

U.S.C. 9101, *et seq.* Section 210 of the Act supports IMLS' data collection and analysis role. The IMLS provides a variety of grant programs to assist the nation's museums and libraries in improving their operations and enhancing their services to the public. Museums and libraries of all sizes and types may receive support from IMLS programs.

The State Library Agencies Survey, conducted by the U.S. Department of Education, has OMB clearance number 1850-0705; it expires 7/31/2008.

Plans are underway for the transfer of the State Library Agencies Survey from the Dept. of Education to the Institute of Museum and Library Services beginning with Fiscal Year 2008. The responsibility for this data collection, and for the clearance process, will be transferred entirely to IMLS.

Abstract: State Library Agencies are the official agencies of each state charged by state law with the extension and development of public library services throughout each state. The purpose of the State Library Agencies Survey is to provide state and federal policymakers with information about State Library Agencies, including their governance, allied operations, developmental services to libraries and library systems, support of electronic information networks and resources, number and types of outlets, and direct services to the public.

OMB Number: n/a.

Agency Number: 3137.

Affected Public: federal, state and local governments, state library agencies, libraries, general public.

Number of Respondents: 51.

Frequency: Annually.

Burden hours per respondent: 21.

Total burden hours: 1071.

Contact: Barbara G. Smith, E-Projects Officer, Office of Information Resources Management, Institute of Museum and Library Services, 1800 M Street NW., 9th Floor, Washington DC 20036. Ms. Smith can be reached by *Telephone:* 202-653-4688, *Fax:* 202-653-4625, or by e-mail at *bsmith@imls.gov*.

Barbara G. Smith,

E-Projects Officer.

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

National Endowment for the Arts; Arts Advisory Panel

Pursuant to Section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), as amended, notice is hereby

given that a meeting of the Arts Advisory Panel to the National Council on the Arts will be held by teleconference from the Nancy Hanks Center, 1100 Pennsylvania Avenue, NW., Washington, DC, 20506 as follows (ending time is approximate):

Arts Education (Education Leaders Institute application review): February 13, 2007. This meeting, from 3 p.m. to 4:30 p.m. eastern standard time, will be closed.

The closed portions of meetings are for the purpose of Panel review, discussion, evaluation, and recommendations on financial assistance under the National Foundation on the Arts and the Humanities Act of 1965, as amended, including information given in confidence to the agency. In accordance with the determination of the Chairman of April 8, 2005, these sessions will be closed to the public pursuant to subsection (c)(6) of section 552b of Title 5, United States Code.

Any person may observe meetings, or portions thereof, of advisory panels that are open to the public, and if time allows, may be permitted to participate in the panel's discussions at the discretion of the panel chairman. If you need special accommodations due to a disability, please contact the Office of AccessAbility, National Endowment for the Arts, 1100 Pennsylvania Avenue, NW., Washington, DC 20506, 202/682-5532, TDY-TDD 202/682-5496, at least seven (7) days prior to the meeting.

Further information with reference to these meetings can be obtained from Ms. Kathy Plowitz-Worden, Office of Guidelines & Panel Operations, National Endowment for the Arts, Washington, DC 20506, or call 202/682-5691.

Dated: January 31, 2007.

Kathy Plowitz-Worden,

Panel Coordinator, Panel Operations,
National Endowment for the Arts.

BILLING CODE 7537-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-305]

Dominion Energy Kewaunee, Inc.; Notice of Consideration of Issuance of Amendment to Facility Operating License, Proposed No Significant Hazards Consideration Determination, and Opportunity for a Hearing

The U.S. Nuclear Regulatory Commission (the Commission) is considering issuance of an amendment to Facility Operating License No. DPR-

43 issued to Dominion Energy Kewaunee, Inc. (the licensee) for operation of the Kewaunee Power Station (KPS) located in Kewaunee County, Wisconsin.

The proposed amendment would modify KPS Technical Specification (TS) 4.6.a.5 to permit performance of the emergency diesel generator rated load test at a reduced load consistent with the short-time rating for the emergency diesel generators.

Before issuance of the proposed license amendment, the Commission will have made findings required by the Atomic Energy Act of 1954, as amended (the Act), and the Commission's regulations.

The Commission has made a proposed determination that the amendment request involves no significant hazards consideration. Under the Commission's regulations in Title 10 of the Code of Federal Regulations (10 CFR), Section 50.92, this means that operation of the facility in accordance with the proposed amendment would not (1) involve a significant increase in the probability or consequences of an accident previously evaluated; or (2) create the possibility of a new or different kind of accident from any accident previously evaluated; or (3) involve a significant reduction in a margin of safety. As required by 10 CFR 50.91(a), the licensee has provided its analysis of the issue of no significant hazards consideration, which is presented below:

1. Does the proposed amendment involve a significant increase in the probability or consequences of an accident previously evaluated?

No.

The proposed changes do not affect any of the previously evaluated accidents in the Updated Safety Analysis Report (USAR). The proposed change is to make the EDG test specified by TS 4.6.a.5 (referred to as the short-time or short-term test) consistent with IEEE 387-1977, Regulatory Guide 1.9-1993, and NUREG 1431, Revision 3.1. The proposed amendment increases the total EDG test run time from 2 hours to 24 hours and decreases the maximum load value for the 2-hour portion of the test from 113.7% of continuous duty (2950 kW) to 110% of continuous duty (2860 kW). The proposed amendment also adds a specification to run the EDG loaded to a maximum of its continuous duty load (2600 kW) for the remainder of the 24 hours.

The KPS (EDGs) are designed to supply electrical power to engineered safety features (ESF) electrical busses in the event of a loss of normal power sources to these busses. The ESFs are designed to mitigate the consequences of an accident. The EDGs are not an accident initiator, and thus the proposed changes do not affect the probability of an accident previously
