

14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentators will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentators will not be required to serve copies of filed documents on all other parties. However, the non-party commentators will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

[Docket No. RP07-143-000]

Wasatch Energy, LLC and Northwest Pipeline Corporation; Notice of Joint Petition of Wasatch Energy, LLC, and Northwest Pipeline Corporation for Expedited Grant of Limited Waivers

January 26, 2007.

Take notice that on January 23, 2007, pursuant to Rule 207 of the Commission's Rules of Practice and Procedure, Wasatch Energy, LLC (Wasatch) and Northwest Pipeline Corporation (Northwest) tendered for filing a Joint Petition for Expedited Grant of Limited Waivers.

Wasatch and Northwest petition the Commission for an expedited grant of a limited waiver, to the extent required, of: (i) The Commission's Order No. 636-A policy regarding the "tying" of gas delivery contracts to any extraneous conditions; (ii) the Commission's maximum rate cap on released capacity; (iii) applicable capacity-release tariff provisions of Northwest and other interstate natural gas pipelines identified; and (iv) any further natural gas pipeline tariff provision or Commission policy as may be necessary. Wasatch and Northwest state that the requested waivers will enable them to permanently transfer Wasatch's portfolio of its natural gas marketing operations, including transportation capacity on Northwest and other interstate natural gas pipelines, to Wasatch's Prearranged Replacement Shipper or some other third-party replacement shipper who may prevail in a consolidated auction process supervised by Northwest. Wasatch and Northwest further request expedited action on the requested waivers, so that the transportation releases may be made effective no later than March 30, 2007.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the date as indicated below. Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest

on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC.
