Safety Zones; M/V ROY A. JODREY, St. Lawrence River, Wellesley Island, NY

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is removing the established safety zone around the wreck of the M/V ROY A. JODREY, St. Lawrence River, Wellesley Island, NY. The safety zone was necessary for restricting recreational diving while conducting oil removal operations aboard the sunken vessel. The safety zone is no longer needed and the Coast Guard is removing the regulation.

DATES: This section becomes effective on February 23, 2007.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket CGD9-06-174 and are available for inspection or copying at U.S. Coast Guard Sector Buffalo, 1 Fuhrmann Blvd., Buffalo, NY 14203 between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: LT Tracy Wirth, U.S. Coast Guard Sector Buffalo, (716) 843-9573.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that publishing an

NPRM is unnecessary because this rule removes a safety zone that is no longer needed.

Background and Purpose

The rule established a safety zone around the sunken M/V ROY A. JODREY, St. Lawrence River, Wellesley Island, NY (67 FR 65042 (October 23, 2002)). The safety zone was necessary for restricting recreational diving while conducting oil removal operations aboard the sunken vessel. The zone covered all waters and adjacent shoreline encompassed by the arc of a circle with a 150-yard radius of the wreck M/V ROY A JODREY, with its center in 44°19.55 N, 075°56.00 W (NAD83). The safety zone is no longer needed and the Coast Guard is removing the regulation.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. The Office of Management and Budget has not reviewed this rule under that order. It is not significant under the regulatory policies and procedures of the Department of Homeland Security (DHS), because we are disestablishing the safety zone around wreck M/V ROY A JODREY.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not have a significant economic impact on a substantial number of small entities because this rule removes an obsolete safety zone.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this rule so that they can better evaluate its effects and participate in the rulemaking process. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for
