

Appendix C—Tables C-6, C-7, C-8, and C-9; flight patterns in Appendix C—Exhibits C-5, C-6, C-7, C-8, and C-9, and land use in Exhibit 2-3. The FAA has determined that these maps for Rickenbacker International Airport are in compliance with applicable requirements. This determination is effective on January 25, 2007. FAA's determination on an airport operator's noise exposure maps is limited to a finding that the maps were developed in accordance with the procedures contained in appendix A of FAR Part 150. Such determination does not constitute approval of the applicant's data, information or plans, or constitute a commitment to approve a noise compatibility program or to fund the implementation of that program.

If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a noise exposure map submitted under section 47503 of the Act, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise contours, or in interpreting the noise exposure maps to resolve questions concerning, for example, which properties should be covered by the provisions of section 47506 of the Act. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under Part 150 or through FAA's review of noise exposure maps. Therefore, the responsibility for the detailed overlying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the airport operator that submitted those maps, or with those public agencies and planning agencies with which consultation is required under section 47503 of the Act. The FAA has relied on the certification by the airport operator, under section 150.21 of FAR Part 150, that the statutorily required consultation has been accomplished.

The FAA has formally received the noise compatibility program for Rickenbacker International Airport, also effective on January 25, 2007. Preliminary review of the submitted material indicates that it conforms to the requirements for the submittal of noise compatibility programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before July 23, 2007.

The FAA's detailed evaluation will be conducted under the provisions of 14

CFR Part 150, section 150.33. The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety, create an undue burden on interstate or foreign commerce, or be reasonably consistent with obtaining the goal of reducing existing non-compatible land uses and preventing the introduction of additional non-compatible land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise exposure maps, the FAA's evaluation of the maps, and the proposed noise compatibility program are available for examination at the following locations:

Notice of Intent To Rule on Request To Release Airport Property at the Pueblo Memorial Airport, Pueblo, CO

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of Request to Release Airport Property.

SUMMARY: The FAA proposes to rule and invite public comment on the release of land at the Pueblo Memorial Airport under the provisions of Section 125 of the Wendell H. Ford Aviation Investment Reform Act for the 21st Century (AIR 21).

DATES: Comments must be received on or before March 8, 2007.

ADDRESSES: Comments on this application may be mailed or delivered

to the FAA at the following address: Mr. Craig A. Sparks, Manager, Federal Aviation Administration, Northwest Mountain Region, Airports Division, Denver Airports District Office, 26805 E. 68th Ave., Suite 224, Denver, Colorado 80249.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Jerry Brienza, Airport Manager of Operations and Maintenance, Pueblo Memorial Airport, 31201 Bryan Circle, Pueblo, Colorado 81001.

FOR FURTHER INFORMATION CONTACT: Mr. Chris Schaffer, Project Manager, Federal Aviation Administration, Northwest Mountain Region, Airports Division, Denver Airports District Office, 26805 E. 68th Ave., Suite 224, Denver, Colorado 80249.

The request to release property may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release property at the Pueblo Memorial Airport under the provisions of the AIR 21.

On December 8, 2006, the FAA determined that the request to release property at the Pueblo Memorial Airport submitted by the City of Pueblo, Colorado met the procedural requirements of the Federal Aviation Regulations, Part 155. The FAA may approve the request, in whole or in part, no later than February 28, 2007.

The following is a brief overview of the request:

The Pueblo Memorial Airport requests the release of 0.68 acres of non-aeronautical airport property to the City of Pueblo, Colorado. The purpose of this release is to allow the City to sell the subject land that no longer serves any aeronautical purpose at the airport. The sale of this parcel will provide funds for airport improvements.

Any person may inspect the request by appointment at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**.

In addition, any person may inspect the application, notice and other documents germane to the application in person at the Pueblo Memorial Airport, 31201 Bryan Circle, Pueblo, Colorado 81001.

Issued in Denver, Colorado on January 31, 2007.
