

liability it would have had with respect to the sold operations (if not for section 4204) should the Buyer withdraw from the Plan and fail to pay its withdrawal liability.

4. The estimated amount of the withdrawal liability of the Seller with respect to the operations subject to the sale is \$14,454,124.

5. The amount of the bond/escrow established under section 4204(a)(1)(B) is \$2,803,040.

6. The Major League Baseball Clubs (the "Clubs") have established the Major League Central Fund (the "Central Fund") pursuant to the Major League Baseball Constitution. Under this agreement, contributions to the Plan for all participating employers are paid by the Office of the Commissioner of Baseball from the Central Fund on behalf of each participating employer in satisfaction of the employer's pension liability under the Plan's funding agreement. The monies in the Central Fund are derived directly from (i) gate receipts from All-Star games; (ii) radio and television revenue from World Series, League Championship Series, Division Series, All-Star Games, and (iii) certain other radio and television revenue, including revenues from foreign broadcasts, regular, spring training and exhibition games ("Revenues").

7. In support of the exemption request, the requester asserts that: "The Plan is funded directly from Revenues which are paid from the Central Fund directly to the Plan without passing through the hands of any of the Clubs. Therefore the Plan enjoys a substantial degree of security with respect to contributions on behalf of the Clubs. A change in ownership of a Club does not affect the obligation of the Central Fund to fund the Plan out of the Revenues. As such, approval of this exemption request would not increase the risk of financial loss to the Plan."

8. A complete copy of the request was sent to the Plan and to the Major League Baseball Players Association by certified mail, return receipt requested.
