second Avenue, Suite 200, Rock Island, Illinois 61201; and, Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2814B, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230.

### Foreign-Trade Zones Board

[Docket 50-2006]

#### **Foreign-Trade Zone 51—Duluth, MN Application For Foreign-Trade Subzone Status MAPE USA, Inc. (Crankshafts) Cambridge, MN**

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Duluth Seaway Port Authority, grantee of FTZ 51, requesting special-purpose subzone status for the quality-control, warehousing and distribution facility (crankshafts) of MAPE USA, Inc. (MAPE), located in Cambridge, Minnesota. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on December 29, 2006.

The facility for which subzone status is proposed is located at 315 South Garfield Street in Cambridge, Minnesota (1.7 acres; 24,590 sq. ft. of enclosed space). The facility (15 employees) may be used under FTZ procedures for quality control, warehousing and distribution of crankshafts.

Zone procedures would allow MAPE to defer Customs duty payments until merchandise is shipped from its facilities to its customers (including as zone-to-zone transfers). The application indicates that the company also anticipates realizing significant logistical/procedural benefits and that savings from FTZ procedures could help improve the facility's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is March 12, 2007. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to March 27, 2007.

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations: Minneapolis Export Assistance Center, 100 North 6th Street, Suite 210-C, Minneapolis, MN 55403; and Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 2814B, 1401 Constitution Ave. NW., Washington, DC 20230.

### **International Trade Administration, North American Free Trade Agreement, Article 1904 NAFTA Panel Reviews; Notice of Panel Decision**

**AGENCY:** NAFTA Secretariat, United States Section, International Trade Administration, Department of Commerce.

**ACTION:** Notice of Panel Decision.

**SUMMARY:** On January 5, 2007, the binational panel issued its decision in the review of the final results of the affirmative antidumping duty determination made by the International Trade Administration (ITA) respecting Certain Softwood Lumber Products from Canada (Secretariat File No. USA-CDA-2002-1904-02). On October 12, 2006, ITA filed with the panel, a Motion to Dismiss this appeal on the ground that the revocation of the antidumping order had rendered this proceeding moot. On October 13, 2006, the Government of Canada filed a separate motion to dismiss on the same ground. Neither motion was filed with the consent of the other parties of this proceeding. On October 23, 2006, two Canadian trade associations opposed the motions to dismiss, asserting that the revocation of the antidumping order did not render this proceeding moot, and urged the Panel to decide pending motions before it, including motions seeking reconsideration of ITA's most recent remand determination. Because the Panel concluded that the October 12, 2006 revocation of the antidumping order rendered moot this proceeding and all motions pending at the time of revocation, the Panel grants the motion to dismiss. A copy of the complete panel decision is available from the NAFTA Secretariat.
