

Based on the information submitted by Tradewinds Furniture and Tradewinds International regarding the change in name and status of Nanhai Jiantai and Fortune Glory, the Department determines that sufficient good cause exists to conduct a changed circumstances review.

In a changed circumstances review involving a successor-in-interest determination, the Department typically examines several factors including, but not limited to, changes in: (1) Management; (2) production facilities; (3) supplier relationships; and (4) customer base. See *Certain Cut-to-Length Carbon Steel Plate from Romania: Initiation and Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review*, 70 FR 22847 (May 3, 2005). While no single factor or combination of factors will necessarily be dispositive, the Department generally will consider the new company to be the successor to the predecessor if the resulting operations are essentially the same as those of the predecessor company. See, e.g., *Notice of Initiation of Antidumping Duty Changed Circumstances Review: Certain Forged Stainless Steel Flanges from India*, 71 FR 327 (January 4, 2006). Thus, if the record demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the predecessor company, the Department may assign the new company the cash deposit rate of its predecessor. See, e.g., *Fresh and Chilled Atlantic Salmon from Norway: Final Results of Changed Circumstances Antidumping Duty Administrative Review*, 64 FR 9979, 9980 (March 1, 1999).

Based on the information provided in their submissions, Tradewinds Furniture and Tradewinds International have provided sufficient evidence to warrant a review to determine if they are the successors-in-interest to Nanhai Jiantai and Fortune Glory. Therefore, pursuant to section 751(b)(1) of the Act and 19 C.F.R. 351.216(b), we are initiating a changed circumstances review. However, although Tradewinds Furniture and Tradewinds International submitted documentation relating to their name and status change from Nanhai Jiantai and Fortune Glory, they did not provide certain supporting documentation for the elements listed above. Accordingly, the Department does not consider the information sufficient to make a preliminary finding and has determined that it would be inappropriate to expedite this action by combining the preliminary results of review with this notice of initiation, as

permitted under 19 C.F.R. 351.221(c)(3)(ii). As a result, the Department is not issuing preliminary results for this changed circumstances review at this time.

Public Comment

Interested parties may submit comments that the Department will take into account in the preliminary results of this changed circumstances review. The due date for filing any such comments is no later than 15 days from publication of this notice. Responses to those comments may be submitted no later than seven days from submission of the comments. All written comments must be submitted in accordance with 19 C.F.R. 351.303. The Department will issue questionnaires requesting factual information for this changed circumstances review, and will publish in the **Federal Register** a notice of preliminary results of the changed circumstances review, in accordance with 19 C.F.R. 351.221(b)(4) and 351.221(c)(3)(i). This notice will set forth the factual and legal conclusions upon which our preliminary results are based and a description of any action proposed based on those results.

Pursuant to 19 C.F.R. 351.221(b)(4)(ii), interested parties will have an opportunity to comment on the preliminary results. The Department will issue its final results of this changed circumstances review in accordance with the time limits set forth in 19 C.F.R. 351.216(e). This notice is published in accordance with section 751(b)(1) of the Act and 19 C.F.R. 351.221(b).

Dated: January 10, 2007.

David M. Spooner,

Assistant Secretary for Import Administration.

Chapter 35), the Consumer Product Safety Commission (CPSC or Commission) requests comments on a proposed collection of information from persons who may participate in Consumer Focus Groups. before requesting approval of this collection of information from the Office of Management and Budget.

DATES: Written comments must be received by the Office of the Secretary not later than March 19, 2007.

ADDRESSES: Written comments should be captioned “Consumer Focus Groups” and e-mailed to *cpsc-os@cpsc.gov*. Comments may also be sent by facsimile to (301) 504-0127, or by mail to the Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814.

FOR FURTHER INFORMATION CONTACT: For information about the proposed collection of information call or write Linda L. Glatz, Division of Policy and Planning, Office of Information Technology and Technology Services, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814; (301) 504-7671.

SUPPLEMENTARY INFORMATION:

A. Background

The Commission is authorized under section 5(a) of the Consumer Product Safety Act (CPSA), 15 U.S.C. 2054(a), to collect information, conduct research, and perform studies and investigations relating to the causes and prevention of deaths, accidents, injuries, illnesses, other health impairments, and economic losses associated with consumer products. Section 5(b) of the CPSA, 15 U.S.C. 2054(b), further provides that the Commission may conduct research, studies and investigations on the safety of consumer products or test consumer products and develop product safety test methods and testing devices.

In order to better identify and evaluate the risks of product-related incidents, the Commission staff seeks to solicit and obtain direct feedback from consumers on issues related to product safety such as recall effectiveness, product use, and perceptions regarding safety issues. Through participation in certain focus groups, consumers will be able to answer questions and provide information regarding their actual experiences, opinions and/or perceptions on the use or pattern of use of a specific product or type of product, including recalled products.

The information collected from the Consumer Focus Groups will help inform the Commission’s evaluation of consumer products and product use by providing insight and information into consumer perceptions and usage patterns. Such information may also assist the Commission in its efforts to support voluntary standards activities, and help the staff identify areas

regarding consumer safety issues that need additional research. In addition, based on the information obtained, the staff may be able to provide safety information to the public that is easier to read and is more easily understood by a wider range of consumers. The Consumer Focus Groups also may be used to solicit consumer opinions and feedback regarding the effectiveness of product recall communications and in determining what action is being taken by consumers in response to such communications and why. This may aid in tailoring future recall activities to increase the success of those activities. If this information is not collected, the Commission may not have available certain useful information regarding consumer experiences, opinions, and perceptions related to specific product use, on which the Commission uses, in part, in its ongoing efforts to improve the safety of consumer products on behalf of consumers.

B. Estimated Burden

The Commission staff currently estimates that there may be up to 48 participants annually in the Consumer Focus Groups. The Commission staff estimates that the burden hours for each participant will not exceed 4 hours total. Thus, the Commission staff estimates that the annual burden could total approximately 192 hours per year.

The Commission staff estimates the value of the time of respondents to this collection of information at \$26.86 an hour. This is based on the 2006 U.S. Department of Labor Employer Costs for Employee Compensation. At this valuation, the estimated annual cost to the public of this information collection will be about \$5,517 per year.

C. Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated,

electronic or other technological collection techniques, or other forms of information technology.

Dated: January 10, 2007.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.
