#### IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.<sup>10</sup> In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,<sup>11</sup> which requires that an exchange have rules designed, among other things, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and in general to protect investors and the public interest. The Commission believes that this proposal should benefit investors by increasing competition among markets that trade the Shares.

In addition, the Commission finds that the proposal is consistent with Section 12(f) of the Act,<sup>12</sup> which permits an exchange to trade, pursuant to UTP, a security that is listed and registered on

another exchange.<sup>13</sup> The Commission notes that it previously approved the listing and trading of the Shares on Amex.<sup>14</sup> The Commission also finds that the proposal is consistent with Rule 12f-5 under the Act,<sup>15</sup> which provides that an exchange shall not extend UTP to a security unless the exchange has in effect a rule or rules providing for transactions in the class or type of security to which the exchange extends UTP. The Exchange has represented that it meets this requirement because it deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.

The Commission further believes that the proposal is consistent with Section 11A(a)(1)(C)(iii) of the Act,<sup>16</sup> which sets forth Congress' finding that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers, and investors of information with respect to quotations for and transactions in securities. Quotations for and last sale information regarding the Shares are disseminated through the Consolidated Quotation System. Furthermore, an IOPV calculator updates the applicable IOPV every 15 seconds to reflect price changes in the principal foreign markets and converts such prices into U.S. dollars based on the current currency exchange rate. When the foreign market or markets are closed but Amex is open for trading, the IOPV is updated every 15 seconds to reflect changes in currency exchange rates. NYSE Arca Equities Rule 7.34 describes the situations when the Exchange would halt trading when the IOPV or the value of the Index underlying one of the Funds is not calculated or widely available.

The Commission notes that, if the Shares should be delisted by Amex, the original listing exchange, the Exchange would no longer have authority to trade the Shares pursuant to this order.

In support of this proposal, the Exchange has made the following representations:

<sup>13</sup> Section 12(a) of the Act, 15 U.S.C. 78l(a), generally prohibits a broker-dealer from trading a security on a national securities exchange unless the security is registered on that exchange pursuant to Section 12 of the Act. Section 12(f) of the Act excludes from this restriction trading in any security to which an exchange "extends UTP." When an exchange extends UTP to a security, it allows its members to trade the security as if it were listed and registered on the exchange even though it is not so listed and registered.

<sup>14</sup> See *supra* note 3.

<sup>15</sup> 17 CFR 240.12f-5.

<sup>16</sup> 15 U.S.C. 78k-1(a)(1)(C)(iii).

1. The Exchange's surveillance procedures are adequate to monitor the trading of the Shares.

2. In connection with the trading of the Shares, the Exchange would inform ETP Holders in an Information Circular of the special characteristics and risks associated with trading the Shares.

3. The Information Circular would inform participants of the prospectus or product delivery requirements applicable to the Shares. This approval order is conditioned on the Exchange's adherence to these representations.

The Commission finds good cause for approving this proposal before the thirtieth day after the publication of notice thereof in the **Federal Register**. As noted previously, the Commission previously found that the listing and trading of the Shares on Amex is consistent with the Act. The Commission presently is not aware of any regulatory issue that should cause it to revisit that earlier finding or preclude the trading of the Shares on the Exchange pursuant to UTP. Therefore, accelerating approval of this proposal should benefit investors by creating, without undue delay, additional competition in the market for the Shares.

#### V. Conclusion

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act,<sup>17</sup> that the proposed rule change (SR-NYSEArca-2006-38) is approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>18</sup>

Nancy M. Morris,  
Secretary.

The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has substantially prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

NYSE Arca Rule 6.92(a)(4) defines a "Complex Trade" as it pertains to the Options Intermarket Linkage ("Linkage"). Under the Plan for the Purpose of Creating and Operating an Intermarket Option Linkage, the term "Complex Trade" may be defined, and periodically redefined, by the Options Linkage Authority Operating Committee (the "Committee").

On September 15, 2006, the Committee voted to update the definition of "Complex Trade" in order to include transactions in more than one options series in any ratio from one-to-three (.333) to three-to-one (3.00). Accordingly, the participant exchanges agreed to adopt and file uniform rules defining "Complex Trade" in furtherance of the Linkage. NYSE Arca believes that a uniform definition of Complex Trade will facilitate the best execution of complex orders and resolve potential trade-through liability issues by eliminating conflicting definitions among the participant exchanges.

##### 2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act,<sup>3</sup> in general, and furthers the objectives of Section 6(b)(5),<sup>4</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system.

#### B. Self-Regulatory Organization's Statement on Burden on Competition

NYSE Arca does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

#### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

NYSE Arca neither solicited nor received written comments with respect to the proposed rule change.

<sup>3</sup> 15 U.S.C. 78f(b).

<sup>4</sup> 15 U.S.C. 78f(b)(5).

### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

A. By order approve such proposed rule change; or

B. Institute proceedings to determine whether the proposed rule change should be disapproved.

### IV. Solicitation of Comments
