EFFECTIVE DATE: January 18, 2007.

FOR FURTHER INFORMATION CONTACT:

Yang Jin Chun or Richard Rimlinger, AD/CVD Operations Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-5760 and (202) 482-4477, respectively.

SUPPLEMENTARY INFORMATION:

Background

At the request of interested parties, the Department of Commerce (the Department) initiated administrative reviews of the antidumping duty orders on ball bearings and parts thereof from France, Germany, Italy, Japan, Singapore, and the United Kingdom for the period May 1, 2005, through April 30, 2006. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 71 FR 37892 (July 3, 2006). On October 16, 2006, we rescinded in part the administrative reviews of the antidumping duty orders on ball bearings and parts thereof from France, Germany, Japan, and the United Kingdom. See *Ball Bearings and Parts Thereof from France, et al.: Notice of Partial Rescission of Antidumping Duty Administrative Reviews*, 71 FR 60688 (October 16, 2006). The preliminary results of the reviews still underway are

currently due no later than January 31, 2007.

Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Reviews

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days after the last day of the anniversary month.

We determine that it is not practicable to complete the preliminary results of these reviews within the original time limit because of the number of respondents in these reviews, plans to verify certain respondents' information, and the complexity of the issues under analysis, such as further-manufacturing operations in the United States and the "collapsing" of companies. Therefore, we are extending the time period for issuing the preliminary results of these reviews by 45 days until March 19, 2007.

This notice is published in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: January 11, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Notice of Extension of Time Limit for Final Results of Antidumping Duty Administrative Review: Stainless Steel Wire Rod from Sweden

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

EFFECTIVE DATE: January 18, 2007.

FOR FURTHER INFORMATION CONTACT:

Brian Smith, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW,

Washington, D.C., 20230; telephone: (202) 482-1766.

SUPPLEMENTARY INFORMATION:

Background

On October 6, 2006, the Department of Commerce ("the Department") published in the **Federal Register** the preliminary results of the administrative review of the antidumping duty order on stainless steel wire rod from Sweden, covering the period September 1, 2004, through August 31, 2005. See *Stainless Steel Wire Rod from Sweden: Preliminary Results of Antidumping Duty Administrative Review*, 71 FR 59082 (October 6, 2006). The current deadline for the final results in this review is February 3, 2007.¹

Extension of Time Limits for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the final results of the review of an antidumping duty order within 120 days after the date on which the preliminary results is published in the **Federal Register**. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to 180 days from the date of publication of the preliminary results.

The Department finds that it is not practicable to complete the final results of the administrative review of stainless steel wire rod from the Sweden within the current time frame due to the fact that the Department requires more time to fully analyze the arguments and comments received from the parties participating in this review with respect to the model matching criteria currently being used in this case.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time for completion of the final results of this review until April 4, 2007, which is 180 days after the date on which notice of the preliminary results was published in the **Federal Register**.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777 (i)(1) of the Act.

Dated: January 11, 2006.

Deputy Assistant Secretary for Import Administration.
