Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA)

publishes abstracts of information collection requests under review by the Office of Management and Budget (OMB), in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301)-443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Application for the National Health Service Corps (NHSC) Scholarship Program (OMB No. 0915-0146): Extension

The National Health Service Corps (NHSC) Scholarship Program's mission is to ensure the geographic representation of physicians and other health practitioners in the United States. Under this program, health professions

students are offered scholarships in return for service in a federally designated Health Professional Shortage Area (HPSA). The Scholarship Program provides the NHSC with the health professionals it requires to carry out its mission of providing primary health care to HPSA populations in areas of greatest need. Students are supported who are well qualified to participate in the NHSC Scholarship Program and who want to assist the NHSC in its mission, both during and after their period of obligated service. Scholars are selected for these competitive awards based on the information provided in the application. Awards are made to applicants who demonstrate a high potential for providing quality primary health care services.

The estimated response burden is as follows:

Form	Number of respondents	Responses per respondent	Total responses	Hours per response	Total burden hours
Application	1800	1	1800	1	1800
Interview	600	1	600	.25	150
Total	1800	2400	1950

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Karen Matsuoka, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: January 19, 2007.

Caroline Lewis,

Acting Associate Administrator for Administration and Financial Management.

Agency Information Collection Activities: Proposed Collection: Comment Request

In compliance with the requirement for opportunity for public comment on proposed data collection projects (section 3506 (c)(2)(A) of Title 44, United States Code, as amended by the Paperwork Reduction Act of 1995, Public Law 104-13), the Health Resources and Services Administration (HRSA) publishes periodic summaries

of proposed projects being developed for submission to the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995. To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, call the HRSA Reports Clearance Officer on (301) 443-1129.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency; including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: National Bioterrorism Hospital Preparedness Program (NBHPR) Data Collection Instrument (DCI)—NEW

The Healthcare Systems Bureau (HSB), Division of Healthcare Preparedness (DHP), is proposing a Data Collection Instrument (DCI) to gather critical information from the 62

Awardees participating in the National Bioterrorism Hospital Preparedness Program (NBHPR).

The DCI will capture information related to: Performance measures, critical benchmarks, minimal levels of readiness, program statistics, policies and procedures, surge capacity elements, surge capacity as measured by exercises, and other pertinent information for programmatic improvement and tracking performance. The data will be gathered from mid-year progress reports on annual activities, final reports on annual activities, and progress indicator reports submitted to HRSA's HSB, DHP.

Awardees will indicate the progress made toward each of the financial and programmatic objectives noted on their cooperative agreement application (CAA) on the mid-year progress report. The final report on annual activities will require Awardees to provide additional details on how objectives were achieved and how the program funds were spent. The progress indicator report will require Awardees to outline improvements made to date toward achieving the program's critical benchmarks.

Currently, there is no uniform reporting system in place to capture mid-year, final, and indicator reporting data. A uniform system for data
