

**COURT SERVICES AND OFFENDER SUPERVISION AGENCY FOR THE DISTRICT OF COLUMBIA**

**Privacy Act of 1974; Notice of Amended Systems**

Pursuant to the provisions of the Privacy Act of 1974 (5 U.S.C. 552a), the Court Services and Offender Supervision Agency for the District of Columbia (CSOSA) gives notice of proposed amendments to previously published systems of records on the Budget System (CSOSA-5), the Supervision Offender Case File (CSOSA-9), the Supervision & Management Automated Record Tracking (CSOSA-11), and the Office of Professional Responsibility Record (CSOSA-17).

The systems of records are proposed to be amended to note access by an expert, consultant, or contractor of CSOSA in the performance of a Federal duty to which the information is relevant. Such access may include the use of off-site contract computer servers for maintaining certain treatment information under CSOSA-9.

Accordingly, a new routine use is proposed to be added to CSOSA-5, CSOSA-9, CSOSA-11, and CSOSA-17, and the Storage and Safeguards data elements of CSOSA-9 are proposed to be revised to reflect this access.

In accordance with Title 5 U.S.C. 552a(e)(4) and (11), the public is given a 30-day period in which to comment on this notice; and the Office of Management and Budget (OMB), which has oversight responsibilities under the Act, requires a 40-day period in which to conclude its review of the system. Therefore, please submit any comments to Renee Barley, FOIA Officer, Office of the General Counsel, Court Services and Offender Supervision Agency for the District of Columbia, 633 Indiana Avenue, NW., Washington, DC 20004 by February 12, 2007. The amended system of records will be effective, as proposed, on February 26, 2007 unless CSOSA determines, upon review of the comments received, that changes should be made. In that event, CSOSA will publish a revised notice in the **Federal Register**.

In accordance with Privacy Act requirements, CSOSA has provided a report on the amended systems to OMB and Congress.

The specific amendments are given below.

### Corps of Engineers, Department of the Army

#### Notice of Availability for the Final Environmental Impact Statement for the San Juan Creek Watershed/ Western San Mateo Creek Watershed Special Area Management Plan (SAMP), Orange County, CA

**AGENCY:** Department of Defense, Department of the Army, Corps of Engineers, Los Angeles District Regulatory Branch.

**ACTION:** Notice of Availability for a Final EIS.

**SUMMARY:** The U.S. Army Corps of Engineers, Regulatory Branch has completed a Final EIS for the San Juan Creek Watershed/Western San Mateo Creek Watershed Special Area Management Plan (SAMP). The San Juan Creek Watershed/Western San Mateo Creek Watershed SAMP establishes three alternative permitting procedures that balance aquatic resource protection and reasonable economic development for the San Juan Creek Watershed and western San Mateo Creek Watershed.

**DATES:** The Final EIS will be available to the public for 30 days from January 12, 2007 to February 12, 2007. After the 30 day availability period, a Record of Decision will be issued.

**FOR FURTHER INFORMATION CONTACT:** Mr. Jae Chung, Project Manager, Regulatory Branch, U.S. Army Corps of Engineers, P.O. Box 532711, Los Angeles, California, 90053-2325, (213) 452-3292, [yong.j.chung@usace.army.mil](mailto:yong.j.chung@usace.army.mil).

**SUPPLEMENTARY INFORMATION:** A previous Notice of Availability for this Final EIS was published on December 28, 2006. Because there were portions of the Final EIS not provided to other federal agencies in advance of the **Federal Register** notice, the Notice of Availability is re-issued with a new public review period that ends on February 12, 2007.

Under Section 404 of the Clean Water Act, the Corps is authorized to issue permits for activities that discharge dredged and/or fill materials into waters of the U.S., including wetlands, for roads, developments, utilities, and other activities. For the San Juan Creek and western San Mateo Creek Watersheds, the Corps is proposing a watershed-based SAMP to balance aquatic resource protection and reasonable economic development. The SAMP is an improvement over the current incremental case-by-case approach, which does a less effective job of taking a watershed perspective of aquatic resources and considering the needs of future permit applicants. The SAMP involves characterizing aquatic resource conditions and processes through the watershed, establishing alternative permitting procedures more appropriate for the given aquatic resources in the watershed, and developing a coordinated aquatic resources management framework.

The Draft EIS was made available to the public on November 21, 2005. The Corps accepted written comments until January 16, 2006, and accepted oral

comments in a public hearing dated December 6, 2006. The Corps received ten written comments throughout the comment period and two oral comments at the public hearing.

The Final EIS is available to the public at the reference desks at the following local libraries: Mission Viejo Library, 100 Civic Center, Mission Viejo, CA 92691; San Clemente Library, 242 Avenida Del Mar, San Clemente, CA 92672; Laguna Hills Library, 25555 Alicia Parkway, Laguna Hills, CA 92653; Laguna Niguel Library, 30341 Crown Valley Parkway, Laguna Niguel, CA 92656; San Juan Capistrano Library, 31495 El Camino Real, San Juan Capistrano, CA 92675; Rancho Santa Margarita Library, 30902 La Promesa, Rancho Santa Margarita, CA 92688; and Dana Point Library, 33841 Niguel Road, Laguna Niguel, CA 92656.
